8. Course Methodology

Respiratory diseases constitute a significant burden of morbidity and mortality in India. The spectrum of childhood respiratory diseases in India has undergone considerable expansion over the past few decades. From a situation where infectious conditions of upper and lower respiratory tract predominated, there is currently a wide range of problems including congenital malformations, allergic conditions such as asthma & allergic rhinosinusitis, Tuberculosis & drug resistant TB, Bronchiectasis, genetic disorders like cystic fibrosis, primary ciliary disorders that are now recognized to be prevalent in the country in significant proportions.

A three-year postgraduate (MD) degree in pediatrics lends adequate exposure and skills to train a doctor in managing multitudes of pediatric diseases including respiratory. However, with a growing expanse in medical knowledge and recognition of many complex and chronic respiratory diseases that demand a more detailed and extensive clinical and investigative approach, which often is beyond the scope of postgraduation training

A super specialty program in the form of a fellowship training in pediatric pulmonology envisages to fulfil the felt need to build capacity in the country of specialists that have specialized training to recognize and provide a comprehensive care for children with complex, chronic respiratory morbidities

9. Course Syllabus

The members of the Academic Council considered the **Minutes/ recommendations** of BOS and **noted** the advantages for conducting online examination as under:

I. ADVANTAGES OF ONLINE EXAM:

- Reduction in Logistics - Minimize the source requirement i.e. cost of Examination set up
- Accessibility to Remote Areas - The ability to conduct tests at various locations with just an internet connection.
- Scalability - Ability to cater to a large audience and can easily manage a large amount of content.
- All Question types and Test Creation and Evaluation are possible, eg: MCQs, Fill in the blanks, Subjective (which need to be evaluated by the teacher separately). Facilitators can log in and easily create a question paper.
- Removes Cheating - AI driven remote proctoring through webcam ensures a controlled environment which reduces the ability to cheat.
- Automated Reports - This serves the purpose of eliminating manual correction.

II. ONLINE EXAMINATION SYSTEM (SOP)

A. Pre Exam:

- (i) Students & Faculty Login ID is generated using Student Data and Faculty Data using their Registered Email Id, Phone No. and Registration No.
- (ii) All Stakeholders are trained on the online examination portal.
- (iii) Question Paper are uploaded on the portal (Both Objective and Subjective questions).
- (iv) Question Papers are locked as per the Exam schedule within the portal.
- (v) Stakeholders can use laptop/desktop with webcam / smart-phone for writing the exam through the online examination system.
- (vi) Minimum 512 KBPS internet speed must be maintained while the online exam is going on.
- (vii) Chrome / Safari browser shall be used to Login to the portal.

2. Duration of the Course:

2 Month - 16 Hours (Every Saturday 2:00 PM to 4:00 PM on consecutive 8 Saturdays)

3. Eligibility Criteria:
