**SANTOSH MEDICAL COLLEGE, GHAZIABAD, UP, INDIA**

**AND**

**MARI STATE UNIVERSITY, YOSHKAR-OLA, RESPUBLIKA MARIY EL, RUSSIA, 424000**

This Memorandum of Understanding (hereinafter referred to as the "MOU") is made and executed on this 14<sup>th</sup> day of September 2022 between,

The Santosh Deemed to be University, Ghaziabad, Delhi NCR, is providing medical and related education to aspirants by providing affordable medical education to all including Research and Innovation. The University, at its various Medical and Dental Departments are charged with the responsibility of training individuals on various scientific skills in various front-line areas of importance for the Nation. The University is also contributing to the rapidly growing knowledge and professional excellence in the field of Medicine and Dentistry. The Santosh Deemed to be University, herein under called as the first party.

**And**

Mari State University, a Government University established in 1972 at Yoshkar - Ola, Republic of Mari, Russia, hereinafter referred to as **Party B** for the purpose of this MoU). Mari State University deals with MD Physician (equivalent to MBBS course in India), various Post graduate courses in Medicine along with engineering, commerce, accounts and management programmes.

Both the parties initiate collaboration for mutual growth and expansion through this MoU.

This MoU also serves as a confidentiality agreement between the signing and executive authorities of both parties to safeguard confidential information shared during the course of administration of this MoU.

## **2. Scope**

The Scope of collaboration on academic and research activities in this Memorandum of Understanding includes the following categories:

- Academic and Research collaboration in the areas of mutual interest.
- Exchange of academic information, scholarly information, materials and publications.
- Exchange of students and faculty.
- Sponsorship of cooperative seminars, workshops and other academic meetings.

### **2.1 Academic Research Collaboration in areas of mutual interest**

Both institutions seek to facilitate research collaboration between their faculty through sharing of research ideas, data, and academic resources that could lead to joint publications. Such opportunities may include joint research conferences, visitations and sabbaticals at each other's institution.

*Ush* *Singh*

Faculty from both Institutions will collaborate in the supervision of exchange students and in joint research in disciplines of mutual interest. All such joint research activities will be governed by the terms laid out in **Annexure 1**.

## **2.2 Exchange of academic information, scholarly information, materials and publications**

Faculty from both institutions may exchange academic information (scholarly information, materials, publications, etc.) for academic enhancement in either institute's ecosystem.

## **2.3 Exchange of students and faculty**

### **2.3.1 Student Exchange Programs**

Both parties will seek to develop programs whereby their students have the opportunity to study at the other party's university/institute with mutual recognition of the credit hours arising therefrom. Pursuant to the agreement for academic exchange between **Party A and Party B** will exchange students according to the terms laid out in **Annexure 2**. It is desired by both parties that there will be a significant flow of students in both directions. Both Institutions may facilitate internship facilities for exchange students provided there are no legal and/or regulatory restrictions.

It is distinctively understood between the parties that this arrangement between the two parties is restricted to academic and cultural exchanges between students, faculty, and staff (offline and online) and is not to be construed or read to be intended for offering any academic awards including a Degree/Diploma.

**2.3.2 Short Courses/ Summer School** – These courses, usually two to four weeks in duration, will normally be held in spring or summer. The programs will facilitate visits by students and faculty to learn about the patient care ecosystem/ academic environment and pedagogy of education/Technological Development and research/ Cultural milieu and nursing care impacting patient care in the host country. In addition to various topics on hospital and healthcare services operations, the course would include meetings with medical directors, Superintendents, professors, research scholars, and visits to related hospitals and academic institutions to observe their working and practices.

The cost of such programs can be worked out separately each year, since they would be held in addition to the regular semester teaching.

### **2.3.3 Exchange of Faculty**

#### **Faculty Teaching**

Both parties agree to develop opportunities for faculty to teach courses or conduct seminars at each other's location. Visiting faculty will be provided with opportunities to observe, develop, and share teaching methods and curricula.

Faculty members shall remain on the payroll of their home universities while teaching or researching at the host institutions. Both institutions shall assist each other in the necessary formalities for obtaining access to national or international scholarship funds.

*Handwritten signatures*

3. Commencement, renewal, termination and amendment

This MOU will come into force upon affixing of the signatures of the representative of the partner institution and will remain in effect for five years. This MOU may be renewed upon its expiry, with the agreement of both partner Institutions. However, each of the party of the Agreement will have the option to terminate this Agreement by giving Six Months prior notice without any Liabilities in any form to each other.

If either partner institution does not wish to continue the MOU at the end of the five years period it must notify the other institution not less than six months prior to the expiry of the MOU.

This agreement or its renewal and the actions taken under it may be reviewed at any time. Modifications may be made by mutual agreement and any amendment or extension to the agreement may be formalized by the agreement and exchange of letters between the two parties.

All the liaising for educational programs between the institutions will be managed under this MOU by SahaManthran Pvt Ltd, India and Party A. ## Annexure 2

### General Guidelines

1. Exchange students from each University will be permitted to take courses on credit / audit, as well as participate in research activities / project work at the other University.

In any case, the consent of the Head of the Institution / project supervisors / research supervisors is required. Such consent will take into account among other things whether the student has pre-requisites for the course / project.

2. Neither institution will require admission or tuition fees to be paid by exchange students under this MOU. Exchange students will however pay for all other expenses, like Travel / Lodging, Local Hospitality and related Expenses as detailed in 11.
3. Course credits and grades earned will be determined by the sending institution based on the grade report from the host institution.
4. Each Institution will accept a predefined number of students established at the beginning of each academic year based upon administrative and technical feasibility
5. Participants may not spend more than one year, normally, in the exchange programme.
6. Participants will be subjected to the rules and regulations of the host institution and statutory bodies in addition to specific rules and regulations, if any, of the host country regarding foreign students studying in the host country.

Participants will normally join at the commencement of the semester if they plan to take course.

Where the exchange student is pursuing a research or implementation project as part of the postgraduate degree program, the host institution will provide a suitable faculty member to jointly assist (along with the supervisor in the parent institution) the exchange student in formulating research project or jointly supervising the exchange student in the event that a research project has already been identified.

9. The host institution will inform the home institution of any academic or other problems that may arise during the period of student's residence in the host institution. The host institution will take appropriate action under its established policy and procedures, in consultation with the home institution to deal with such problems.
10. The application can be done at any time during the year, but if there are specific time limits the International Office will inform accordingly.
11. The students will have to pay administrative charges for transcripts, medical checkup, airport pickup, welcome kit, Insurance Charges which are compulsory.

*S.P. Singh*

*[Signature]*

## Selection Process

1. Students interested in applying for the exchange program are required to apply to the International Students Office at the home institution with requisite documents.
2. The sending institution will forward the nominations, if it considers the student suitable for the proposed program. When nominations are forwarded, it is presumed that the sending institution consents to send the student if selected by the host institution.
3. The host institution will evaluate the nominations and determine their suitability for selection under the student exchange program.

Ghaziabad Blood Bank is located 321/2 1<sup>st</sup> Floor Kalpana Building Kallapura, Ghaziabad. Both the blood bank operates in compliance with the Blood Safety and Quality Regulations.

## 4 **Quality Management Specification**

The originating Blood Bank undertakes to ensure that all blood and blood components will be accompanied by appropriate documentation and will be transported in a validated manner which ensures that the blood remain within specification throughout the transport period and until they are transferred to controlled temperature storage.

The supplying and receiving Blood Banks will adhere to the quality system for blood banks as required by the Drug and Cosmetic act. Where relevant, the following particulars will apply:

- There are standard operating procedures for the storage, and transport of blood and blood components within both the Blood Banks.
- Blood components will be transported in accordance with the Regional/National Transfer Policy
- "Cold chain" procedures, supported by documentary evidence, ensure specified temperatures and storage conditions are satisfactorily maintained at all times.
- Staff receive appropriate and regularly updated training in all of the above activities and appropriate records of this training are kept.

5 **Traceability**

It is essential that there is complete traceability for all units transferred.

Full records will be maintained of the transfer and return of all components and there will be a documented process in place to confirm the member of staff who transported and received the components.

The originating Blood bank will be responsible for full final traceability of units transferred to the other Blood Bank. At the time of transfer the originating Blood Bank will record that the units have been transferred. One trained technician will accompany. Technician accompanying the blood will be responsible for appropriate use of equipment and processing of components/testing, with permission and in presence of the staff of other Blood Bank where the facilities are being used.

6 **Transport**

Originating Blood Bank will be responsible for providing transport required for all products and will be responsible for all units in transit until their arrival at the receiving hospital has been documented.

7 **Charging**

THAT there shall be "No" financial commitments / obligations by both the parties for extending their mutual support and consent

9 **Compliance**

The originating blood bank will wish to assure themselves that the procedures and practices within the receiving blood bank satisfy the requirements of this Agreement.

10 **Remedies for Non-Performance**

In the event of either party not performing according to the agreed terms of this Technical Agreement, the following procedures will apply: -

- Where one party considers that the other party has failed to meet its obligations, that party will initiate a meeting with the other within four weeks.
- Following the meeting, the party which has not performed adequately will be given four weeks to resolve the issue, to the satisfaction of the other party. There will be joint discussion between both parties to reach a mutually acceptable outcome.
- Where non-performance has not been rectified within the agreed timescale, the non-performance can be taken through identified performance management arrangements. The local Hospital Transfusion Committee will be informed and the Chair of that committee will ensure the issue is resolved in an acceptable timescale. Where this is not achieved the HTC Chair will escalate the matter as appropriate.
