Report of the Career Counselling Session Held at 3 p.m. on August 19, 2017

Under the initiative of Santosh Medical College & Hospital, Ghaziabad an activity was conducted for Career Counselling for the Dental Students. The session aimed to provide Dental students with insights into the diverse career pathways available to them beyond traditional clinical practice. Facilitated by seasoned professionals in the field the session shed light on emerging opportunities and areas of specialization within Dentistry.

The session was held on 19.08.2017 in the Maharaja Hall, Santosh Medical College at 03:00 PM by Expert faculty members. The session was attended by 112 BDS students.

The session emphasized the breadth of specialized clinical areas within Dentistry, such as Orthodontics, Periodontics, Endodontics, and Oral and Maxillofacial surgery. Students were encouraged to explore these avenues and considered pursuing advanced training to enhance their expertise. Students were also encouraged to explore opportunities for involvement in global health initiatives, such as volunteering abroad, participating in dental outreach programs or collaborating with international organizations to address oral health disparities on a global scale.

The session discussed the entrepreneurial opportunities available to Dental graduates, including starting their own Dental practices, developing innovative Dental products or services, or leveraging technology to improve patient care delivery.

The career counselling session provided Dental students with valuable insights into the diverse career pathways available to them beyond traditional clinical practice. From specialized clinical areas and academic research to public health advocacy and entrepreneurship the opportunities were vast and multifaceted. By exploring these avenues and leveraging their skills and interests Dental students can chart rewarding and impactful careers in oral healthcare.
