Orientation programmes on quality issues for teachers and students

Year	Program / Title
2022	Faculty Development Program on SDL and ECS
2022	Awareness Program on Code of Conduct
2022	Faculty Development Program on An insight into Criteria 1-7 NAAC
2022	Workshop-Orientation Towards Online Examination System
2022	Workshop on QIF
2021	Training for DELNET & EBSCO
2021	MEU-Medical Education Technology
2021	Enhance Teaching through LMS
2021	Awareness on Human Rights 2020
2021	Awareness on SEXUAL HARASSMENT - Indian Laws Highlighting Sexual Harassment
2021	Awareness on HUMAN RIGHTS - Indian Laws and Highlighting Human Rights
2021	Orientation to the students and Interns for Initiation of research Programme
2021	MEU -SWAYAM
2021	Awareness programe on Code of Conduct
2021	What Why and How of Student Research: An Orientation
2021	Faculty Development Program on An insight into Criteria III NAAC
2021	Orientation of SWAYAM - How to start online Course on Swayam
2021	Faculty Development Program on An insight into Criteria I NAAC
2020	Awareness Program on Code of Conduct
2020	Orientation Seminar on Innovation Challenge -Remote Monitoring, Evaluation, Diagnosis Intervention, Analytics in Health Care (REME-DIY)
2020	Guest Lecture on Gender Empowerment - Vishakha Guidelines
2020	Improve your NIRF ranking Using web of science
2020	Orientation - Intellectual Property with special reference to Medical Institutions
2019	Awareness Program on Code of Conduct
2018	Awareness Program on Code of Conduct
2017	Awareness Program on Code of Conduct

Medical Education Unit

Report on Faculty Development Program on Self Directed Learning and Early Clinical Exposure

A faculty development workshop was conducted by the Medical Education Unit on 31st August 2022 from 2.00 PM- 5.00 PM. The workshop was conducted on Self Directed Learning by Dr. Alka Agrawal and Early Clinical Exposure by Dr. Shalabh Gupta.

45 Faculty from different streams registered and attended the workshop.

The two student centric methods of teaching were discussed in detail. The workshop on Self Directed Learning encompassed both the two stages of SDL where in Dr Alka Agrawal gave a live demonstration on how the SDL works and how it is differentiated from other methods like tutorials, case discussions etc. A case scenario was shared and a role play conducted through flip chart to go through the various steps of SDL.

The topic of Early clinical Exposure, covered by Dr. Shalabh Gupta, included three activities. The first and second activities focused on what different students would decipher from the same theoretical curricula. The third activity trained the faculty in developing a module on providing early clinical exposure to first professional students to relevant clinical conditions and scales for patient assessment.

The workshop was well appreciated including the clarity of the concept for efficient teaching by the faculty and feedback was also taken after the workshop.

The MEU coordinator Dr. Dakshina Bisht thanked and acknowledged the facilitators and encouraged the participants to share their experiences .

Brief Report on Preparation of E- Content Workshop in Medical Education Technology

The Medical Education Unit of Santosh Medical College organised a workshop on Preparation of E- Content **in Medical Education Technology on 06th May 2017**.

Faculty from Medical & Dental college of Santosh Deemed to be University were invited to participate in the workshop and 35 Faculty members registered and attended the workshop. Most of them were not aware of e- content so very keen to learn new things. Participants found workshop very useful and innovative. All of them willing to use e contents in their teaching methods.

Enhance Teaching Through Learning Management System

Medical Education Unit encouraged the faculty members to attend the webinar on 'Enhance Teaching through Learning Management System' which was held successfully on 15th June 2021. Around 56 faculty attended the webinar. Virtual classroom provides an opportunity for the students to explore and learn new digital tools and enhance their skills. As online teaching is beneficial in effective time management virtual classroom helps recreate a routine that keeps the students and faculties engaged and ensures that they continue to learn. Online classes allow for achieving lessons as well as recording the class. The workshop was fruitful and the faculty were encouraged to incorporate newer method of teaching and learning

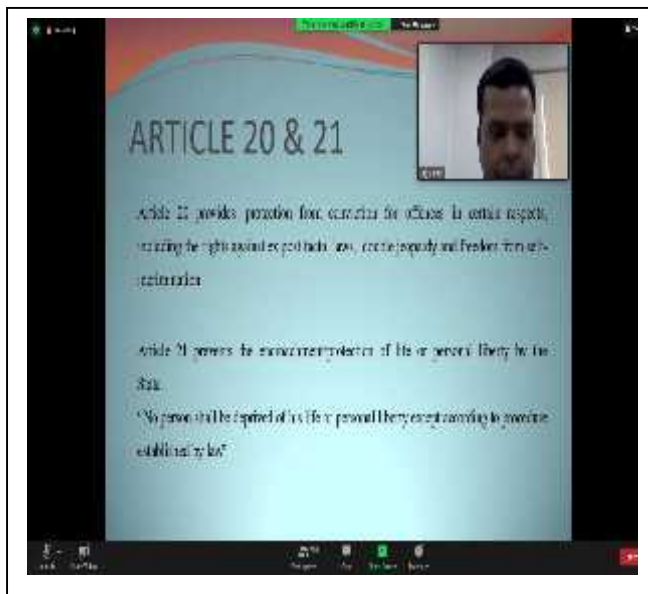

Report on Awareness on Human Rights

Internal Quality Assurance Cell of Santosh Deemed to be University organised an event on 29th June, 2021 to spread AWARENESS ON HUMAN RIGHTS .

Mr. Vaibhav Raman Tripathi (Legal Officer) shared Sections from Indian Law & highlighted the various Human Rights with few case studies. He stressed all to support human rights not as an option but as an obligation.

Dr. Jyoti Batra (Dean Research & Head of Bioethics Unit, SDU) and Dr. Rajiv Ahluwalia (Vice Dean, Dental and Head National Dental Bioethics) also shared the parallel lines between Human rights and Ethics and oriented the students . More than 220 students attended the event making it a success. It is our duty as educators to make sure that students understand and become compassionate citizens of the world by becoming agents of change. Such orientation programs help pave the way.

Report on Awareness on Sexual Harassment

Internal Quality Assurance Cell of Santosh Deemed to be University organised an event on 30th June, 2021 to spread AWARENESS ON SEXUAL HARASSMENT.

Mr. Vaibhav Raman Tripathi (Legal Officer) shared Sections from Indian Laws highlighting Sexual Harassment and the many forms of Sexual harassment with few case studies. Dean Medical Dr. Alka Aggarwal shared her views and highlighted the role of the Internal Complaints Committee (Sexual Harassment Committee) of the University. More than 190 students attended the event which was helpful as they were encouraged to be communicative and report any such incidents addressing these issues which will be taken up by the Internal Complaints committee.

Santosh Medical College- Medical Education Unit
Brief Report on “Orientation of SWAYAM”

Department of Medical Education, Santosh Deemed to Be University organized a Program on “Orientation of SWAYAM” for faculty of Santosh Medical College and Santosh Dental College on February 22nd 2021 in Conference Hall, Santosh Medical College. Dr Yogesh Yadav, Professor Anatomy also SWAYAM Coordinator, gave detail information about how to start an online courses on Swayam portal (Study Web of Active-Learning for Young Aspiring Minds) run by Human Resource Development Ministry, Govt. of India.

The orientation was attended by 15 faculty members who were oriented through the platform of “SWAYAM” that facilitates hosting of all the courses that can be accessed by anyone, anywhere at any time. All the courses are interactive and ensure best quality content which is produced and delivered. All the faculty took great interest in initiating and planning of courses on SWAYAM. It was highlighted that there are no available courses in the medical stream on portal yet and hence opportunity should be taken to utilize and promote our value added courses to the world.

Participants shared their queries about the procedures required to start such courses which were well answered by MEU Faculty and it was planned to work towards its implementation.

Student Research Cell

Event Report-

08.04.2021

TITLE-What, Why and How of Student Research

Preface:

Research is a process of systemic inquiry that involves collecting data, documentation of critical information and analysis & interpretation of that data and arriving at a meaningful conclusion. Student Research is the involvement of the students in research activities.

This orientation program was planned to sensitize the students towards research and motivate them to take up Research projects.

Collaboration:

Student Research Cell involved various faculty of Santosh Medical College, Santosh Dental College and Central Research Unit.

Execution:

Online activity was executed online on the Zoom platform with the Projection of the event in Maharaja Hall. The activity was attended by 300 participants online and 80 participants offline.

Dr Alka Agarwal, DEAN Santosh Medical College, welcomed all the participants and highlighted the importance of Research in Medical Sciences and how the involvement of students is essential and beneficial. She also sensitized the students towards the formation of the new wing of the Research unit specifically designed to promote Student Research. She also introduced the various members of the Student Research Cell who carried the program forward.

Dr Mayurika Tyagi, Associate Professor, Pathology, moderated the event and introduced the speakers.

Dr K C Aggarwal, Professor and Head, Department of Pediatrics, motivated the students regarding what research they can do and how to form a research question by giving various examples

Dr Namita Kumari, Assistant Professor, Physiology, highlighted the benefits of being in the Research field and why should students be research-oriented.

Dr Anupama Singh, Assistant Professor, PSM, gave a brief overview of How to do Research and various steps involved in research.

Dr Shubhra Mallik, Associate Professor, Conservative Dentistry and Endodontics, focussed on the importance of Research in Dental Sciences and how dental students should also be research-oriented.

Dr Saurabh Gupta, Research Associate, Central Research Unit, discussed the Role of biotechnology in Medical Sciences.

Furthermore, to conclude the series of talks, Dr Sivanesan, Vice-Dean Research, Senior Research Associate, Central Research Unit, described the Research Journey and how his research journey took shape. He also guided the students on how they should also begin their journey early in student life.

Dr Mayurika Delivered the Vote of thanks and concluded the event.

Tangible Outcomes

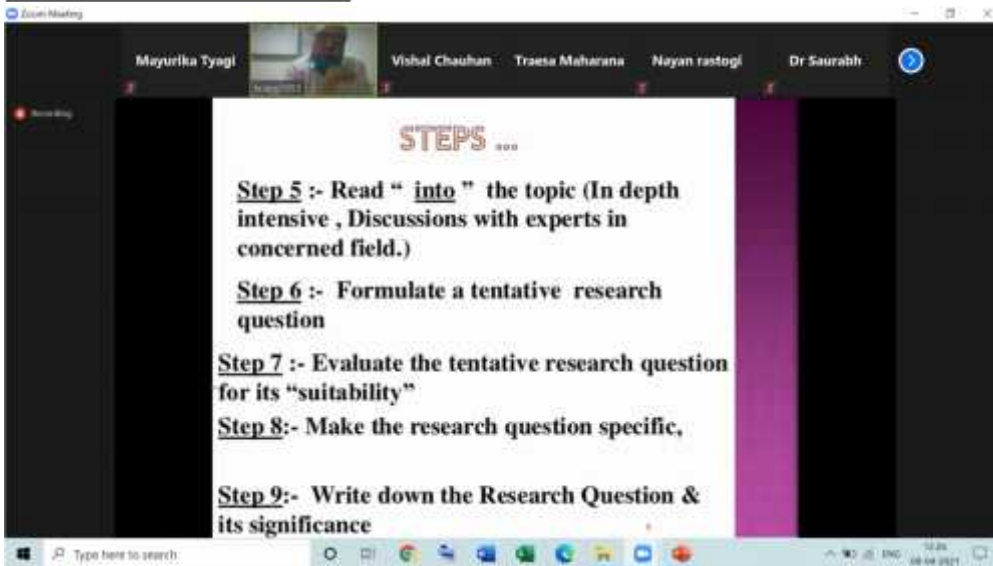

To involve and motivate students in Research Activities.

Thirty students came forward and met with the members of the Student Research Cell and showed interest.

Respected Madam/Sir,

Why research?

- Evolution is need of the hour
- For further development and progress , research is the answer
- Also useful for career progression
- Helps in infusion of logical approach to a problem and abstract thinking vis a vis concrete thinking
- Overall inculcation of interest in a particular topic

Submission Minutes of Meeting Report

E-Orientation on Intellectual Property Rights

Topic: Introduction to IPR with special reference to Medical Institutions

Guest Speaker: Dr Shaleen Raizada (MD,CEO) Sanshadow Consultants

Day and Date: 27 June 2020, Saturday

Time: 6.00 pm to 7:30 pm

Portal Zoom

An online session on E-Orientation on Intellectual Property Rights was successfully conducted on 27th June 2020, between 6.00 to 7.30 pm by Central Research Unit, Santosh Deemed to be University, Ghaziabad. The session was focused on Introduction to Intellectual Property with Special Reference to Medical Institutions.

The Guest Speaker for the meeting was Dr Shaleen Raizada, MD & CEO Sanshadow Consultants, New Delhi.

The meeting was organised by **Dr Jyoti Batra**, Dean Research, Santosh Deemed to be University, Ghaziabad.

Research core committee members present were:

1. Dr Priyanka Bhushan, Associate Professor, Community Dentistry
2. Dr Mayurika Tyagi, Assistant Professor, Pathology
3. Dr A. Revanth Kumar, Assistant Professor, Community Medicine

Faculty members present were:

1. Dr Shalabh Gupta, Professor and Head, Surgery
2. Dr Manisha Gupta, Professor, Obstetrics and Gynaecology
3. Dr Juhi Aggarwal, Professor and Head, Biochemistry

4. Dr Yogesh Yadav , Professor, Anatomy
5. Dr Ashutosh Rawat, Professor and Head, Microbiology
6. Dr Seema Sharma, Professor and Head, Oral Pathology

31 Participants (Faculty as well as Students) from Santosh Deemed to be University attended the session

Dr Jyoti Batra welcomed the guest speaker, faculty and participants. Dr Mayurika Tyagi introduced the speaker Dr Shaleen Raizada.

Dr Shaleen Raizada defined Intellectual Property and its relevance in reference to Medical Institutions.

She gave a brief overview of Patents and the process of Patenting in India. She highlighted that every product is first searched through various databases for novelty and Novelty report is prepared and shared with the inventor. Then after various brainstorming sessions the Draft of Patent is prepared and submitted. The whole process of Patent takes almost 4 to 5 years. She stressed that the speed of filing is of paramount importance.

Talk was followed by fruitful interactive session where the queries of the participants were answered by Dr Shaleen. Discussion on Patenting Process and ownership of Patents followed.

She also motivated the participants to come forward with their ideas and products and submit them in the format provided by her team. These ideas and products will be reviewed by her for novelty and possible Patenting. She Highlighted that a Patent is an asset to both the university and the inventor, so everyone must come up with ideas of invention for patenting.

Faculty and the participants appreciated the speaker for her lucid talk and interactive session.

Feedback form was also shared with the participants.

Future Plans

Dr Shaleen Raizada will share the format for documenting the ideas/product for patenting. All participants were encouraged to document their ideas in format and revert to Research Cell and Dr Shaleen for further discussions, novelty report and possible patenting.
