Brief Report on Sensitization Programme of the CBME in Medical Education Technology

The Medical Education Unit of Santosh Medical College organised a workshop on Sensitization Programme of the CBME in **Medical Education Technology** on **09th March 2019**.

Faculty from Medical & Dental college of Santosh Deemed to be University were invited to participate in the workshop and Faculty members registered and attended the workshop. As MCI introduced new Competency Based Medical Education (CBME) from 2019 the entire faculty must sensitized about it so they can understand and accustomed themselves. Though a formal 3 days training of each faculty is mandatory but it will be a long process so we, MEU Santosh Deemed to be University take initiative to sensitize our faculty about it. In this program faculty from Pre and Para clinical departments took part.

Levels of Competencies
