Event Report

- **Name of Workshop:** Voluntary Blood Donation Camp
- **Venue:** Blood Centre Santosh Hospital , Santosh Medical college Ghaziabad
- **Date /Month/Year: 1 October 2022 at 9 AM to 1 PM**
- **Organising Unit /Collaborating agency:** Department of Transfusion Medicine & Pathology in collaboration with IMA Ghaziabad.
- **Number of participants-** Faculty/Students with proof: 50
- Expenditure incurred if any:

Program Details:

Preface: In India, every two seconds, a person requires blood. India needs four crore units of blood every year, but only mere 40 lakh units are available.

Collaboration: Blood Centre, Santosh Medical and Dental College Hospitals in association with Indian Medical Association , Ghaziabad on the occasion of National Voluntary Blood Donation day organized a voluntary blood donation camp at Blood Centre Santosh Hospital .

Execution: The programme was opened by welcoming the IMA office bearers including president IMA Dr Sandeep Varshney and other dignitaries by Dr Amit Verma HOD transfusion medicine department & Dr Swati Singh associate professor pathology.

Volunteers who wished to donate were first counselled regarding the benefits of blood donation, and others were also motivated who were first hesitant. After the donor screening and counselling and those who were fit to donate blood were sent for donation. The donation was conducted under all aseptic conditions. Special care was given to the donors as well as the donated blood. After donation, the donors were given some refreshments and snacks in the form of bananas and juice and were asked to relax.

The faculty of Transfusion Medicine and Pathology took outstanding care of the donors pre and post-donation and provided healthy post-donation refreshments. We are genuinely grateful to work with such enthusiastic people. All the donors were happy post-donation and were keen on donating blood again and motivate others too.

The blood bank team of Doctors including Dr Amit Verma and Dr Swati Singh also addressed the common myths that prevent people from coming forward and donate blood regularly and laid out facts regarding blood donation.

The Programme was supported by Dr Alka Aggarwal Dean, Dr Shalabh Gupta Dean Academic, Dr Manish Sabharwal facility Director & Dr Sushil Gaur Medical Superintendent who gave there valuable support to the department and also encouraged the students to participate in the programme. We whole heartedly thank them.

Special thanks to Dr Mayurika Tyagi & the blood bank team of Mr. N Mannikam. Mr. Shashi Bhushan Shukla & Mr Guarav Chauhan.

Tangible Outcomes: 18 units of blood were donated by healthy voluntary blood donors which will be utilized for the sick and needy patients of Santosh Hospital.

Activity Title

Interpretation of CBCT

Title of MoU

**Santosh Deemed to be University, Ghaziabad and Dental Imaging Centre
Noida**

(Duration: From 27/12/21- To 26/12/23)

Date – 4/8/2022

Preface: CBCT is the latest skill in the interpretation of the Oral lesions in radiographic examination. This activity aims to give an edge to an Oral Pathologist helping them to achieve better understanding of CBCT.

Objectives: To learn interpretation of CBCT Scan

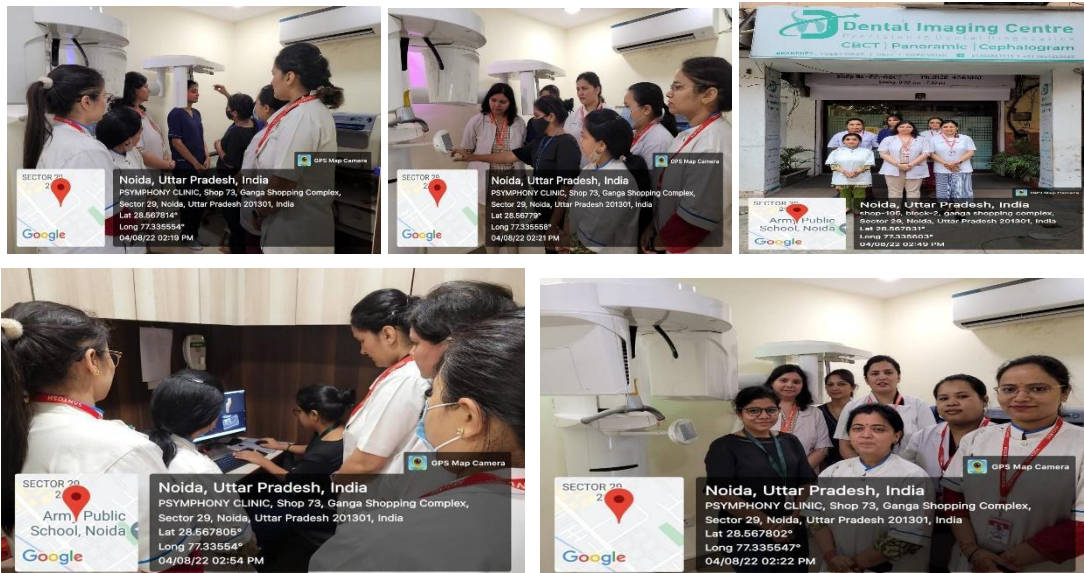

Execution: 4 Post Graduate students (Dr. Richa, Dr. Deepti, Dr. Nancy and Dr. Mona) from the Department of Oral Pathology went to the Dental Imaging Centre under the guidance 2 faculty members (Dr. Kanika Bhalla & Dr. Shreya Singh).

Outcomes: Students learnt how to interpret CBCT and relate it to the clinical features of the patient. This is an added advantage over learning routine radiography.

Number of students participated: 04 Post Graduates

Number of teachers participated: 02

Doctor's Day-1st July-22

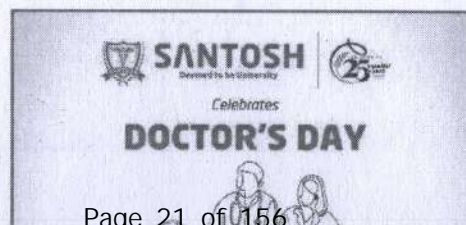

VENUE: Santosh Hospital, Gharonda orphanage, and Santosh Medical College, Ghaziabad

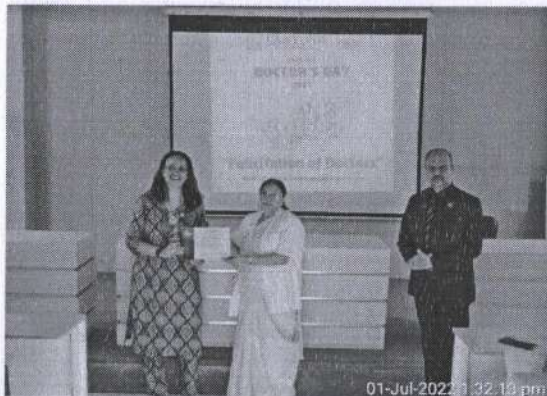

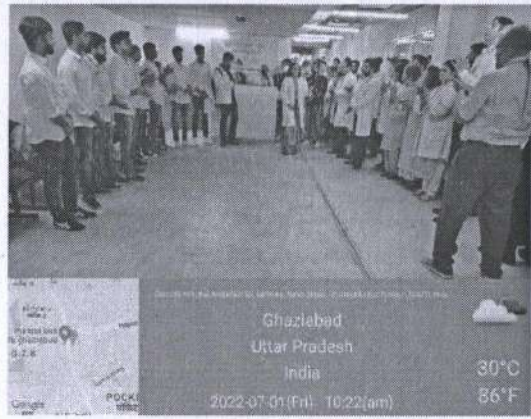

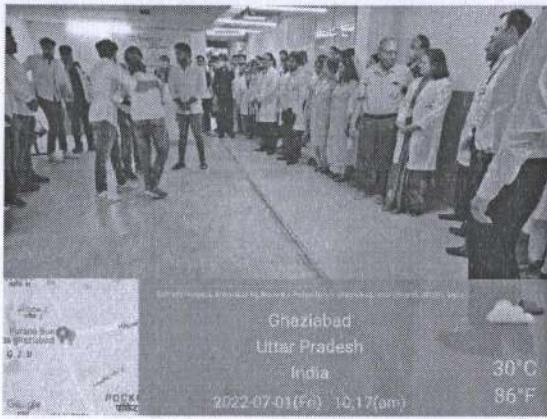

DATE: 1st July 2022

REPORT

- Doctor's Day was celebrated in Santosh Medical College with a lot of enthusiasm and fervor. On this day, various activities were planned in the medical college and hospital as well as the field practice areas of the Dept of Community Medicine. The event was circulated on the different social networks.
- The health camp was organized in collaboration with Gharonda, a home for underprivileged children.
- The day started with a Nukkad Natak presented by interns and undergraduate medical students in the Santosh Hospital, depicting 'A day in the life of a Doctor'. It dealt with the everyday challenges faced by the doctors including aggression by relatives of patients and how the doctors provide services against all odds. Faculty and other staff members of the hospital applauded the nukkad natak.
- A free health camp was organized on 1st July 2022, in Gharonda which is an orphanage in district Ghaziabad, by Department of Community Medicine, Santosh Medical College, Ghaziabad. A total of 30 children who were between the ages of 3 months to 10 years were examined. Patients requiring advanced treatment were advised to visit higher centre (Santosh Hospital) for respective specialty. Dental examination of the children was also done by dental postgraduate students. All children were given Albendazole tablets and syrup for deworming. The camp culminated with juices and snacks distribution to the underprivileged children of Gharonda.
- The day ended with felicitation of the doctors for their valuable contribution during the COVID 19 pandemic.

The photographs are attached herewith.

REPORT ON BLS - AMERICAN HEART ASSOCIATION CERTIFICATION
COURSE CONDUCTED ON 16.04.2022

TITLE OF THE PROGRAMME:

BLS - American Heart Association Certified course, conducted in association with the Shibli Academy of Health & Skills Sciences

DATE & TIME:

16.04.2022; Between 2:30 pm and 6:30 pm

DURATION:

Four Hours

EXTERNAL TRAINERS:

1. Dr. Ehtesham Shibli, Director, Shibli Academy of Health & Skill Sciences - American Heart Association Authorized International Training Centre
2. Dr. Zareen, Trainer, Shibli Academy of Health & Skill Sciences - American Heart Association Authorized International Training Centre

TOTAL NUMBER OF PARTICIPANTS:

MBBS Final Year students - 16 nos.

SCREENSHOTS OF THE PROGRAMME

BLS course has been successfully organized and conducted on 16.04.2022 at 2:30 pm in Maharaja Hall.

The session began with a Welcome address by Dr. Ezhilrajan, Deputy Registrar, followed by Introductory note on the BLS programme by the Dean Academics, Dr. Shalabh Gupta sir and felicitation by Director IQAC, Dr. Dakshina Bisht Madam. After that the Trainers took charge and BLS Training session continued. During the Training session, students were given training on the various aspects of Emergency Life saving support for the patients who will be attended by them during their profession. During the session, training was given to the students on handling and using the NIV mask, giving artificial air, physical pumping techniques etc. Students were very energetic and enthusiastic in learning the life saving skills which is very much necessary during practicing their profession. At the end an evaluation session was also conducted by the Shibli Academy trainers to the students for assessment of the knowledge and skills learnt and performed.

A general feedback form has also been circulated and received from the students and the programme ended with a group photo marking the end of 1st Batch of conduct of the BLS Course.

**Department of Obstetrics & Gynaecology
Santosh Medical College & Hospital
Summary of Program Conducted**

- **Name of Workshop-** Lecture on Adolescent health problems By Dr Neelima Agarwal
- **Venue-** Virtual
- **Date /Month/Year-** 4.9.2021
- **Organizing Unit /Collaborating agency-** The Department of Obstetrics & Gynaecology, Santosh deemed To Be University, in collaboration with Rotary Club of Ghaziabad.
- **Number of participants- Faculty/Students with proof-** More than 50 Participants
- **Expenditure incurred if any-** None

India is home to 243 million adolescents – children aged 10 to 19 years – the most adolescents of any country. It accounts for about 21.3% of population of the country. These young children come across different health problems varying from adolescent nutritional deficiencies to behavioural disorders, mental health problems, teen pregnancy and its related complications including unsafe abortion etc. A big challenge is that majority of these children and their parents are either unaware or ignorant of these problems. Hence as health care workers, we should create awareness in this target population. A virtual session was taken for adolescents and their parents of Rotary club of Ghaziabad by Dr Neelima Agarwal, Professor & Head, Santosh Deemed to be University, Ghaziabad, on 4.9.2021. The session was attended by more than 50

participants from the Rotary club of Ghaziabad.

The speaker Dr Madhu Gupta is a leading Obstetrician & Gynecologist and also the chief trustee of an NGO 'Beautiful tomorrow'.

The topic was covered very elaborately with latest guidelines and screening methodology of cancer cervix, which is a leading cause of female mortality in India, yet it is preventable, if diagnosed early by simple screening tests. The session was attended by more than 100 participants.

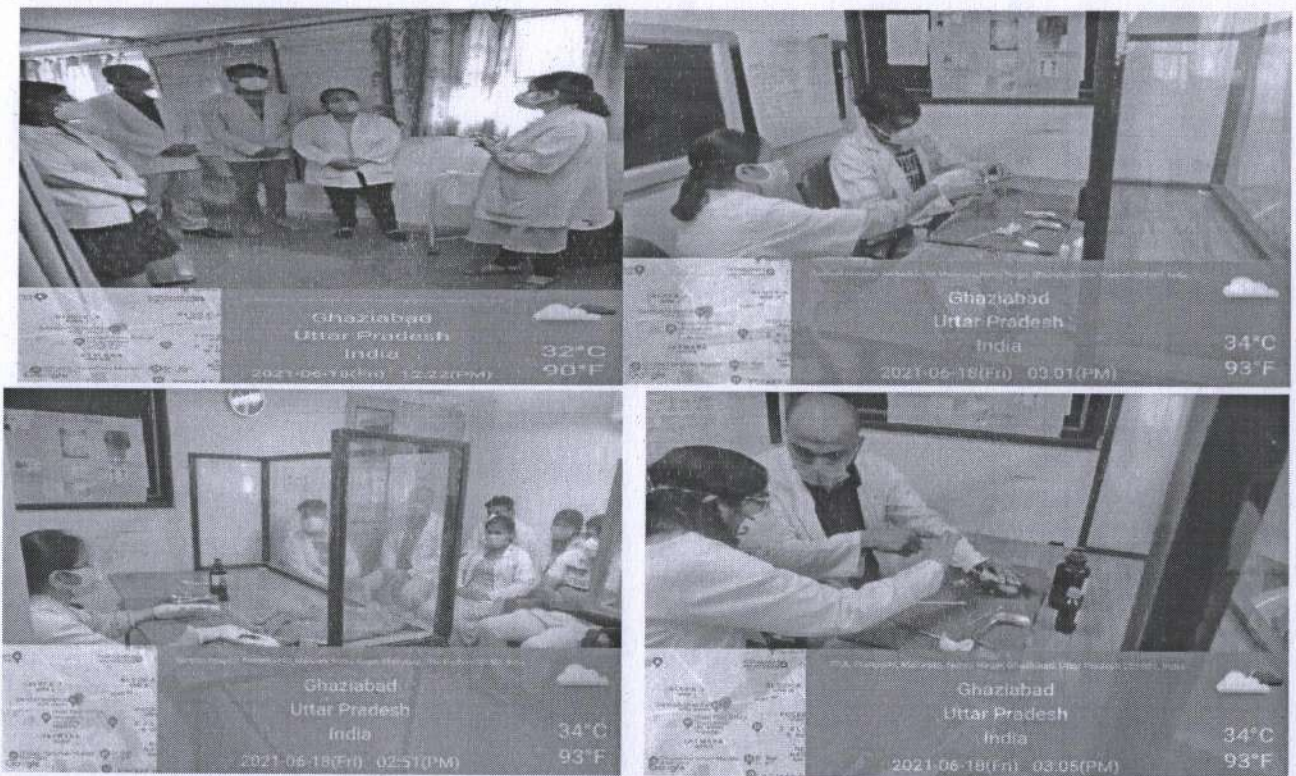

DAY 4: 18.6.2021

In continuation of Cervical screening awareness week-2021, the department of OBGY conducted training of interns for cervical screening methods.

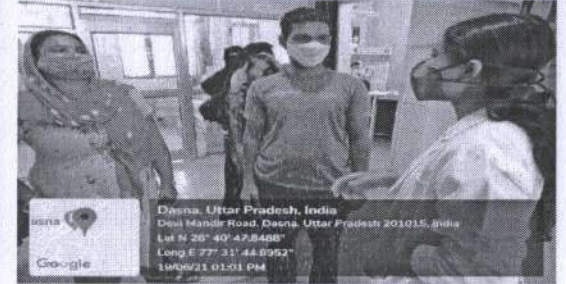

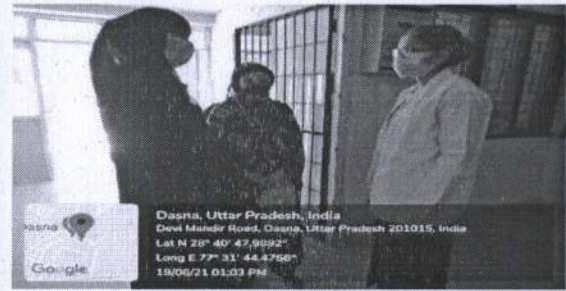

The emphasis of screening to prevent cancer cervix was laid upon. Also, hands on training for screening methods (VIA, VILI , PAP smear and HPV-DNA testing) was given to them by faculty and postgraduate students of the department.

DAY 5: 19.6.2021

The department of OBGY conducted extension activity on 19.6.2021, along with the department of PSM at CHC Dasna to counsel female patients regarding importance of cervical screening, and motivated them to visit OPD at OBGY department for screening procedures.

Thanks to Dr Deepika, HOD PSM for all support.

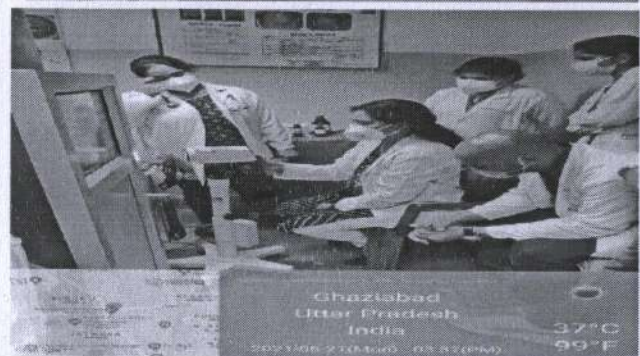

DAY 6: 20.6.2021 -SUNDAY

DAY 7: 21.6.2021 –

As a part of Cervical screening awareness week-2021, the department of OBGY continued training of interns for cervical screening and treatment methods on 21.6.2021.

The basic knowledge and functioning of colposcopy as the gold standard in cervical cancer screening was given to the interns and postgraduate students by faculty of the department.

Also, the importance and working of cryotherapy as a treatment modality in early cases of carcinoma cervix was demonstrated.

A case-based discussion on Surgical Approach Management & Complications. Presentation was very nicely prepared Interacting, didactic, excellent.

**Report of Peripheral posting at Dharamshila Narayana Superspeciality
Hospital, New Ashok Nagar**

Summary of Posting in Surgical Oncology as per the MoU between Santosh

Deemed to be University and Department of Surgical Oncology, Dharamshila

Narayana Superspeciality Hospital, New Ashok Nagar, Delhi.

As per MOU between Santosh Dental College, Ghaziabad and Dharamshila Narayana Superspeciality Hospital, New Ashok Nagar, Delhi. I did my observership program in the month of October i.e. 1st October-15th October.

I was posted in OPD (outpatient department) and observed minor surgical procedures & various diagnostic tests such as punch biopsy procedure, FNAC and sample collection for culture sensitivity test.

I was had the chance to observe few surgical cases of Oral Cancer i.e. partial mandibulectomy, marginal mandibulectomy, segmental mandible and mandibular reconstruction using free tissue transfer with the patient's fibular bone.

I have collected slides for my thesis related to lymph nodes that are excised from the patients suffering from Oral Cancer. This observership program was very useful as it is providing the broad spectrum of opportunities in learning new laboratory procedures and investigating atypical cases. It enhanced the knowledge and skills required for professional growth.

Venue- Dharamshila Narayana Superspeciality Hospital, New Delhi

Duration- 15 Days

Date-1st October-15th October

SEPTEMBER 2020

The September scientific meeting of Ghaziabad Orthopedic Club (GOC) was held on 26th September 2020 (Saturday) on ZOOM meeting. The meeting was attended by 43 members of the GOC and 88 Final year MBBS students (2016-17 Batch) of Santosh Medical College who participated enthusiastically in the discussions and deliberations.

The following were the minuetts of the meeting

1. Presentation given by Dr Sandeep Kumar, HOD; Hamdard Medical College, New Delhi, on "Complex Distal Tibial Fracture".

PPE Kit Donation to Santosh Medical college hospital & MMG District Hospital

Activity Title: Observership in Head & Neck Oncosurgery

Title of MoU : Memorandum of Understanding between Santosh Deemed

to be University Ghaziabad, Delhi NCR And Department of Surgical Oncology Dharamshila Narayana Superspeciality Hospital, Vasundhara Enclave, Delhi

15-Sep-2020	Comparative evaluation of efficacy and safety of propranolol versus amitriptyline for prophylactic treatment of patients with migraine	Pandey, Dhananjay Kumar	Bagati, Kavita Dhar; Jain, I.P. and Gupta, Gajendra Kumar
15-Sep-2020	Detection and molecular characterization of carbapenem resistant strains and their predictor of acquisition in hospitalized patients	Sharma, Munesh Kumar	Bisht, Dakshina; Pal, Shekhar; Gupta, Geeta and Gupta, Gajendra Kumar
15-Sep-2020	Prevalence and clinical profile of HIV HBV coinfected patients and spectrum of related opportunistic infection in relation to CD4 count in eastern UP	Monika	Bisht, Dakshina; Misra, Vatsala; Gupta, Geeta and Gupta, Gajendra Kumar
11-Sep-2020	Proteomic analysis of circulating immune complexes from tuberculosis patients	Kumar, Ajay	Bisht, Dakshina; Chawla, Kiran; Gupta, Geeta and Gupta, Gajendra Kumar
11-Sep-2020	Developing psychosocial support for medical students	Gairola, Parul	Srivastava, Rani
11-Sep-2020	Psychological disturbances among adolescent offspring of psychologically disturbed parents	K.E.Sadanandan Unni	Srivastava, Rani and Sabharwal, Alka
11-Sep-2020	Effect of examination stress on memory and EEG in male and female medical students	Kaila, Bipul Chandra	Tripathi, Yogesh
11-Sep-2020	Lead induced oxidative DNA damage among the occupationally exposed workers and its effect on biochemical and hematological parameters	Thakur, Ajit	Batra, Jyoti; Meena, Shrawan; Aggarwal, Juhi and Gupta, Gajendra Kumar
9-Sep-2020	Echocardiographic assessment of left and right ventricular functions in patients with chronic obstructive pulmonary disease	Sharma, Abhishek	Tripathi, Yogesh; Yadav, Berendra and Garg, Rinku
31-Mar-2020	Histopathological study of gallbladder mucosa associated with cholelithiasis	Yadav, Arvind	Singh, Vishram
31-Mar-2020	Prevalence and Characterization of Extended Spectrum β Lactamases producing Escherichia coli and Klebsiella species among the neonatal septicemic cases in a tertiary care hospital	Mishra, Prem Prakash	Bisht, Dakshina
31-Mar-2020	Correlation between right and left handedness with hand anthropometric measurements in the populations of Jammu and Kashmir and Haryana	Tarsem Kumar	Singh, Vishram
31-Mar-2020	Ultrasonographic fetal gestational age determination in healthy women with uncomplicated pregnancies	Pandey, Vishnu Datt	Singh, Vikram
9-Mar-2020	A cross sectional study of auditory functions peak expiratory flow rate and cardiovascular health in workers of a textile mill in Ghaziabad	Gupta, Seema	Tripathi, Yogesh
12-Feb-2020	Morphometric analysis of brain ventricles by computerized tomography	Patnail, Poonam	Singh, Vishram Singh; Satiir and Singh, Dalvinder
31-Jan-2020	Outcomes of surgical management of acquired temporomandibular joint TMJ ankylosis a systematic review and meta analysis	Mittal, Neeti	Coval, Manoj
23-Jan-2020	Development of drug induced liver toxicity associated with antiretroviral drugs that include protease inhibitors	Goel, Mani	Chopra, V.S and Batra, Jyoti

Shodhganga : a reservoir of Indian theses @ INFLIBNET

The Shodhganga@INFLIBNET Centre provides a platform for research students to deposit their Ph.D. theses and make it available to the entire scholarly community in open access.
