Theme	: Blood Donation Camp
In collaboration with	: IMA Ghaziabad
No. of students participated	: 27
No. of Teachers participated	: 05
Organized By	: Department of Transfusion Medicine and Pathology
Venue	: Blood Centre Santosh Hospital
Date/Month/Year	: 1 October 2022 at 9 AM to 1 PM

Program Details:

Preface: In India, every two seconds, a person requires blood. India needs four crore units of blood every year, but only mere 40 lakh units are available.

Collaboration: Blood Centre, Santosh Medical and Dental College Hospitals in association with Indian Medical Association, Ghaziabad on the occasion of National Voluntary Blood Donation day organized a voluntary blood donation camp at Blood Centre Santosh Hospital.

Execution: The programme was opened by welcoming the IMA office bearers including President IMA Dr Sandeep Varshney and other dignitaries by Dr. Amit Verma HOD transfusion medicine department & Dr Swati Singh associate professor pathology.

The faculty of Transfusion Medicine and Pathology took outstanding care of the donors pre and post-donation and provided healthy post-donation refreshments. We are genuinely grateful to work with such enthusiastic people. All the donors were happy post-donation and were keen on donating blood again and motivate others too.

The blood bank team of Doctors including Dr Amit Verma and Dr Swati Singh also addressed the common myths that prevent people from coming forward and donate

blood regularly and laid out facts regarding blood donation.

The Programme was supported by Dr Alka Aggarwal Dean, Dr Shalabh Gupta Dean Academic, Dr Manish Sabharwal facility Director & Dr Sushil Gaur Medical Superintendent who gave the revaluable support to the department and also encouraged the students to participate in the programme. We whole heartedly thank them.

Special thanks to Dr Mayurika Tyagi & the blood bank team of Mr. N Mannikam. Mr. Shashi Bhushan Shukla & Mr Guarav Chauhan.

Regards,

Dr. Amit Vermahod

Preface:

Santosh Deemed to be University (Ghaziabad) organized an Awareness Session on World Population Day (11-07-2021) on 13-07-2021.

Objective of the awareness session was to impart knowledge and create awareness about increasing population and family planning methods.

Collaboration:

- The event was organized in collaboration with Community Health Center, Murad nagar on the WorldPopulationDay2021.
- The event was organized by the Department of Community Medicine, Santosh Medical College, Ghaziabad.
- The event was promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members.

Execution:

- Event was executed at Community Health Center, Murad nagar. The participation was received in physical mode on the location.
- The Interns posted in the Department of Community Medicine, Santosh Medical College, Ghaziabad prepared a NukkadNatak on distress caused to a family having a large number of children on a daily basis due to scarcity of resources.
- The financial struggles of having a large family were portrayed with relation to general population.
- The physical and mental hardship a woman goes through due to multiple and repeated pregnancies were described in detail.
- Various family planning methods and the incentives given by the government for adopting permanent sterilization methods were also described.
- More than 50 patients were present at the CHC that day and many of their staff members also attended the event.
- Feedback of the event was collected towards the end of the event and the

most appreciated part of the event was the interactive session after the nukkadnatak where the patients frankly discussed their doubts regarding these issues.

REPORT

Preface:

Every year countries around the world celebrate World Blood Donor Day (WBDD). The event serves to raise awareness of the need for safe blood and blood products and to thank voluntary, unpaid blood donors for their life-saving gifts of blood.

A blood service that gives patients access to safe blood and blood products in sufficient quantity is a key component of an effective health system. The global theme of World Blood Donor Day changes each year in recognition of the selfless individuals who donate their blood for people unknown to them.

Tangible Outcomes

To highlight the significance of blood donation and mark the contribution of voluntary blood donors.

In collaboration with	: A K Children Academy, NGO Aarohan and Springfield School

REPORT

Preface

Santosh Deemed to be University (Ghaziabad) organized a session on COVID 19 AWARENESS. Dr Manisha Gupta, Professor, Department of Obstetrics and Gynaecology delivered lectures to A K Children Academy (23/4/2021), NGO AAROHAN (30/5/2021) and Springfield school (24/5/2021).

Objective of the program was to reinforce the importance of VARIOUS DOS AND DONTs during the COVID era. Various myths regarding COVID vaccination were dispelled and the audience were encouraged to get themselves and their family members vaccinated.

Execution

Event was executed on the virtual platform in the Santosh Medical College Hospital, Santosh Deemed to Be University, Ghaziabad. Many participants of different age groups ranging from school children to their family members attended the session. All sessions were highly interactive with all actively participating in the discussion and clearing their doubts.

Tangible Outcomes

To encourage the society to follow COVID protocols to protect themselves and society from COVID 19 and to make people aware of the advantages of COVID vaccination.

Objective of the awareness session is to impart basic knowledge about common issues specific to Women.

Collaboration:

- The event was organized at Primary Health Centre, Bamheta.
- The event was organised by the Department of Community Medicine, Santosh Medical College, Ghaziabad.
- The event was promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members.

Photographs of the Camp

SANTOSH MEDICAL COLLEGE
Menstruation MATTERS
TO EVERYONE, EVERYWHERE

THE ISSUES:

ALL WOMEN AND GIRLS SHOULD BE ABLE TO MANAGE THEIR MENSTRUATION HYGIENICALLY, SAFELY, IN PRIVACY AND WITH DIGNITY.

34%	17%	2.5%	1/3
Only 34% of girls in India have functioning toilets.	Only 17% of girls in India have access to change their sanitary materials.	Only 2.5% of schools in India have separate blocks for the girls.	But for 1/3 of girls, even the separate blocks are not accessible.

THE GOALS:

AN END TO TABOOS: Taboo prevents menstruating women from doing their things involving their own dignity, health, safety and personal activities.	INFORMATION: Relevant information and education about menstrual hygiene should be provided to schools, health workers and adults, via the media and at home.	HYGIENE MATERIALS & SAFE DISPOSAL: Hygienic feminine care products are easily accessible and affordable. Used materials are safely disposed of in an environmentally conscious way.	FACILITIES: Clean and private toilets with water and soap available at schools, at low-cost places, in workplaces, at public toilets and at home.

REPORT

Adolescence is a critical link between childhood and adulthood, characterized by significant physical, psychological, and social transitions. These transitions carry new risks but also present opportunities to positively influence the immediate and future health of young people.

The department of Obstetrics and gynaecology observed Adolescent Health Care Awareness Day on 8.3.2021, in continuation of International women’s week. Young girls and their mothers were counselled about the health problems associated in adolescent girls, with special emphasis on menstrual hygiene and teenage pregnancy.

Execution:

Event was executed at Primary Health Centre, Bamheta. The participation was received in physical mode on the location.

The Interns and postgraduate students of the Department of Community Medicine, Santosh Medical College, Ghaziabad prepared Monologues and educational material on common issues specific to Women like menstruation, pregnancy, lactation.

The pathophysiology and risk factors of common reproductive tract infections, and common symptoms of nutritional deficiency diseases due to poor diet were explained to the patients and staff of the PHC. The importance of early recognition and prompt treatment in deciding the prognosis of these diseases were emphasised to the patients.

Various schemes specific to Women being run by the government were also explained like Janani Suraksha Yojana, BetiBachaoBetiPadhao etc.

More than 40 patients attended the session at the PHC that day and 5 of their staff members were also present during the awareness session.

Feedback of the event was collected towards the end of the event and the most appreciated part of the event was the interactive session where the patients frankly discussed their doubts regarding these issues.

Total beneficiaries - 45

Teachers - 4 and 1 MSW, (Dr. Deepika Agrawal, Dr. Gajendra Kumar Gupta, Dr. Atish Anand, Dr. Anupama Singh, Mr Rajesh Kumar)

REPORT

Cervical cancer is the second most common cancer in women in India. Every 7 minute, one woman dies of cervical cancer in India. Cervical cancer is 99.8% preventable by regular screening and HPV vaccination.

On 5.3.2021, Department of OBGY observed Cancer screening awareness day towards the celebration of International women's week. All females were made aware of high risk factors and warning symptoms of cervical cancer. Also the importance of regular screening by Pap smear, to be done every 3 years from the age of 25 years was emphasized.

REPORT

Preface:

Santosh Deemed to be University (Ghaziabad) organized an Awareness Session on Cancer on World Cancer Day on 04-02-2021.

Objective of the awareness session was to impart basic knowledge about various common cancers to general public, so that they could recognize the early signs and symptoms of the common cancers.

Collaboration:

- The event was organized under **National Programme for Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases and Stroke (NPCDCS) in collaboration with CHC Dasna**. The event was organised by the Department of Community Medicine, Santosh Medical College, Ghaziabad.
- The event has been promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members.

Execution:

- Event was executed at **Community Health Centre (CHC), Dasna**. The participation was received in physical mode on the location.
- The Interns and postgraduate students of the Department of Community Medicine, Santosh Medical College, Ghaziabad prepared Monologues on Common Cancers of oral cavity, lungs and gastrointestinal cancer. The most common cancers of women like that of breasts and cervix were also covered.
- The pathophysiology, risk factors, common symptoms of these cancers were explained to the patients and staff of the CHC. The importance of early recognition and prompt treatment in deciding the prognosis of these diseases were laid emphasis on.

- More than 30 patients present at the CHC that day and 20 of staff members of CHC Dasna, were present at the awareness session.
- Vote of thanks was delivered to the participants and organizers by the Medical Officer of the CHC, Dr. Bharat Bhushan who extended gratitude to the 'Department of Community Medicine, Santosh Deemed to be University' and special thanks to Dr. Deepika Agrawal, Dr. Gajendra Kumar Gupta, Dr. Anupama Singh.

सेवा में,

डॉ दीपिका अग्रवाल,
विभागाध्यक्षा, कम्यूनिटी मैडिसिन विभाग,
संतोष मेडिकल कॉलेज, गाज़ियाबाद।

विषय: निमोनिया जागरूकता हेतु आयोजित कार्यक्रम के संबंध में।

महोदया,

दिनांक १७ जनवरी २०२० को आपके विभाग की ओर से सामुदायिक स्वास्थ्य केंद्र, मुरादनगर परिसर में "निमोनिया" के विषय पर जागरूकता हेतु नुक्कड़-नाटक आयोजित किया गया। इस अवसर पर हमारे सामुदायिक स्वास्थ्य केंद्र के क्षेत्र में कार्यरत आशा कर्मचारी और स्वास्थ्य केंद्र में उपस्थित कर्मचारियों को निमोनिया रोग के लक्षण तथा इसके रोकथाम के विषय में जानकारी दी गयी। इस कार्यक्रम को करवाने के लिए सामुदायिक स्वास्थ्य केंद्र, मुरादनगर की तरफ से मैं आपका और आपकी टीम का आभार प्रकट करते हुये आशा करता हूँ कि इसी तरह आप आगे भी कार्यक्रम का आयोजन करवाती रहेंगी।

धन्यवाद।

14/01/2020.
चिकित्सा अधीक्षक।

विषय: विश्व जनसंख्या दिवस के अवसर पर जन जागरूकता हेतु आयोजित नुक्कड़-नाटक कार्यक्रम के संबन्ध में।

महोदया,

दिनांक 11 जुलाई 2018 को विश्व जनसंख्या दिवस के अवसर पर आपके विभाग की ओर से सामुदायिक स्वास्थ्य केंद्र, मुरादनगर परिसर में "परिवार नियोजन" के विषय पर जन जागरूकता हेतु नुक्कड़-नाटक आयोजित किया गया। इस अवसर पर हमारे सामुदायिक स्वास्थ्य केंद्र में उपस्थित जनता को परिवार नियोजन के विषय में जानकारी दी गयी। भारत की बढ़ती आबादी को नियंत्रण करने के लिए आपका योगदान अति आवश्यक है। इस कार्यक्रम को करवाने के लिए सामुदायिक स्वास्थ्य केंद्र, मुरादनगर की तरफ से मैं आपका और आपकी टीम का आभार प्रकट करते हुये आशा करता हूँ कि इसी तरह आप आगे भी कार्यक्रम का आयोजन करवाती रहेंगी।

धन्यवाद।

Report:

Sensitization and Awareness Session on Adverse Drug Reaction (ADR) reporting - at Urban PHC, Bulandshahar Industrial Area, Ghaziabad. Santosh Medical College and Hospitals Ghaziabad was organized on 28th March 2016. Santosh Medical College is one of the AMC (Adverse drug reaction monitoring Center) with PvPI (Pharmacovigilance Program of India)- IPC working under the Ministry of Health and Family Welfare, Govt. Of India. Department of Pharmacology of University working dedicatedly for patient's safety and wellbeing under the umbrella of PvPI-IPC.

Dr. Jyotsna Sharma (Assistant Professor, Pharmacology) being a Deputy Coordinator of AMC has always been quite active and spreads awareness about reporting of ADRs in view of patients' safety. A Sensitization and awareness session on Adverse Drug Reaction (ADR) reporting was conducted at UPHC, Bulandshahar Industrial Area, Ghaziabad, UP. We started around 8:30 a.m. with our

12 students from the college and reached at urban health care Centre Bulandshahar industrial area around 9:00 a.m. First of all, all the health care workers were sensitized related to adverse drug reactions and their reporting later on awareness and sensitization of patients was also done by the team. We got a good response from the health care workers working at PHC and even from the patients. We started from there around 1:00 p.m.

Program Details:

Santosh Dental College and Hospital organized Women Empowerment and Health Awareness Program on the occasion of international Women's Day on 8 March 2019.

The program started with welcome speech by Dr. Archana Aggarwal (HOD) who also conducted the entire program. Our respected Dean Sir Dr. S.V Singh said few words on Women Empowerment. This was followed by our respected CEO Sir Dr. Manoj Goyal message in which he threw light on the status of women in our society and also said encouraging words for the students and the faculty.

Guest Speaker - Dr. Priyanki Agarwal, Reader, Eklavya Dental College, Kotputli, Jaipur, educated the women patients and the House keeping staff by giving presentation on importance of healthy nutrition during different phases of women's life

BDS Interns performed an educational skit to create awareness regarding health care issues during pregnancy, menopause and female foeticide.

Vote of thanks was given by Dr. Seema Sharma (Associate Dean). This was followed by light refreshments.

This was followed by the important activities organized for women patients and the house keeping staff as follows:

- Free blood test for Hb and Sugar were done for 15 and 20 patients respectively.
- Blood Pressure and Pulse Checkup was done on 18 women.
- Free sample of Calcium and iron tablets were given to 21 women
- Free Dental Checkup was done for 21 patients.

Photographs of the camp:

एक कदम स्वच्छता की ओर

Theme : Awareness Program On Prime Minister Shri Narendra Modi's Gandhi Jayanti 'The Swachh Bharat Abhiyan' - "SWACCH BHARAT ABHIYAN "

No. of Teachers Participated : 05

No. of Students Participated : 37

In collaboration with : Village Sainthali and SRS Primary School

A brief report of the campaign is mentioned below -

On 2nd of October 2018, Gandhi Jayanti 'The Swachh Bharat Abhiyan' turned 4 i.e., 4 years have passed since our Prime Minister Shri Narendra Modi started the clean India mission. Now this mission has become very popular among the masses.

In pursuant of the vision of Swachh Bharat, SANTOSH MEDICAL COLLEGE launched a special cleanliness drive and constituted a team to coordinate cleanliness activities in several primary government schools nearby.

We are very thankful to the Pradhan of village Sainthali - Varun Ji, Principal of the primary school for allowing and equally participating in the campaign which took place on 24th of September.

- 1) Firstly, we introduced ourselves to the school after which the purpose of visit was told. The pledge was taken with the students.

- 2) The students were taught about the pros and various steps of washing hand. Posters for the steps of washing hand were also distributed among the students. Few students were called and asked to mimic the steps demonstrated. They were also told about the various diseases which can be prevented just by washing our hands before meal.

- 3) They were told about the waste segregation methods they can practice. Toffees were distributed among the students who actively participated in the various activities going on.

- 4) We performed nukkadnattak to make a good communication with the students and in the mean time teach the various aspects of cleanliness to them.

- 5) Last but not the least a rally was organized through the village to make the people aware of Swacch Bharat Abhiyan. We took the students out to take a round of the village with posters in hand and reciting slogans relevant to the programme, so that people of the village become aware of the drive that is going on and free themselves of the diseases transmitted through poor hygiene and irrational waste disposal.

Wajid.

The me	: Awareness Programme on Personal & Hand Hygiene SWACCH BHARAT ABHIYAN
No. of Teachers Participated	: 02
No. of Students Participated	: 72
Collaboration with	: Primary Government Schools of village Hishali and village Kanoja
Department Participated	: Department of Community Medicine, Santosh Medical College

Swachh Bharat Abhiyan is a nationwide campaign in India for the period 2014 to 2019 that aims to clean up the streets, roads, and infrastructure of India's cities, towns, and rural areas. The objective of Swachh Bharat includes eliminating open defecation through the construction of household-owned and community-owned toilets and establishing an accountable mechanism for monitoring toilet use. Run by the government of India, the mission aims to achieve an open defecation-free India by 2 October 2019, the 150th birth anniversary of the father of the Nation, Mahatma Gandhi.

In pursuant to the vision of Swachh Bharat, SANTOSH MEDICAL COLLEGE has launched a special cleanliness drive and has constituted a team to coordinate cleanliness activities in several primary government schools nearby.

We are greatly thankful to the Pradhan of village Hishali - Mr. Amrish Tyagi ji, and the Pradhan of village Kanoja - Mr. Ajit Tyagi ji, Principal of the primary school of respective villages, for allowing and equaling participating in the campaign which took place on 26th of September 2018.

A brief report of the campaign is mentioned below -

1) Firstly, we introduced ourselves to the school after which the purpose of the visit was told. The pledge was taken with the students.

2) We performed a song on Swachh Bharat and encouraged the primary school children that we should keep our home, cities clean.

3) One of our colleagues recited a poetry "Bharat koswachhbnanahai", toffees were given to the students who actively participated in the various activities going on.

4) We performed a dance by which primary students can develop more interest to clean their areas around them.

- 5) Again one of our colleagues sang poem to entertain and encourage the

students.

- 6) Some of Our colleagues sang a song "hum hongekamyab" to ensure that we are going in right direction and we will achieve our aim to clean India soon.

7) We performed nukkadnatak to make good communication with the students and in the meantime teach the various aspects of cleanliness to them.

8) A rally was organized through the villages to make the people aware of Swacch Bharat Abhiyan. We took the students out to take a round of the village with posters in hand and slogans related to the Mission recited so that people of the village become aware of the drive that is going on and free themselves from various diseases

9) Last but not least we organized a tree plantation program to combat environmental issues and to make the environment mosquito-free so that we can prevent many diseases in the village.

REPORT:

Oral health of children is important to their overall well-being like other aspects of children's health must be considered in the context of social, cultural and environmental factors. Dental problems can have a profound impact on children.

To create awareness, an education and motivation program was organized on 7th Oct. 2013 by final year students (Batch - F). The program was carried out in the public health dentistry department. The chief guest for this occasion was honorable dean of Santosh Dental College, Dr. Manoj Goyal.

A week before the program, we collected data and found out the most commonly prevailing issues in children and what measures can be taken to prevent them and tract them. The patients and their parents took keen interest and cleared their doubts. They were all taught about the proper brushing technique. A demonstration was given on brushing technique with the help of a toothbrush and plaster casts. Audience was also made to try themselves on the models.

Various issues were taken but the most talked about were thumb sucking, snacking in between meals, nursing bottle caries and tooth loss.

Our respected head of the department Dr. Archana Agarwal also gave a health talk. At

the end of the program audience was presented with free samples of toothbrushes and toothpastes. Later on, our teachers congratulated everyone for organizing the successful event.
