Section 8 Company
Planning

Like any other business establishment, establishing an Incubator requires planning. Few factors should be considered while planning an incubator

- 01 Vision
Understand the business and how
- 02 Fund
Major sources of fund should be identified beforehand
- 03 Legal Structure
Society, Trust, Section 8 Company
- 04 Work Culture
Education, entrepreneurship, etc. often organization being educational institution have different culture than Start-ups
- 05 Strategy
Business and objectives of organization

Event Report

Aarogyam-2021,

Preface: A research and innovation initiative, was conceptualized on the principles of inducting ideologies and skills of research in ecosystem of young medical/dental students to carve them into research-oriented healthcare professionals.

Objective: The event was planned in a way to ensure comprehensive coverage of health research skills ranging from basic clinical and field research to applied research of translational medicine and entrepreneurship. Further, the students were also oriented toward career options as a biomedical researcher and funding opportunities to receive financial support for research projects and start-ups.

Execution: Arijit Bansal and Khushi ,MBBS course, initiated the event enthusiastically acknowledging the support and paying gratitude to our honorable CMD sir, Dr P Mahalingham and our young and energetic vice-chairman sir, Dr Santosh Mahalingham.

Our Dean Research, Prof.Dr Jyoti Batra, introduced the concept of Aarogyam and the expected outcomes of initiating research interest amongst our undergraduate and post-graduate students. Further, she also announced the provision of individualized mentoring support system for every student research project/start-up that may also receive financial support from the university as well as support was also given by one of the Crowd Investments company towards listing of few startups on their crowdfunding platform for fundraising from the UK investors without any enrollment fee/charges, as a reward to our students.

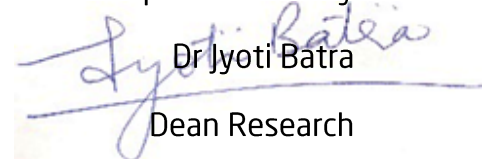

Next, our respected Vice-chancellor madam, Dr Tripta Bhagat declared the event open followed by welcome address of our honorable chancellor Sir, Dr Manoj Goyal. Following this the inaugural ceremony of the event was started with lamp-lighting and Saraswati Vandana.

Our first young and energetic speaker, who happens to be our alumni, Dr Salaj Rana, Scientist-B, ICMR, New Delhi delivered the first lecture of the event to sensitize our students to the importance of research in healthcare ecosystem and also provided guidance on pathways to carve niche in research as main stream career option. Dr Payal Das, Scientist-C, National Institute of Malaria Research, Ministry of Health & Family Welfare, Govt of India, very comprehensively and lucidly explained the participants the basics of writing a research manuscript and getting it published in valued journals. Next, Dr Ravinder Singh, Senior Scientist, Division of NCD, ICMR, DHR, Ministry of Health &

Family Welfare, Govt of India introduced the principles of Drug Discovery and Medicine development in light of recent innovations and developments. Further, the ideologies and of bioethics in healthcare research were very effectively introduced by Dr Rajiv Ahluwalia, Vice-Dean, Santosh Dental College & Hospital. Another wonderful session was taken up by Parthiban Krishnan, Founder & CEO, Xcelity Technologies Ltd on Transforming Healthcare through Artificial based innovations. In this session an all-inclusive introduction to current status of artificial intelligence in contemporary healthcare diagnosis and service delivery was done. To add diversity to the event, next session was taken by Dr Nabarun Bhattacharya, Senior director and Head, CDAC, Ministry of Electronics & Information Technology, Govt of India presented 'Emerging Trends in Digital Health' and elaborated how robotics, nanotechnology, augmented reality, machine learning and artificial intelligence through real life examples. Following this, next talk was delivered by Dr Shirshendu Mukherjee, Mission Director, Programme Management Unit (DBT-BIRAC-BMGR-Welcome Trust), BIRAC, Government of India on Policy making and planning in research. In this talk he presented various funding opportunities by national organizations for individual research projects and entrepreneurship. Field research was introduced by real life examples by simple yet interesting talk of Dr HarshPriya, Additional Professor at Centre for Dental Education and Research, AIIMS, New Delhi. Last yet much awaited talk on 'Crowdfunding for Startups' was delivered by Mr Nakul Garg, Co-founder and Chief Business Officer, Crowd Invest for provision of funding opportunities for start-ups.

In the end, Dr Neeti Mittal, Reader, Santosh Dental College provided the information about upcoming research competitions on 11th Nov., 2021. The event was concluded with 'Vote of thanks' by Dr Sivanesan Dhandayuthapani.

Event Report

Title - 6th World Bioethics Day

Preface:

Santosh Deemed to be University (Ghaziabad) celebrated 6th World Bioethics Day on Tuesday, 19th October 2021.

Objective of the session was to train the faculty and students on “Informed consent” as a good clinical practice.

Collaboration:

The event was organized by Bioethics Unit, Santosh Deemed to be University

Execution:

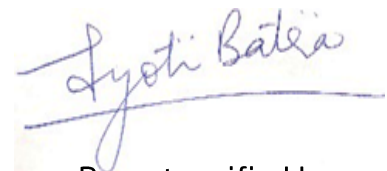

All the bioethics Units across the world (248 as of today) were invited to celebrate the ‘Common Program’ as part of their commitment to proliferate the awareness and practice of Bioethical principles. The theme for this year’s celebration was ‘Informed Consent’

- The event was celebrated in virtual mode. Vice Chancellor of the University, Dr. Tripta Bhagat declared the event.
- Dean Research and Unit Head, Dr Jyoti Batra, presented a report on functioning & achievement of the Bioethics Unit. She also informed that the student wing of Bioethics Unit shall be inaugurated in the third week of November 2021.
- A lecture on “Challenges of Shared decision making for ICU patients in a pandemic” was delivered by the guest speaker Dr Arun K Mehra, Consultant Anesthetist, New Delhi.
- Impact of Covid-19 on Dentistry: Ethical Perspective was delivered by Dr. Rajiv Ahluwalia (Head, National Dental Bioethics Unit, Vice Dean - Santosh Dental College.
- Five winning entries towards the World Bioethics Day Competition on International level were presented by PG/UG students:
 - Dr Deepali Singhal- Scientific Poster
 - Dr Robin Malik short- Film/Video
 - Dr Carrolene Langpoklakpam & Ramya J R - Artistic Poster
 - Dr T. Priyanka- Photography
 - Dr Anukriti Pathak- Poem

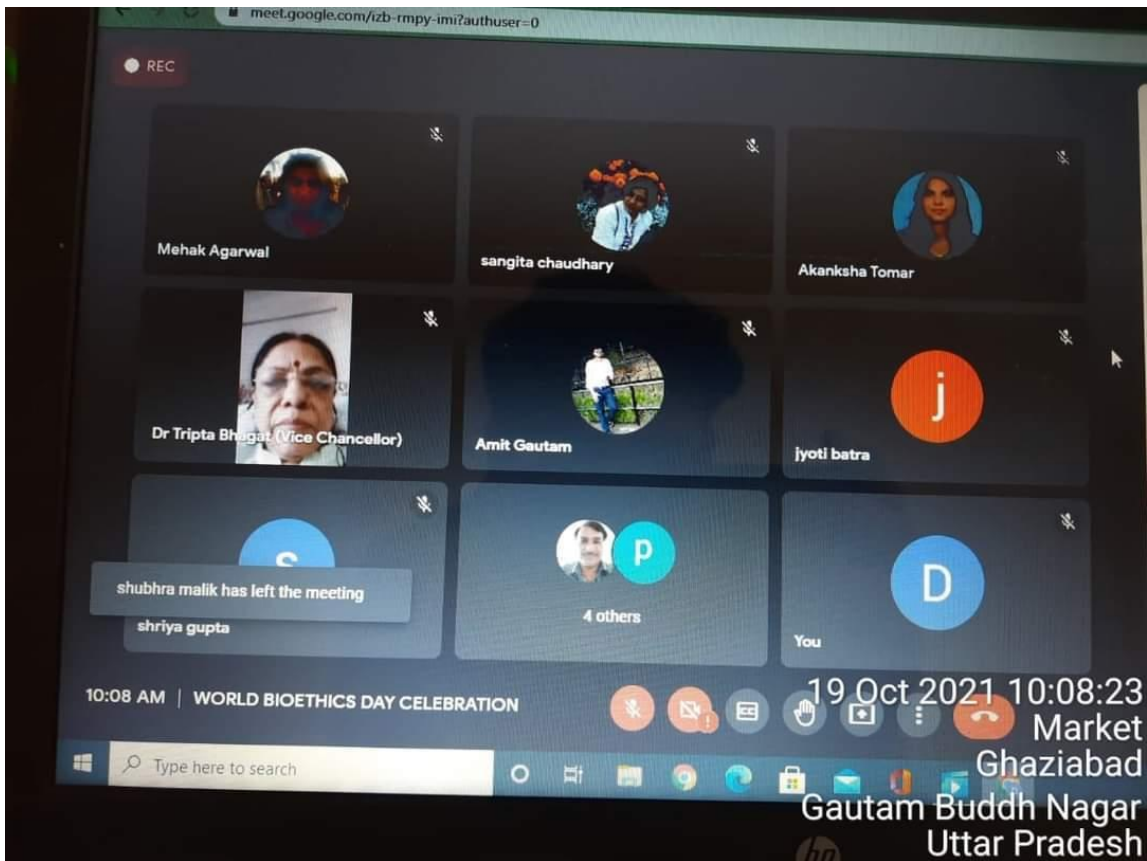

- There was a presentation by the students of medical and dental college: Mehak Agarwal & Arjit Bansal- Principles of Bioethics and its importance in Student's Life

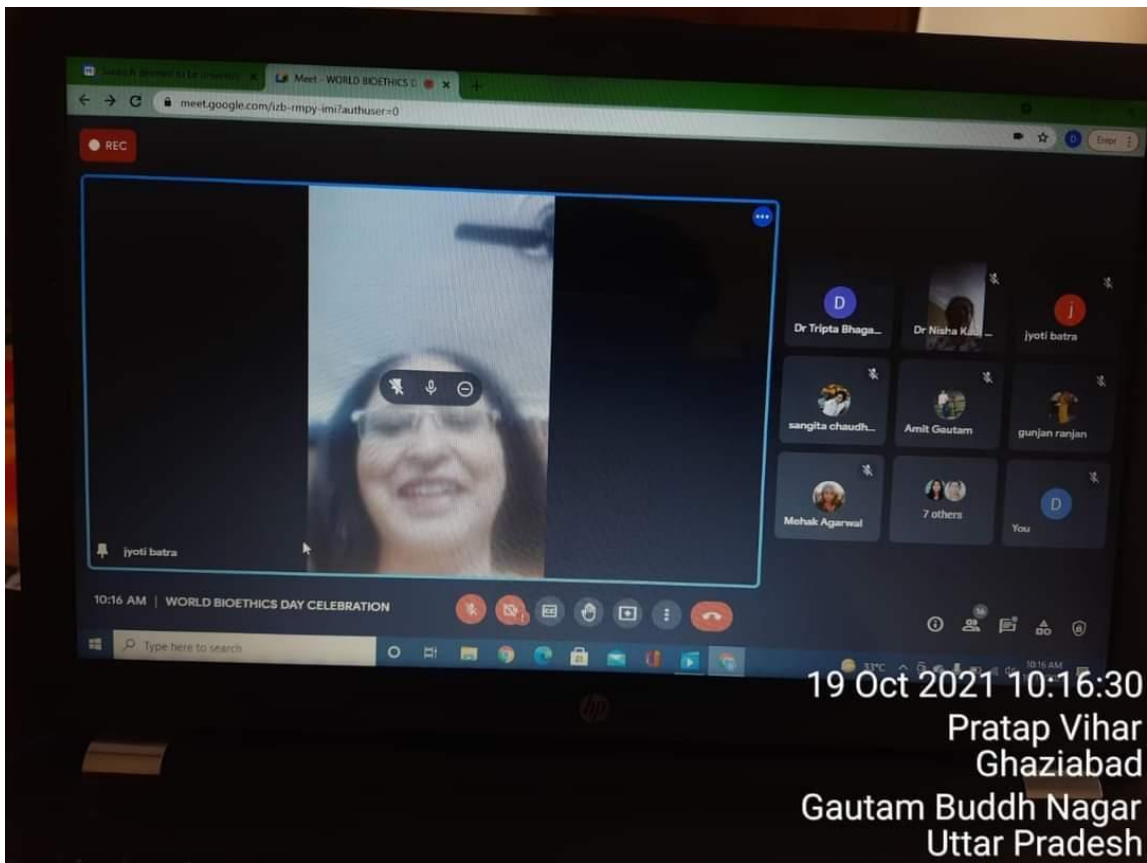

Dr Anamika & Dr Anukriti Pathak - Human Dignity as a Bioethical Concept
Dr. T Priyanka won the second prize in photography competition on behalf of Santosh Deemed to be University & Bioethics Unit. Around 40 participants attended the programme.

Tangible Outcomes: Understanding the principles of Bioethics as good clinical practice.

Title - Webinar on Effective Utilization of J-Gate Biomedical Science Database in Research

Preface:

A Webinar on " Effective Utilization of J-Gate Biomedical Science Database in Research" was organized by Santosh Deemed to be University on 26th Feb., 2022.

Objective of the session was to explain Features & Functionalities (Including new developments) and Live demonstration of J-gate access

Collaboration:

The event was organized by Central Library Committee, Santosh Deemed to be University.

Execution:

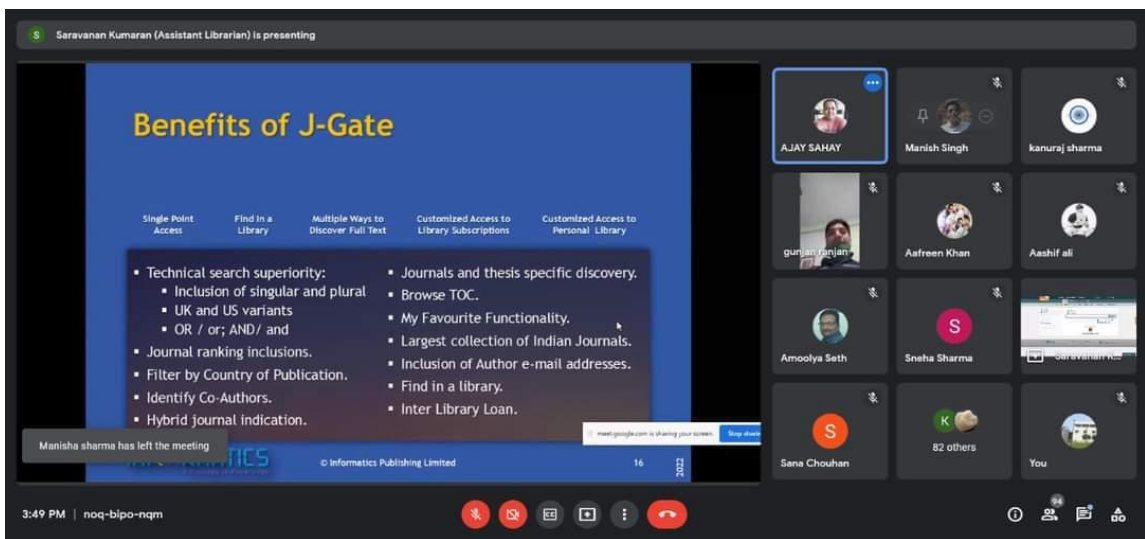

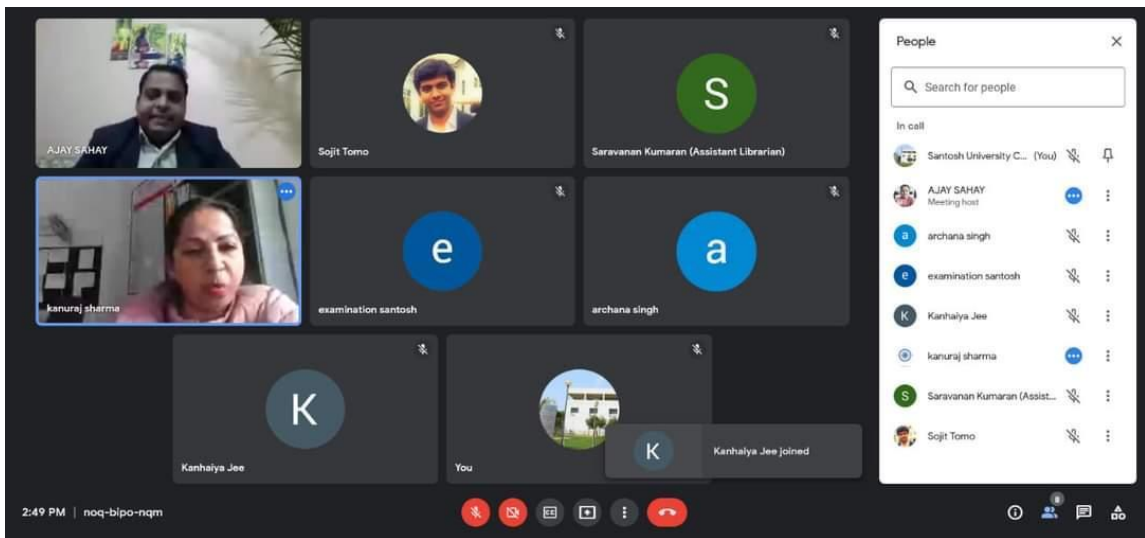

- The webinar was held under the chairmanship of Dr. Akshay Bhargava Dean-Dental, Dr. Shalabh Gupta, Dean-Academics and Library coordinator Dr. Preeti Sharma Prof. Biochemistry, Mrs. Archana Singh, Chief Librarian, Mr. SaravanaKumaran, Assistant Librarian.
- The speaker was Mr. Ajay Sahay Manager Training, J-Gate North, Informatics Publishing Ltd. Bengaluru-India.
- The lecture was started at 3.00PM and was completed around 4.30 PM through the Google Meet Platform.
- Overview and Topics of Discussed
 - Brief overview and introduction to J-Gate platform.
 - Explained Features & Functionalities. (Including new developments)
 - Live demonstration of J-gate access

The event went well with more than 110+ participants of Santosh Deemed to be University from all the stream including the faculty members, research Scholars & students have attended this webinar.

Tangible Outcomes:

An understanding of features and functionalities of J gate software for biomedical research.

Title - Seminar on Importance of Oral Health

Preface:

The world oral health day was celebrated on 21st March 2022 by the Department of Periodontics and Oral Implantology under the dynamic leadership of Dr. Akshay Bhargava, Dean, Santosh Dental College, and Shweta Bali, Prof. & Head, Department of Periodontics and Oral Implantology with theme, "**Importance of Oral Health**"

Objective of the session was to train the faculty and students on Importance of Oral Health.

Collaboration:

The event was organized by Department of Periodontics and Oral Implantology, Santosh dental college & Hospital, Ghaziabad.

Execution:

The Dental Council of India along with the Indian Society of Periodontics (ISP) had taken a wonderful initiative to celebrate this day for creating awareness among the students about oral health by providing a presentation on "Importance of Oral Health" which was presented by Dr. Priyanka Aggarwal, Professor, Department of Periodontics & Oral Implantology. The lecture was attended by a total of 72 participants which included undergraduates, postgraduates & Dental hygienist, Students. A wide array of competitions was organized ranging from REEL making to handmade poster making based on the theme of "be proud of your mouth" to match the fervor of the event. A Free Treatment camp was organized in the Department of Periodontics in which 62 patients availed free oral checkups followed by oral prophylaxis. A Patient sensitization talk was arranged for the benefit of the patients to educate and spread awareness about maintenance of oral hygiene by advising them on correct choice of oral hygiene aids and their usage.

The world oral health day observed annually on 20th march marks the launch of a yearlong campaign dedicated to raising global awareness of the issues around oral health & stresses on the importance of oral hygiene. World Dental Federation in 2021 announced a 3-year long theme "Be Proud of Your Mouth" to promote importance of oral hygiene amongst general population by Santosh Dental College & Hospital,NCR-Delhi

Tangible Outcomes:

An understanding of Importance of Oral Health.

Title -Seminar on Basics of Research Methodology

Preface:

As an initiative of Faculty Development programme and sensitization of undergraduate students for Research a CDE programme on “Basics of Research Methodology” was conducted by the Department of Conservative Dentistry and Endodontics, Santosh Dental College & Hospital on 25th March 2022

Objective of the session was to train the faculty, undergraduate & Postgraduate students of Santosh Dental College and Hospital.

Collaboration:

The event was organized by Department of Conservative Dentistry and Endodontics, Santosh Dental College & Hospital

Execution:

The program was conducted under the esteemed guidance of Dean Dental, Dr. Akshay Bhargava.

The programme was commenced with lamp lighting ceremony by the dignitaries: Dr. Akshay Bhargava - Dean Dental and Vice-Dean Dental- Dr. Rajiv Ahluwalia , Heads of all departments & Senior faculty members.

The occasion was graced by the following Esteemed invitees :

Dr. Dakshina Bisht - Chief Guest, Director IQAC, SDU

Dr. Jyoti Batra - Special invitee, Dean Research, SDU

Dr. Ritu Gupta - Guest Speaker, ITS-CDSR , Muradnagar

Inauguration was followed by the Guest Lecture by Dr. Ritu Gupta. She sensitized students about the research orientation and its importance. She emphasized on having research profile by every researcher and the importance of published research in scientific journals. Approximately 250 BDS 2nd, 3rd ,4th year students and Interns attended the course and were provided with participation certificates. The CDE programme was much appreciated by the students and faculty members.

Tangible Outcomes:

An understanding of Basics of Research Methodology.

Title - CME on Environment and Diabetes

Preface:

The Department of General Medicine, Santosh medical college & Hospital, Ghaziabad organized a CME on World Health Day on 7th April, 2022.

Objective of the session was to orient the faculty and post-graduates theme of World Health Day "Our planet, our health" as good clinical practice.

Collaboration:

The event was organized by Department of General Medicine, Santosh medical college & Hospital, Ghaziabad in collaboration with Delhi Diabetic Forum.

Execution:

- The welcome address was given by Dr. Ashok Kumar, HOD General Medicine, SMCH and he welcomed Guest of Honour Dr. Alpana Agarwal, Registrar, Santosh University and Dr. Sushil Gaur, Medical Superintendent Santosh Hospital.
- Dr. Alpana Agarwal addressed the gathering and highlighted the importance of environment and Health.
- The CME started thereafter with the program already circulated.
- Dr Shivani Bansal, Professor Medicine enlightened everyone about the theme of world health day " our planet our health", overview and introduction of world health day and the need to depollute the planet to stop increasing diseases like Cancer, Asthma and Heart disease.
- Dr Ashok Kumar explained in detail about "Environment and Diabetes". As we all know Diabetes is one of the most common non communicable disease which has multiple aetiologies and role of Environment as Causal factor still not control. Our surrounding environment may have multiple effects in control of this condition and on occurrence of new cases of Diabetes indirectly. The Speech was very well articulated by Dr. Ashok through presentation about Diabetes and Environment association, workup, timely intervention and detailed summary of the topic.
- Dr. Neelima Aggarwal Professor, Obstetrics & Gynecology, explained in detail about women's health and covered all the aspects of women health and its importance in modern world.
- The talk on health day is incomplete without the discussion on mental health and Dr Rani Srivastava, Professor, Clinical Psychology talked in detail about mental health and its impact on society.

- Students of Dietetics & Clinical nutrition under Guidance of Deepshikha, Lecturer & Nutritionist made and displayed the theme related posters on

the wall of CME hall.

- The CME was also successful with the equal participation of Chairpersons Dr KC Agrawal, Head of Dept. of Paediatrics, Dr. Manisha Gupta, Professor, Obstetrics & Gynecology, Dr. Juhi Agarwal HOD, Department of Biochemistry and Dr. Brijesh Saran, Assistant Professor - Department of Psychiatry, in presence of post graduates and interns at Santosh hospital Ghaziabad, NCR.
- The CME was coordinated by Dr. Ranjum Chaudhary, Assistant Professor, Department of General Medicine. The CME was attended and appreciated by more than 100 Students, Post graduate student and faculties from all the Clinical Departments.

Tangible Outcomes:

An understanding of environment as a causative factor in Diabetes.

Title – Inauguration of Santosh-Incubation and innovation center

Preface:

Mapping the scope for investment and entrepreneurship opportunities in healthcare to increase the capacity of healthcare either by new models of service delivery or acquisition of new technologies and bearing that Entrepreneurship and Innovation is yet not a locus of academic institutions, Santosh Deemed to be University inaugurated the Santosh Start-up Forum: Innovation and Incubation center on 11th June., 2022.

Objective of the session was to orient the faculty and students on role on newly inaugurated Santosh-Incubation and innovation center in initiating entrepreneurial activities in university.

Collaboration:

The event was organized by Santosh Deemed to be University in collaboration with veterans Wavemakers to incubate and commercialize the ideas of students and faculty from stages of pre-ideation and ideation to commercialization.

Execution:

The program started with words of wisdom by Dr Manoj Goyal, Chancellor, Santosh Deemed to be University followed by opening remarks by Dr Tripta Bhagat, Vice-chancellor, Santosh Deemed to be University. Following this Dean Research, Dr Jyoti Batra introduced Santosh Start-up Forum (SSF) to the audience and also introduced the constitution of Board of Directors of Santosh Start-up Forum, Dr Alka Aggarwal, Dean, Santosh Medical College and Hospital, Dr Akshay Bhargava, Dean, Santosh Dental College and Hospital and Dr Jyoti Batra, Dean Research. The chief guest Mrs Sunita Verma graced the occasion with her presence and shared her experience on medical devices and extended support to current and prospective incubates of SSF. The SDU welcomed other guests of honor including Dr Akash Malik and Dr Salaj Rana.

The incubation partners in industry, Wavemakers role in entrepreneurship was explained by its board of directors including Mr Manoj Arora, Mr Gagan Ghai and Mr Abhimanyu Singh. This was followed by success stories of various start-ups including Aether Bio Medical, Organic Ledger, Tejas Readers Pvt Ltd, Nutrelis, Doree, Organic Icon and Mitti. The incubates of SSF also presented their ideas and business plan which included, Marvel tooth Brush, Dental Saturation, Psychegram, Kaagzi and Healthcare crypto.

The awards for best innovation and entrepreneurship were bagged by Marvel toothbrush by Muskan Sachdeva and Afreen Ali; Psycheogram by Priesha and Oraganic Icon by Bharat Anand. The event was concluded after felicitation with vote of thanks by Dr Neeti Mittal, Associate Professor, Santosh Deemed to be University.

Tangible Outcomes:

An understanding of potential role of Santosh-Incubation and innovation center in initiating entrepreneurial activities in university.

Pitch Deck Training session 1

Preface: Santosh Deemed to be university organised a start-up mentoring session on crafting Pitch Deck for faculty and students on 15th Dec., 2021.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 2 student start-ups were discussed and mentored for developing Pitch Deck by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

1. **MUSKAAN (CURRENT STUDENT) - Proposed Startup : The Marvel Toothbrush (Dental Health)**

- To provide a solution to dental problems, they are trying to build a user-friendly e-toothbrush that provides regular update on the health status of the mouth and maintains good oral health.
- The marvel tooth brush model provides real time feedback on your brushing habits by connecting with the app on your smart phone, helping you improve your overall oral health
- An inbuilt water proof sensor to detect the pressure and direction of brushing technique followed by the person with automatic on/off system to alert user to apply corrective measures of brushing.
- A Timer set at 2min to make the person follow the apt timing of brushing.
- Inbuilt camera to scan health status of mouth (during massage mode) via image processing, oscillating and rotating brush head along with the durable and long lasting bristles.
- Detachable head for dental flossing.
- Detachable bristle plate
- Includes Different Modes
- Brushing Mode
- Massage Mode
- Tongue cleaning mode

Mr. Hora's inputs -

- She shall be given a stricture for the idea presented
- She shall be offered key USP's for the idea and shall be assisted on creating blue print in the next physical meeting in the campus

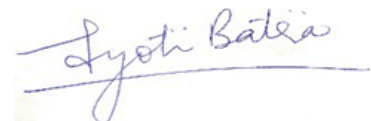

1. YUKTA (CURRENT STUDENT) - Proposed Startup (Health Tech)

- Basically the idea is to have the right amount of dentists or in the future even doctor in every state. Be it urban or the rural lands. The target audience has to be kept in might and the vision is to idealise and work with different AI systems or tools
- The medical professionals and future medical graduates are the target audience
- This idea has been integrated for a long time in the marketing world to study the insights and audience

Mr. Hora's inputs -

- She has to work on the business model, competition & market strategy
- Do the initial competition mapping
- She shall be offered key USP's for the idea and shall be assisted on creating blue print in the next physical meeting in the campus

The event was coordinated by Dr Neeti Mittal, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

Preface: Santosh Deemed to be university organized a start-up mentoring session on crafting Pitch Deck (Session -2) for faculty and students on 14th Jan., 2021.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 2 student start-ups were discussed and mentored for developing Pitch Deck by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

1. PRISHA (CURRENT STUDENT) - Proposed Startup : Your Space (Mental Health Space)

- Emphasis on awareness & solutions
- Focus on Marginalized society & urban population
- To start this as an informative platform
- Orphanage kids & her friends mental counseling inspired her to initiate this idea

Mr. Hora's inputs -

- She is in a clearly defined space but needs to work on target market which is either B2B or B2C
- She needs to study ANTRAMANH the brand already making waves in this space and make her observations
- She shall be given a stricture for the idea presented
- She shall be offered key USP's for the idea and shall be assisted on creating blue print in the next physical meeting in the campus

2. HARSHIT (CURRENT STUDENT) - Proposed Startup : Kaaghzi (Dry Fruits Ecommerce Retail Space)

- Comes from a business family into dry fruits from Gaya, Bihar

- Focus on best quality and best prices and eliminate middlemen
- The working title is yet to be decided
- Has done the 1st primary survey by meeting a lot of retailers who are offering inferior quality at high prices

Mr. Hora's inputs -

- The primary aspect is importance of physical health
- Harshit to go through Kabliwala.com and study their approach
- He shall be assisted with a framework from ideation to prototype basis the inputs offered the next physical meeting in the campus

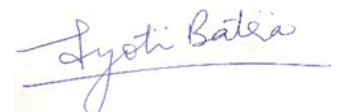

3. JYOTI SACHAN (CURRENT STUDENT) - Proposed Startup : The Door (Meditation Space)

- One stop solution for meditation
- Inspired by a regular person who guided her for meditation
- Just an idea as of now

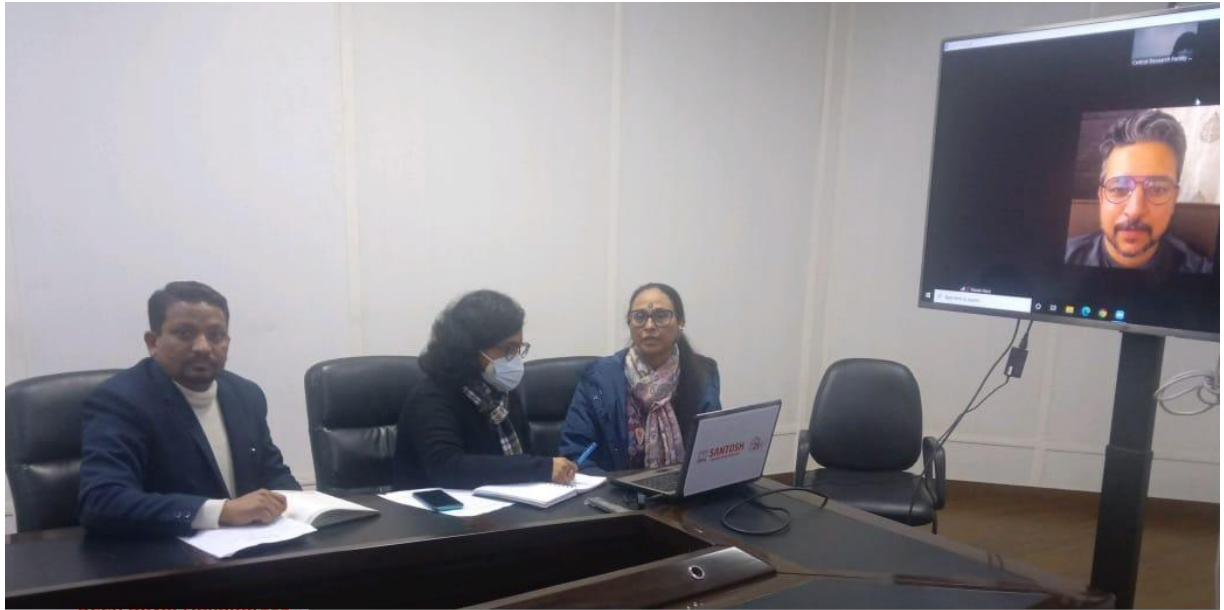

Mr. Hora's Inputs -

- She has to study : Mindhouse, An App already in this business
- Do the initial competition mapping
- She shall be assisted with a framework from ideation to prototype basis the inputs offered at the next physical meeting in the campus.

Pitch Deck Training -Jan 2022

Preface: Santosh Deemed to be university organised a start-up mentoring session on crafting Pitch Deck (**session 3**) for faculty and students on 27th Jan., 2022.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 5 student start-ups were discussed and mentored for developing Pitch Deck by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

Start Up 1 - Muskaan - The Marvel toothbrush

- patenting has been submitted
- Swot analysis has been done
- Creating a channel to keep the patient connected to the dentist
- Bridging the gap between the dentists and their patients
- Make sure that since the careening is happening, the patient can self-diagnose and then go to the dentist for proper check up

Start Up 2 - Dental Saturation - Dr. Yukta

- Start-up India integration
- Prototype is between 4 to 6 months
- Coding - 4/6 months
- Total cost is 5 lakhs Appx
- 1000 visits per month which will increase to 30,000 in a year's time
- CRM is the main expense

Start up 3 - Preisha - PYSCHGRAM

- Survey result - very interesting facets came out
- Make it more content driven and make it pro active
- PROCESS AND PUBLICISE
- Amount required is
- Content development and UI/UX - 3 months

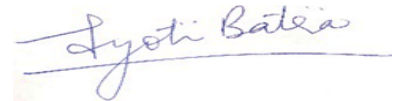

Start up 4 - Kaagzi

- Questions for the survey to be sent by Monday - 500 No. s
- Survey to be conducted and submitted by 28th Jan

Start up 5 - Door to Meditation - Jyoti

- Needs to cross Stage 1 first...have got time till 25th Jan

The event was coordinated by Dr Sanjeev Tomar, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

A handwritten signature in blue ink that reads "Jyoti Batra". The signature is written in a cursive style and is underlined with a single horizontal line.

Pitch Deck Training-Feb 2022

Preface: Santosh Deemed to be university organised a start-up mentoring session on crafting Pitch Deck (session 4) for faculty and students on 3rd Feb., 2022.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 5 student start-ups were discussed and mentored for developing Pitch Deck by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

Start Up 1 - Marvel Toothbrush

No update from Mr. Manvendra from IDS on the funding bit. Request Dr Batra to please take it on top priority as we are stuck on this project. Another option is to present it to Dr Santosh in his personal capacity, so will send a concept note to him by Monday, 7th Feb

Start Up 2 - Dental Saturation

Yukta will submit the revised XL by tomorrow. I will now work on the concept note to be sent across by Monday, 7th Feb

Start Up 3 - Pyschgram

Post Preisha's in depth discussion with Rahul and Stuti from my team, Preisha has come to a conclusion that the site will be an informative and (booking appointment) site rather than e-commerce. Once the final cost structure comes to Preisha, she will revert with the revised XL with timelines for both completion and amount that is required stage wise

Start Up 4 - Kaagazi

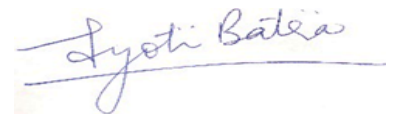

The survey now has 120+ responses. Once we clock 250+, we will be able to formulate really interesting insights and develop the model around it. Harshit will be introduced to the WBS Design team (Mon/Tue) to create the basic wireframe and the cost structure of the website. Additional expenses like Logo Design, packaging design,

printing, SEO/Digital Marketing, etc needs to be factored in. For the backend, Harshit will do the research on the procurement of dry fruits, warehousing and logistics, etc.

Start Up 5 - A Door to Serenity

We discussed the questions and Jyoti will now formulate 12 final ones and share them with me by tomorrow. We will then create a google survey form (like Kaagazi) and get responses from at least 200 participants. As far as XL is concerned, she will rework on it and get back

The event was coordinated by Dr Sanjeev Tomar, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

A handwritten signature in blue ink that reads "Jyoti Batra". The signature is written in a cursive style and is underlined with a single horizontal line.

Pitch Deck Training- Feb., 2022.

Preface: Santosh Deemed to be university organised a start-up mentoring session on crafting Pitch Deck (session 5) for faculty and students on 22nd Feb., 2022.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 4 student start-ups were discussed and mentored for developing Pitch Deck by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

Start Up 1 - Marvel Toothbrush

Mr. Manvendra from IDS is still evaluating the proposal and post sharing the mail of the grant of 1.5 lakhs, he still has to confirm the date on the funding bit. Dr. Batra is going to expedite this now as we have to close the loop on this now. Parallely, I will present the document/SWOT analysis of MARVEL to Dr. Santosh to invest in his personal capacity by Tuesday, 15th Feb' 22.

Start Up 2 - Dental Saturation

Yukta will speak with both the UI/UX guys and submit the final sheet and the presentation latest by Monday, 14th Feb' 22. Post this, I will submit the sheets and SWOT analysis to Dr. Santosh.

Start Up 3 - Pyschgram

Post Preisha's in depth discussion with Rahul and Stuti from my team, Preisha has come to a conclusion that the site will be an informative and (booking appointment) site rather than e-commerce. The final cost will be 1.75 lakhs + taxes and will take 8 months from start to finish. She will submit the XL with timelines for both completion and amount that is required stage wise so that we can then move to the funding stage. She will submit the same by Monday, 14th Feb' 22.

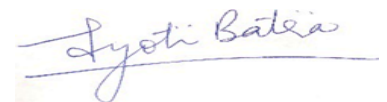

Start Up 4 - Kaagazi

The survey now has 130 + responses..once we clock 250+, we will be able to formulate really interesting insights and develop the model around it. Harshit will be introduced to Stuti Bajaj on Monday, 14th Feb to create the basic wireframe and the cost structure of the website. Additional expenses like Logo Design, packaging design, printing,

SEO/Digital Marketing, etc needs to be factored in. For the backend, Harshit has spoken with a few distributors and wholesalers and rates will be shared in a few days.

Start Up 5 - A Door to Serenity: IDEA HAS BEEN SHELVED

The event was coordinated by Dr Neeti Mittal, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

Pitch Deck Training session -Feb 2022

Preface: Santosh Deemed to be university organised a start-up mentoring session on crafting Pitch Deck(session-6) for faculty and students on 22nd Feb., 2022.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 4 student start-ups were discussed and mentored for developing Pitch Deck by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

1. **Marvel Toothbrush**

- Access to funds (up to 1.5 lakhs) has been granted
- The first list of requirement has been given to the authorities
- The list of products are expected to come in by 14th
- The 1st step of getting the camera in place and the rudimentary prototype will be ready by 3rd week of April
- **No update on patent**

2. **Dental Saturation - Yukta**

- Share the draft with Dr. Santosh for his evaluation
- Yukta has to get back with the financial sheet for the next 12 months

3. **Pychgram - Preisha**

- Make the XL in a more professional manner with clear timelines

4. **KAAGZI - Harshit**

- Website design and development - 3.5 lakhs
- Packaging design - 70-75k
- Logo + brand manual - 70-75k
- Warehousing + cold storage + packaging and dispatch + staff/labour - Harshit will be aligned with Manish Singhal
- Procurement/ Inventory cost - He will be aligned with Manish Singhal

The event was coordinated by Dr Neeti Mittal, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

Start-up mentoring session-April-2022

Preface: Santosh Deemed to be university organised a start-up mentoring Start-up for faculty and students on 22nd April, 2022.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 5 student start-ups were discussed and mentored for Start-up idea development by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

Start Up 1 - Marvel

- Discussion with Muskan and team on 21st April' 22 regarding the list of items and the designated time frame to get the prototype ready by 20th May' 22

Start Up 2 - Dental Saturation

- Didn't show up but not much was required to discuss

Start Up 3 - PYSHEGRAM

- Preisha was visiting the hospital for a COVID dose

Start Up 4 - KAAGZI

- The presentation is looking much better and he will send me the revised cut by the weekend. I will then work on the final pitch and confirm the price

Start Up 5 - CSR - Shiny - SERVE

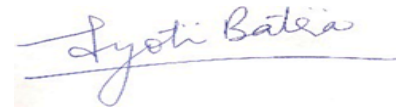

- The verticals that she wants to work on: Menstruation hygiene; women nutrition; elementary education and awareness amongst girls.

Start Up 6 - Vaccination App

- Needs more time to work on the PRESENTATION..wil submit it next week

With the initial ones matured enough to be incubated, we now need to work on the next pool of 2/3 more ideas.

The event was coordinated by Dr Sanjeev Tomar, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

A handwritten signature in blue ink that reads "Jyoti Batra". The signature is written in a cursive style and is underlined with a single horizontal line.

Start-up mentoring session-March-2022

Preface Santosh Deemed to be university organised a start-up mentoring Start-up for faculty and students on 31st Mar., 2022.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 6 student start-ups were discussed and mentored for Start-up idea development by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

Start Up 1 - Marvel

- All sorted but waiting for the funds to start working on the prototype. Request you to kindly ADDRESS this immediately

Start Up 2 - Dental Saturation

- Again, all sorted with the deck. But waiting for Santosh Sir's go ahead on the IA piece so that we can start the work

Start Up 3 - PYSHEGRAM

- Preisha will rework on the presentation and submit by end of this week

Start Up 4 - KAAGZI

- Figures aligned. The presentation needs a massive uplift in terms of specs. Again to be submitted by end of this week

Start Up 5 - CSR

- Shiny has finally come to the conclusion that she wants to build a platform that will act as an aggregator cum support ecosystem for all the CSR related work for large and mid level corporates. She will submit a formal deck soon.
- Delay anticipated as exams are coming up as well

Start Up 6 - Vaccination App

- Very interesting idea of creating one unified database of Vaccination drives in this country

- Creating Something on the lines of CoWin albeit for VACCINATION
- Initial form shared with Arjit. To be discussed on Friday, 8th April on our Zoom Call

The event was coordinated by Dr Neeti Mittal, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

A handwritten signature in blue ink that reads "Jyoti Batra". The signature is written in a cursive style and is underlined with a single horizontal line.

Start up mentoring session-March-2022

Preface: Santosh Deemed to be university organised a start-up mentoring Start-up for faculty and students on 11th Mar., 2022.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 4 student start-ups were discussed and mentored for Start-up idea development by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

Start Up 1 - Marvel

- CAD is finalised
- The first list of stuff will be handed over post 14th March
- Prototype will be ready but not the application (this needs to be addressed)
- Second list has been merged with the first one and one final list has been shared

Start Up 2 - Dental Saturation

- Total charges - one time is 6700 USD
- MONTHLY CHARGES WILL BE 2.5 lakhs as a monthly figure

Start Up 3 - PYSCHGRAM

- one time expense is 2.5 lakhs
- Recurring cost of 2 lakh monthly for 12 months

Start Up 4 - KAAGZI

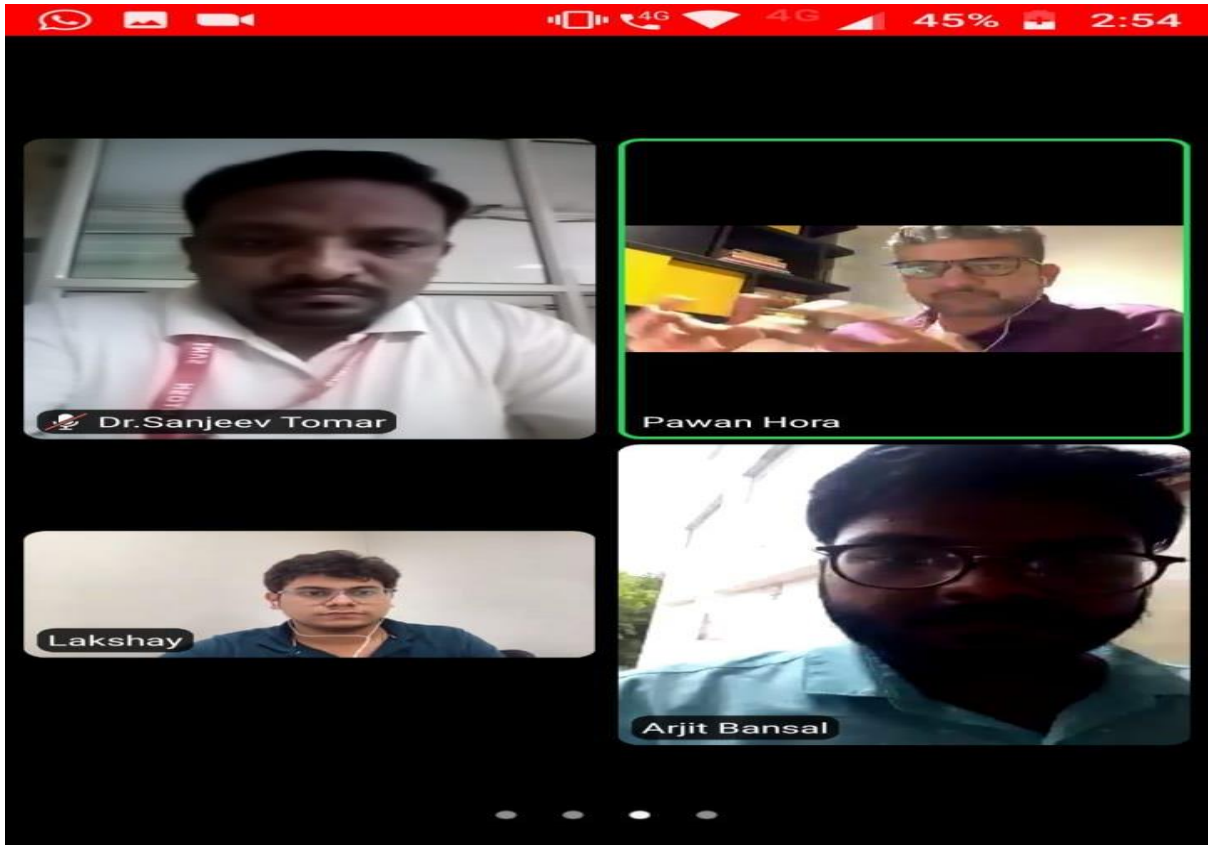

- one time expense - 5 lakhs
- Requirement - 3000 kgs
- Have spoken with Manish for the warehousing
- Per month sale of 200 kg - figure out the cost for the same in terms of packaging, courier charges, etc
- Packaging cost - TBD

The event was coordinated by Dr Sanjeev Tomar, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

Start-up mentoring Session-May 2022

Preface: Santosh Deemed to be university organised a start-up mentoring Start-up for faculty and students on 24th May, 2022.

Objective: To help the students and faculty develop the pitch deck for tapping funding opportunities.

Collaboration: The event was conducted by Institutional innovation council, Santosh Deemed to be University in collaboration with Wishbox Communications Pvt Ltd.

Execution: A total of 4 student start-ups were discussed and mentored for Start-up idea development by Mr Pawan Hora, CEO, Wishbox Communications Pvt Ltd.

Start Up 1 - Marvel

- There is no movement on the list that was finalised 3 weeks back. They haven't received any purchases and Muskaan and co had a discussion with them on 12th but they are still lagging. PLEASE LOOK INTO THIS BECAUSE THIS WILL DELAY THE PROGRESS BADLY
- One more concern was regarding the ownership of the patent as they are being positioned as the inventors and I believe the University is the applicant, hence will be the owner of the patent. One more CONCERN was about how this company will be structured in terms of percentage and ownership

Start Up 2 - Dental Saturation

- Didn't show up but not much was required to discuss

Start Up 3 - PYSCHGRAM

- Preisha will be working on the presentation again to jack up the numbers and make a year long assessment

Start Up 4 - KAAGZI

- The presentation is just missing the annual numbers in terms of expenditure and sales. We will be able to draft out the quantum of money that is required to kick start the proceedings for the start up

Start Up 5 - CSR - Shiny - SERVE

- The verticals that she wants to work on: Menstruation hygiene; women nutrition; elementary education and awareness amongst girls..SHE WILL SUBMIT THE ROUGH PRESENTATION MAX BY SUNDAY, 15TH MAY

Start Up 6 - Vaccination App

- His PRESENTATION hasn't come in. And he was a NO SHOW today

The event was coordinated by Dr Neeti Mittal, Associate Professor, Santosh Deemed to be University and was chaired by Dean research, Dr Jyoti Batra.

Title–Webinar on Improve your NIRF ranking using Web of Science

Preface:

Central Research Facility, Santosh Deemed to be University (Ghaziabad) organized a Webinar 'Improve your NIRF ranking using Web of Science' on 30th September 2020.

Objective of the webinar was to understand the usage of Web of Science for increasing the research output of the university

Collaboration:

- The webinar was organized by Central Research Facility, Santosh Deemed to be University Ghaziabad on virtual platform Zoom.

Execution:

- Event was executed online via virtual platform Zoom. Dr. Jyoti Batra, Dean Research welcomed Ms. Preeti Kumari, Sales Consultant, South Asia, Clarivate.
- Ms. Preeti Kumari conducted online demonstration of Web of Science tools and plugins
- 23 faculty members attended the event
- Vote of thanks was delivered to the participants and organizers by Dr Neeti Mittal, Reader, Santosh Dental College and Hospital who extended gratitude to the Speaker, Ms Preeti Sharma, Management and Dr. Jyoti Batra, Dean Research of Santosh Medical College & Hospital, Santosh Deemed to be University.

Tangible Outcomes:

An understanding of utility of Web of Science for the following:

- Citation analysis and reports, h-index of authors & institutions
- Analysis of search results to find Top authors, journals, institutions, publications etc.
- Research output and impact on overall h-index.
- Impact Factor and its significance in research.
- How to select the best Journals for publishing your research paper?
- Various search methods and refine search options
- Tools available for disambiguation of authors and institutions
- Analyse and find the co-authors, access collaborations and find suitable funding agencies based on research area
- Various methods of building a library in EndNote-world's renowned reference management software

- Ways of finding the best-fit /most suitable journal for a manuscript ready for publishing
- Creating various types of Groups and assigning/sharing references
- usage of Journal Citation Report
- Writing citations & references using the 'Cite-while-you-write' feature of our tool EndNote X9.

Respected Madam/Sir,

The event report is for your kind information, review, records, and further use in press releases/promotions/other purposes appropriately.

Regards,
Dr Neeti Mittal

Title – Workshop on Field Level Immunization Techniques under National Immunization Schedule

Preface:

Department of Community Medicine, Santosh Medical College & Hospital of Santosh Deemed to be University (Ghaziabad) organized a Virtual Workshop on Field Level Immunization Techniques under National Immunization Schedule on 03rd October 2020.

Objective of the workshop was to understand the National Immunization Schedule of India.

Collaboration:

- The workshop was organized by Department of Community Medicine, Santosh Medical College and Hospital, Santosh Deemed to be University
- 40 students participated in the workshop.

Execution:

- It was conducted by Dr. Anupama Singh, Assistant Professor, Department of Community Medicine at 12.30pm.
- The National Immunization Schedule of India was described in brief. Various important vaccines, their formulations, routes, doses, and side effects were explained. How a health worker should give subcutaneous, intradermal and intramuscular injections was described at great length along with do's and don'ts while dealing with patients and their caregivers. Various videos were shown to the students to make them understand how to prepare a vaccine dose and give the doses observing aseptic precautions through the correct route of administration. The videos also explained how the health worker should establish rapport with the mothers of the infants coming to the centre. They also emphasised on the importance of appropriate and adequate communication about the steps of immunisation and the usual events following the injection to the care givers/mothers of the infants which helped them alleviate their anxiety towards the vaccines and their side effects.
- Apart from these, Open vial policy, Vaccine Vial Monitors (VVMs), Cold Chain System was also explained to students.

- The Team of this event included:

Dr. Deepika Agrawal, Professor & Head of Department of Community Medicine

Dr. A. Revanth Kumar, Assistant Professor

Mr. Ashish Gaur, Statistician

Post Graduate students in the Department of Community Medicine

Tangible Outcomes:

- An understanding of National Immunization Schedule of India along with various important vaccines, their formulations, routes, doses, and side effects

Event Report

TITLE- Webinar on Govt. schemes and Start-up policy

Preface:

Central Research Facility of Santosh Deemed to be University (Ghaziabad) organized a webinar on "Govt. schemes and Start-up policy" on 20 November 2020.

Objective of the webinar was to provide an overview of what all Govt. schemes are available for start-ups to take financial support for developing the prototype and further scaling it up to the commercialization stage.

Collaboration:

- The webinar was organized by Central Research Facility at Santosh Deemed to be University.

Execution:

- Event was executed online and the participation was received in electronic mode through MS Teams.
- Dr. Jyoti Batra, Dean Research welcomed Mr. Saurav Kumar and all the participants.
- Mr. Saurav Kumar, Coordinator, NEWGEN IEDC, ITS Engineering College delivered the talk on Govt. schemes and Start-up policy.
- 59 undergraduate students participated in the event.
- Vote of thanks was delivered to the participants and speaker by Dr. Priyanka, who extended gratitude to the Speaker Mr Saurav Kumar Management and 'Dean Research - Central Research Unit, Santosh Deemed to be University'

Tangible Outcomes

- The participants got to know about the several schemes supported by Govt. of India that can help start-ups to kick start their entrepreneurial journey.

Respected Madam

The event report is for your kind information, review, records, and further use in press releases/promotions/other purposes appropriately.

Even Report Title Seminar on Overview of BIRAC program

Preface:

An Orientation program was conducted by Central Research Faculty Santosh Deemed to be University, Development Program on 3rd March 2021, 2:00 PM to 3:00 PM at Room No. 112, First Floor, Santosh Hospital.

Collaboration:

- The workshop was organized by Central Research Facility at Santosh Medical College and Hospital, Santosh Deemed to be University

Execution:

- The topic of the program was "Overview of BIRAC Schemes"
- The Program was delivered by Manveen Singh Chadha, incubation Manager, Santosh Deemed to be University
- 16 faculty members participated in the program
- An overview of different BIRAC Schemes was shared with participants such as BIG, SBIRI, BIPP, SITARE, PACE etc.
- The difference between Proof of Concept and Prototype was also explained with examples and overview of Technology Readiness Level (TRL) was explained to all of them.
- The details on preparing the concept note for submitting the application with details on the Gantt Chart for milestones, pre market survey, Value proposition and financial plan details required were also shared with all of them.
- Vote of thanks was delivered to the participants and organizers by Dr. Jyoti Batra who extended gratitude to the Management and Dr. Manveen Singh Chadha Santosh Medical College & Hospital, Santosh Deemed to be University.

Tangible Outcomes:

- The participants got an insight on guidelines of various scheme under which they can submit their novel and innovative idea.
- They understood the difference between POC and Prototype that helps them to prepare the proposal while submitting the application.
- The faculty members came to know about the schemes through which they can motivate their PG and Ph.D. students to apply for innovative ideas.
- They came to know about the various stages of product development and schemes through which they can get support at each and every stage from time to time.

- They also came to know that University has MoUs with BSC BioNEST incubator through which they are eligible to submit ideas on various BIRAC schemes.
- They were advised to explore ideas and can take support of Manveen Singh Chadha for preparing the concept note and proposal in terms of Business Plan, Milestones, Financial analysis etc.

TITLE- Seminar on an Overview of Ph.D. Programme

Preface:

An Orientation program was conducted by Department of Central Research Under Faculty Development Program on 18th Mar 2021, 11 AM to 12 Hrs at Maharaja Hall, Santosh Deemed to be University

Objective of the webinar was to provide the information about course work of PhD Program, steps and processes of protocol and full thesis submission for faculty and PhD students.

Collaboration:

- The seminar was organized by Central Research Facility at Santosh Deemed to be University.

Execution:

- The topic of the program was “**An Overview of Ph.D. Programme**”
- The program was delivered by Dean Research **Dr. Jyoti Batra**
- A total of 16 Ph. D Scholars from batch 2020-21 participated in the program.
- An overview of Ph. D programme was given to all Ph. D Scholar and they were oriented about the course work, the different formats, logbook and template for protocol submission.
- A very positive Feedback was received from 11 Scholars.
- The details of attendees are as follows:

Central Research Faculty:

1. Dr. Sivanesan
2. Dr. Saurabh Gupta
3. Mr. Manveen

Ph. D Scholars:

1. Km. Sangita
2. Jagriti bansal

Event Report

Title: Seminar on National funding agencies for Extramural Grants: SERB is one gate for many grants

Preface:

An Orientation program was conducted by Department of Central Research Under Faculty Development Program on 25th & 26 Mar 2021, 02 PM to 03 PM at Santosh Hospital & Maharaja Hall, Santosh Deemed to be University respectively. The topic of the program was “National funding agencies for Extramural Grants: SERB is one gate for many grants”

Objective of the seminar was to provide the faculty information about application process National funding agencies for Extramural Grants

Collaboration:

- The workshop was organized by Central Research Facility at Santosh Deemed to be University

Execution:

- The seminar was delivered by Dr. Saurabh Gupta
- A total of 13 faculty members in Santosh Medical College and Hospital participated in the program and 2 faculty members at Maharaja Hall, Santosh Deemed to be University.
- An overview of various funding schemes for extramural grants of National agencies was presented. Also the application process for SERB was explained in detail to the participants. The necessity of the extramural fund for elevating Criteria 3.2.2 and 3.2.3 (Govt. Funding) was also explained to faculty.
- The faculty members who were present
 1. Dr. Sivanesan
 2. Mr. Manveen Singh Chadha
 3. Dr. Neeti Mittal
 4. Dr. Abhishek Pathre
 5. Dr. Swati Singh
 6. Dr. Ritu Jain
 7. Dr. Neelima Agarwal
 8. Dr. Manish Gupta
 9. Dr. Shivani Bansal
 10. Dr. Virendra Yadav
 11. Dr. Brijesh Saran
 12. Dr Sanjay Sahay
 13. Dr Mayurika Tyagi
 14. Dr K.C Aggarwal

Tangible Outcomes

- Awareness on Extramural funding schemes in Health Sciences Research

Conducted By

Dr. Saurebh Gupta
(Research Associate)

Event Report

Title – Workshop on Acute Flaccid Paralysis and Surveillance

Preface: Inter-Departmental Meet was conducted by the Department of Pediatrics and Department of Occupational Therapy on Thursday, 25th March 2021, 1:30-3:00 PM in Pulmonary Chest TB Department Seminar Hall, 1st Floor, Santosh Medical Hospital, Ghaziabad (UP).

Objective of the workshop was to understand the role of surveillance for Acute Flaccid Paralysis

Collaboration:

- Department of Paediatrics Santosh medical College and Hospital organized a seminar on Acute Flaccid Paralysis and Surveillance in collaboration with Department of Occupational Therapy, Santosh medical College and Hospital and World Health Organization (Uttar Pradesh)

Execution:

- The event was moderated by the head of the department, Dr K.C. Aggarwal, Prof and HOD, Department of Paediatrics, Dr Sanjay Kumar Goswami, Assistant Professor Faculty of Occupational Therapy, Santosh Medical Hospital, Ghaziabad and Dr Abhishek S. Kulshreshta, Surveillance Medical Officer, National Public Health Surveillance project, World Health Organization, Ghaziabad (UP). The meeting was attended by all the Faculty of the respected Departments, Post graduates and interns with total members being nearly about 25.
- There was a presentation on Acute Flaccid Paralysis where non polio causes and presentations were discussed. This was followed by presentation on Acute Flaccid Paralysis Surveillance presented by Dr. Abhishek S. Kulshreshta. The course of Polio eradication programme was discussed over the time period. Dr. Abhishek spoke about the importance of surveillance despite of no polio cases reported since 2011. The areas in Ghaziabad which were under the surveillance were covered. The meeting was highly interactive, informative and educative. The meeting was appreciated highly by the attendee.
- The Acute Flaccid Paralysis Surveillance presentation was given by Dr Abhishek S. Kulshreshta. The presentation on Acute Flaccid Paralysis was given by Dr. Vidisha Singh PG-2, Department of Paediatrics followed by discussion regarding the topic and various aspects of differential diagnosis and management. It ended with vote of thanks and high tea (courtesy WHO).
- There was active participation by the respected faculty and post graduates.
- The WHO representative Dr Abhishek S. Kulshreshta promised to support such activities in future as well.

Tangible Outcomes:

- Understanding the role of surveillance for Acute Flaccid Paralysis

TITLE- Seminar on importance of building apps and websites for start-ups

Preface:

Central Research Facility of Santosh Deemed to be University (Ghaziabad) organized a Seminar on "importance of building apps and websites for start-ups" on 20 April 2020.

Objective of the workshop was to demonstrate the need of app and website with user centric design and how to analyse whether your product values a mobile-first strategy or a web-first.

Collaboration:

- The workshop was organized by Central Research Facility in collaboration with Santosh medical college and hospital, Santosh Deemed to be University.
- 44 students attended the event.

Execution:

- Event was executed online and the participation was received in electronic mode through MS Team. Dr. Jyoti Batra, Dean Research welcomed Mr. Shiva Kumar and all the participants.
- Mr. Shiva Kumar delivered the talk on how to build apps and websites for start-ups.
- 44 undergraduate students participated in the event.
- Vote of thanks was delivered to the participants and speaker by Dr. Mayurika, who extended gratitude to the Management and 'Dean Research - Central Research Unit, Santosh Deemed to be University'

Tangible Outcomes:

The participants understand that startup should develop wireframes to get an idea of how app will look like and how it will function. This gives you an idea of the usage and also identifies any other requirement that might be needed.

Collaboration:

- The workshop was organized by Central Research Facility in collaboration with Santosh Dental college and hospital, Santosh Deemed to be University.
- 21 Faculty Members and 106 students attended the event.

Execution:

- Event was executed online and the participation was received in electronic mode through MS Teams. Dr. Jyoti Batra, Dean Research welcomed Mr. Himanshu Mehlaawat and all the participants.
- Mr. Himanshu, CEO, Intra University delivered the talk on need and requirement of setting up the Incubation Centre at the University.
- 21 Faculty Members and 106 undergraduate students participated in the event.
- Vote of thanks was delivered to the participants and speaker by Dr. Priyanka, who extended gratitude to the 'Dean Research - Central Research Unit, Santosh Deemed to be University'

Tangible Outcomes

The participants understand the importance and functions of setting up the Incubation Centre. Mr. Himanshu also explained the various business models of Uber, Amazon and Flipkart and shared their success stories.

He elaborates various steps to establish an Incubation Centre and how it will help generate startups at the Institution.

Respected Madam/Sir,

The event report is for your kind information, review, records, and further use in press-releases/promotions/other purposes appropriately.

Regards,

Dr. Priyanka Bhushan

EVENT REPORT

TITLE-

Workshop on Healthcare Startups in INDIA

Preface:

Central Research Facility of Santosh Deemed to be University (Ghaziabad) organized a Workshop on "Healthcare Startups in India" on 8 June 2020.

Objective of the seminar was to provide awareness on the latest technologies utilized in developing the healthcare devices and share the glimpse of some of the unique products developed by the startups in the healthcare sector.

Collaboration:

- The workshop was organized by Central Research Facility in collaboration with Santosh medical college and hospital, Santosh Deemed to be University
- 63 students attended the event.

Execution:

- Event was executed online and the participation was received in electronic mode through MS Teams). Dr. Jyoti Batra, Dean Research welcomed Mr. Himanshu Mehlaawat and all the participants.
- Mr. Himanshu, CEO, Intra University discussed about the Innovation of Healthcare startups in India.
- 63 undergraduate students participated in the event.
- Vote of thanks was delivered to the participants and speaker by Dr. Mayurika, who extended gratitude to the Management and 'Dean Research - Central Research Unit, Santosh Deemed to be University'

Tangible Outcome:

The participants understand the various problems that existing startups are working upon to solve the pain point of customers.

Mr. Himanshu also shared the innovative ideas of some of the healthcare startups to explain and showcased the interdisciplinary effort required in building the product from idea to commercialization.

Respected Madam/Sir,

The event report is for your kind information, review, records, and further use in press-releases/promotions/other purposes appropriately.

Title - Workshop on awareness on Scopus database

Preface:

Central Research Facility, Santosh Deemed to be University (Ghaziabad) organized a Workshop on Webinar on Scopus database in research on 10th-11th January, 2019.

Objective of the workshop was to understand the following

- How to do effective literature search?
- How to choose a journal for publication?
- Look for experts/collaborators and opportunities for interdisciplinary research?
- How the research managers can strategize organizational research?
- How librarians can help in selecting scholarly resources?

Collaboration:

- The workshop was organized by Centre Research facility at Santosh Deemed to be University in collaboration with Scopus, Elsevier.

Execution:

- Event was conducted online via virtual platform, Zoom. Dr. Jyoti Batra, Dean Research welcomed **Dr Shubhra Dutta, Customer Consultant, Elsevier** and all the participants.
- Dr. Shubhra Dutta has more than 15 years' experience in Academic and Corporate research in cell biology and field of drug discovery and have worked with all the five top global pharma companies and have contributed in developing solutions for various clinical conditions and diseases. She is working with Elsevier for the past 4 years as Customer consultant supporting researchers and institutes in their quest for research excellence.
- 67 faculty members attended the event.
- Vote of thanks was delivered to the participants and organizers by Dr. Mayurika Tyagi, Assistant Professor Santosh Medical College & Hospital, Santosh Deemed to be University.

Tangible Outcomes:

- Effective literature searches in Scopus
- Choosing right journal for publication?
- Guidance on looking for experts/collaborators and opportunities for interdisciplinary research Understanding List of journals in Q1, Q2, Q3 and Q4 categories & respective details & importance.

Title -Lecture on Breaking the Bad News

Preface:

Santosh Deemed to be University (Ghaziabad) organized a guest Lecture on Breaking the Bad News by Dr Mina Chandra on 25th Mar., 2019.

Objective of the guest lecture was to enable the medical students to develop the communication skills required to deliver the bad news to the patient's attendants.

Collaboration: The event was conducted by Santosh Deemed to be University in collaboration with Bioethics Unit.

Execution:

- The workshop was held in Maharaja Hall at Santosh Deemed to be University.
- Dr Jyoti Batra, Professor, Dept of Biochemistry introduced and welcomed the speaker Dr Mina Chandra, Joint Secretary and Coordinator of student wing, Member of Steering Committee, Central India Unit, Bioethics, Haifa.
- Dr Mina Chandra explained that breaking bad news demands a great deal of professionalism, patience, and energy. This communication requires the twofold complex process of finding appropriate kind words and understandable terminology, and the secondary task of assessing how the patient and family are reacting, the degree of distress that the conversation is inducing, and the subsequent tailoring of information as the NP responds to the assessment process. The last segment of this communication is to move the patient and family from the bad news to the future plans with realism and hopefulness.
- 109 students and 36 faculty members attended the lecture.
- Vote of thanks was delivered to the participants and organizers by Dr Jyoti Batra, Professor, Dept of Biochemistry.

Tangible Outcomes: An understanding of the SPIKES protocol for breaking the bad news which involves the following

1. Establish an appropriate setting.
2. Check the patient's perception of the situation prompting the news regarding the illness or test results.
3. Determine the amount of information known or how much information is desired.
4. Know the medical facts and their implication before initiating the conversation.
5. Explore the emotions raised during the interview.
6. Respond with empathy.
7. Establish a strategy for support.
