Non Teaching Staff Development Program

Report on Computers Training

Date: 10th October 2022

On the 10th of October 2022, a computer training session was conducted for 7 non-teaching staff members at Santosh Medical College and Hospital. The objective of this training was to enhance the participants computer literacy skills, covering basic to intermediate topics in computer usage and software applications commonly used in the workplace.

The training session was well-received by the participants, who showed enthusiasm and eagerness to learn. While some attendees had limited prior experience with computers all were able to grasp the fundamental concepts and skills covered during the session. Feedback from the participants was positive indicating increased confidence in using computers for various tasks in their roles.

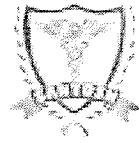

They were asked to work on their computer skills in their respective Departments to upgrade their skills.
