LANGUAGE AND COMMUNICATION SKILLS-2020

Among healthcare professional, there's no one-size-fits-all model. Each patient is different. Doctor and patient dynamics change . Patients behaviours change and their attendant behaviour changes. And the only way to address all of this is to always remain honest about what's going on in our profession.

Should doctors not tell the truth to patients in order to relieve their fears and anxieties? This may seem simple but really it is a hard question. Not telling the truth may take many forms, has many purposes, and leads to many different consequences. Questions about truth and untruth in fact pervade all human communication. Remaining honest still remains the best choice to comprehend and build the trust. This interaction is essential as:

- Importance of Honesty can bring student closer by creating a safe connection
- Importance of Honesty and Respect was delivered to the students in order to be the best student and person you can be.
- The program was successfully held.
- Not telling the truth in the doctor-patient relationship requires special attention because patients today, more than ever, experience serious harm if they are lied to. Not only is patient autonomy undermined but patients who are not told the truth about an intervention experience a loss of that all important trust which is required for healing. Honesty matters to patients. They need it because they are ill, vulnerable, and burdened with pressing questions which require truthful answers.
- Being honest makes the patient trust not only to the treatment but recovery is way faster

Number of participants: 95 students.

Name of Faculty involved: Dr. Manisha Gupta, 9312896929 Santosh Medical College, Ghaziabad, was the responsible faculty for the smooth conduction of program.

DEPARTMENT OF OBSTETRICS AND GYNECOLOGY

SANTOSH DEEMED TO BE UNIVERSITY

TOPIC- DOCTOR- PATIENT COMMUNICATION-2019

ABOUT THE PROGRAMME

An orientation program was conducted on 19.08.2019 on Doctor Patient Communication, by Dr Neelima Agarwal, Professor Obstetrics & Gynecology, where Role Play was used as the teaching learning methodology. The emphasis of a good communication was laid upon between a doctor and a patient to build up the trust and understanding between the two. The doctor and patient's values and perspectives about disease, life and time available play a role in building up this relationship. A strong relationship between the doctor and patient will lead to frequent, quality information about the patient's disease and better health care for the patient and the family.

NO. OF STUDENTS BENEFITTED- There were 97 students enrolled from 2019-2020 MBBS batch.

COURSE COORDINATORS- The role plays were conducted by postgraduate students of the Department Of Obstetrics And Gynaecology- Dr Akash, Dr Mansha, Dr Shiny and Dr Karishma.

YOGA FOR ALL–21 JUNE 2019

Yoga and Meditation can help improve a person's mental wellbeing. Regular yoga creates mental clarity and calmness, increases body awareness, reduces stress, relaxes mind and body and sharpens concentration.

Yoga appears to be simply a stretching activity, but the variety and sequencing of postures coupled with the practice of deep breathing creates an extremely diverse and effective method of enhancing a range of health-related fitness skills.

Yoga has become a feature of regular everyday practice. It is important for everybody whether you're a child or grown-up adult, you need to perform Yoga practices daily for getting benefits such as feelings of serenity, keep up vitality levels, improve adaptability, and discover motivation to channelize your energies correctly. Learning Yoga at an early age can have good and enormous advantages on the general wellbeing as well as the prosperity of the students.

Yoga for all was celebrated on International Yoga Day and the students during the workshop were taught various breathing exercises ,different poses and asanas.

Number of Students Participated: 387

Department of General Medicine

Event Report

Title: - Diabetes, Cardiovascular, Metabolic Diseases Awareness camp.

Date: 28th December 2022

Venue: General Medicine OPD area

Department of General Medicine, Santosh Medical College and Hospital in collaboration with Delhi Diabetic forum organized and conducted a Diabetes, Cardiovascular, Metabolic Diseases Awareness camp in the Department of general Medicine, Santosh Hospital Ghaziabad.

Metabolic diseases are prevalent chronic non communicable diseases in the society and often go undiagnosed and untreated increasing the overall healthcare burden and contribute significantly to the cardiovascular morbidity and mortality. Non Communicable diseases need to be recognized in time which usually overlooked by the subject. Proper recognition and treatments of the ailments leads to increase in life expectancy of the person. During camp patient demographic features, BMI, weight, blood pressure waist hip ratios were estimated. Consultation, Random Blood Sugar testing, Glycosylated hemoglobin levels (HbA1C), Blood Pressure Measurement, Fundus Screening, BMI, lipid profile and ECG were done to estimate the cardiovascular risk in the population were done free of cost and more than 50 patients took benefit of the Health camp.

Apart from Screening and treating our camp was also focused on making the patient aware of their illness and how prompt lifestyle modifications and regular testing and medications can help control the entities.

Below are some glimpses of the event.

7	Mr. Pradeep Raj CFO, Business Head, World Wide Innovations Networks, Chennai.	A glance at World Wide Innovations Networks	1.30 to 2.00 pm
8	Dr. Shaktibala Dutta Professor and Head, Department of Pharmacology, SMC, Ghaziabad	Concluding Remarks	2.00 to 2.30pm

For Parallel session-PhD student pasted posters for the presentation in the department corridor with PG and UG students.

This workshop was a treat for the students as well as faculties who attended it till 4 pm. All the scientific sessions conducted successfully in hybrid mode. Orator (Dr. Vaishali Babasaheb Lote, Assistant Professor) done comparing enthusiastically. Introductory speech given by Dr. Jyotsna Sharma. All guest speakers gave their talk according to time frame given and were felicitated by department of pharmacology, faculty with memento. Concluding remarks were given by HOD Dr. Shaktibala Dutta.

Dip-Prajwalan in the auspicious hands of - Chancellor Dr. Manoj Goyal Sir, Vice-chancellor Dr. Tripta Bhagat Ma'am, Registrar Dr. Alpna Agarwal, Dean Medical Dr. Alka Agarwal, IQAC Head Dr. Dakshina, Dean Research Dr. Jyoti Batra, chief guest Dr. Monika Pahuja, HOD of Pharmacology Dr. Shaktibala Dutta, prof. Dr. Jyotsna Sharma, Assistant Professor Dr. Vaishali Babasaheb Lote

Judge Dr. Shaktibala Dutta with PG student Dr. Deepak Yadav judged the offline and online posters.

Poster competition was followed by lunch in the Pharmacology Department, when guest speakers, all faculties, PhD, PG and UG students were present.

NOTE- Total 304 participants all over India registered and 162 participated offline. 15 offline and 3 online posters evaluated and cash prizes and e-certificates will be given soon.

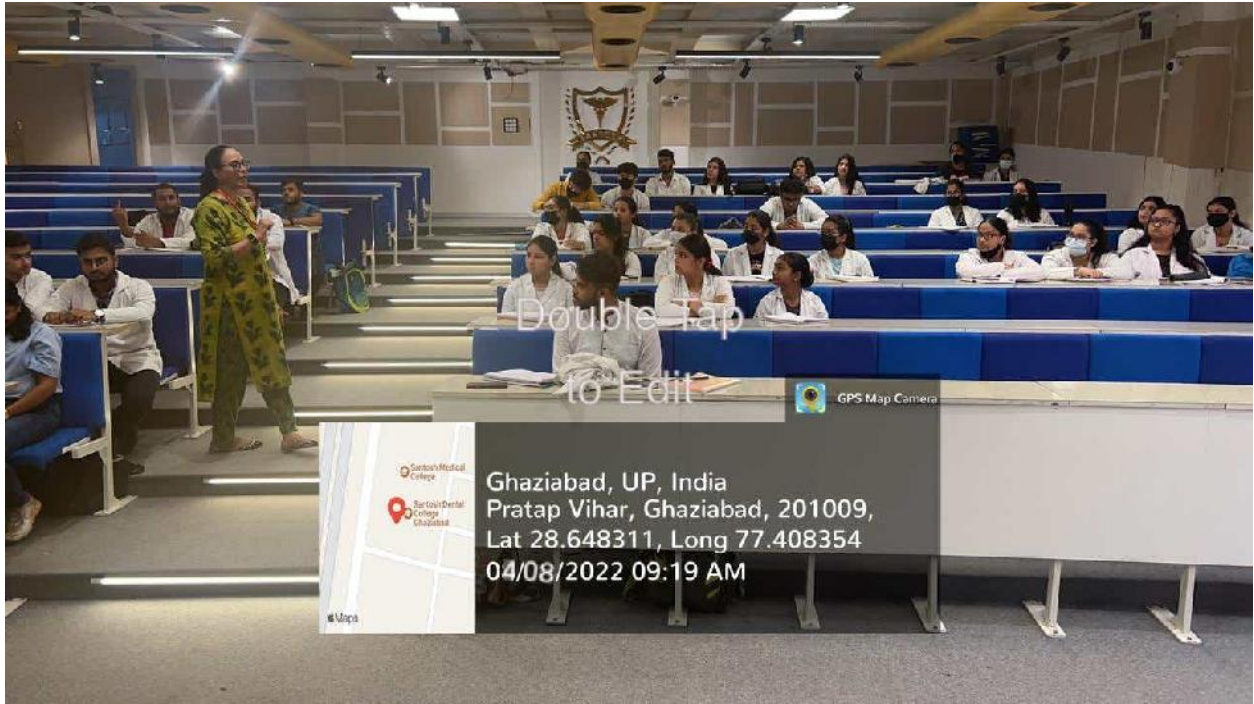

Department Of Biochemistry, Santosh Medical College & Hospital, Ghaziabad

The department of Biochemistry organized an Lecture talk on“ RESEARCH- introduction & importance for under-graduates” for 1st year MBBS students, batch 2021-22 on 4.08.2022 under the guidance of Dr. Jyoti Batra, Prof & Dean Research, Department of Biochemistry, Santosh Medical College, SDTU. The students were discussed about the basics of Research. Undergraduate research is a learning activity that enriches a student’s undergraduate experience. Students report that participation in research, scholarship, or creative activity broadens and deepens their classroom learning and supports the development of a range of skills. Hands-on experience for the students to conduct original research supports students’ understanding of how to design investigations, how to make appropriate methodological choices, and how to implement different techniques and methods. The session was concluded after a student interaction with the faculty.

**Department Of Biochemistry,
Santosh Medical College & Hospital, Ghaziabad**

-) Name of Workshop- SGD teaching as participatory learning for under-graduates
-) Venue- Santosh Medical College, Ghaziabad
-) Date /Month/Year- 1.08.2022
-) Organizing Unit- Department of Biochemistry, Santosh Medical College, Ghaziabad.
-) Number of participants- Faculty/Students- 67

A SGD teaching as participatory learning for under-graduates- MBBS 1st year was conducted on 1.08.2022 under the guidance of Dr Juhi Aggarwal, Prof & head, department of Biochemistry. MBBS students of batch 2021-22 took part in the teaching with enthusiasm. This participatory learning practice has become the preeminent practice, imbibing behavioral competency and encouraging students to work in a spirit of unity and camaraderie at both institute and professional level. It also helps to facilitate self-growth, self-worth and actualization of potential of the students through myriad ways of empowerment and competence building. Participatory Learning is initiated with the concept of overall development, completeness and competency of the students in emerging global scenario. It was interactive learning experience for the students with complete engagement and enthusiasm.

REPORT

Central Research Facility of Santosh deemed to be university in association with Institute of applied statistics have organised a series of workshops for UG, PG and Ph.D. Students from 15th -21st July, 2022 under different headings.

Santosh Deemed to be University have been Declared as Joint State Training centre, first of its kind in Delhi NCR. Its being inaugurated on 20th July, 2022 by the hands of Honourable Chancellor and Vice Chancellor of Santosh Deemed to be University. Later the Workshops have been said Open by the Honourable Vice Chancellor Ma'am. .Dr. Padam Singh have Joined that day through online mode and also addressed the Audience.

The event has been headed by Dr. Jyoti Batra (Dean Research, Santosh Deemed to be University), with Mr. Pradhumn Katara as Organising Secretary, Dr. Deepika Agarwal and Ms. Namrata Soni as Joint organising Secretary, all worked together with a vision to impart the importance of research in students. The workshop was divided in 3 phases:

1. Workshop on STS-ICMR Research Grant Writing (15th-16th July, 2022)

This have been conducted for UG students of medical and dental in which more than 150 students participated and gained the knowledge of writing STS proposal under the headings like selecting topic and framing study designs, literature search, choosing mentor, How to register and submit the proposal, ethics in research, conducting a study and report making and submission. The goal of this workshop is to provide the chance to undergraduates to be familiar with research methodology and apply in great numbers for STS Projects in great numbers. The eminent Guest speakers like Dr. Nishkarsh Gupta (Additional Professor, Onco-Anaesthesiology & Palliative Medicine, Dr. BRAIRCH, AIIMS, New Delhi), Dr. Raghav Gupta (Assistant Professor, Onco-Anaesthesiology & Palliative Medicine, NCI Jhajjar, AIIMS, New Delhi) & Dr. Shubham Pandey (Deputy Director, Institute of Applied Statistics) have come directly and delivered the knowledge filled lectures and interacted with students so that they can understand each and everything in an easy manner.

2. Workshop on Thesis Protocol Writing (18th-19th July, 2022)

This have been conducted for PG students of medical and dental in which more than 100 students participated and gained the knowledge of Thesis Protocol Writing under the headings like Study Question and rationales & previous knowledge on the subject, Designs and Methods Project Management, Strengths and Limitations, Budget Summary and references. The goal of this workshop is to provide the chance to postgraduates to be familiar with Academic research methodology, Drafting and developing proposals, literature finding, academic writing and academic presentations. The eminent Guest speakers like Dr. Padam Singh (Former, Additional Director General, ICMR,GOI), Dr. Bindu Gupta (Professor & Head, Physiology, SRMS-IMS, Bareilly, UP) & Dr. Shubham Pandey (Deputy Director, Institute of Applied Statistics) have come directly and delivered the knowledge filled lectures and interacted with students so that they can understand each and everything in an easy manner.

3. Workshop on Medical Thesis Writing (20th-21st July, 2022)

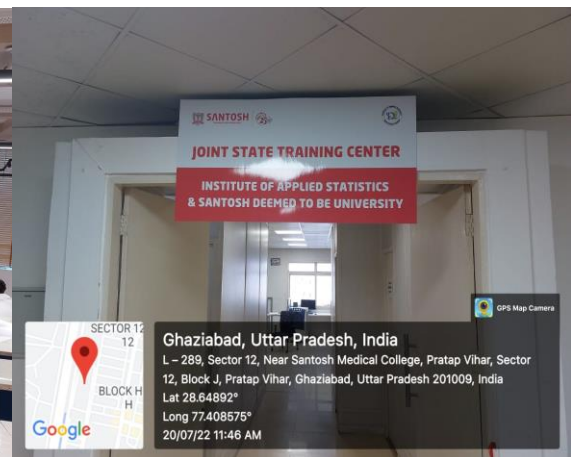

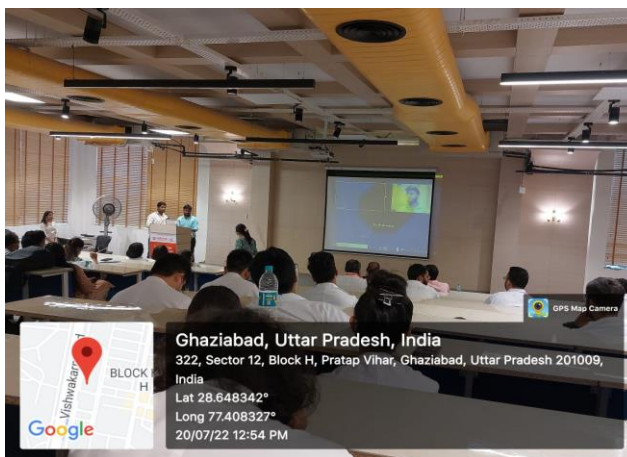

This have been conducted for PGs and Ph.D students of medical and dental in which more than 50 students participated and gained the knowledge of Medical Thesis Writing under the headings like Fundamental steps, Topic Identification, Article search and literature Review, Setting Aims and Objectives, Planning, Testing Hypothesis, Limitations and Reference Writing. The goal of this workshop is to provide the chance to postgraduates and Ph.Ds to

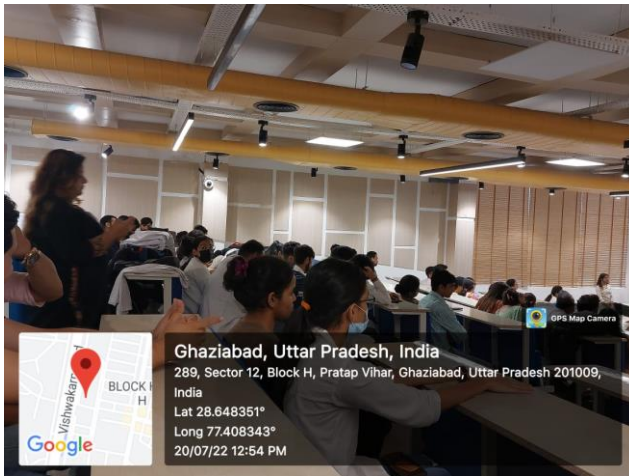

be familiar with effective thesis writing procedures, . The eminent Guest speakers like Dr. Padam Singh (Former, Additional Director General, ICMR,GOI),Dr.Dhruvendra Pandey (Associate professor, Community Medicine, Govt. Medical College, Ratlam, MP) & Dr. Shubham Pandey (Deputy Director, Institute of Applied Statistics) have come directly and delivered the knowledge filled lectures and interacted with students so that they can understand each and everything in an easy manner.

For all the workshops, Certificates were distributed and UP MEDICAL COUNCIL have Allotted 6 Credit Hours for each Workshop acc. to letter no. 6810/2022 dated 19/07/2022.

Central Research Facility and Community Medicine Department of Santosh deemed to be university along with its students have organised all week Workshops and everything have happened in a really smooth manner.

Career Counselling - An Initiative by IQAC

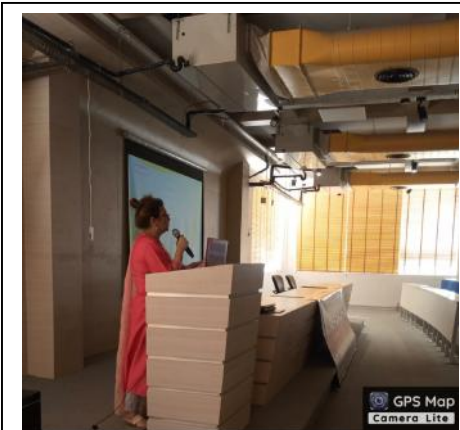

Aspiration for realistic goals through career guidance -
Skills, Strategies & Solutions

They say all our dreams can come true if we have the courage to pursue them. Santosh Deemed to be University having completed more than 25 impactful years and still counting in its journey has created many memorable days, events and achieved many heights.

Today 6th April 2022 was another memorable day as we had amongst us one of our distinguished Alumni of Santosh Batch 1996-97 Dr. Shobhit Madan (MBBS, MD, MPH US). He is a renowned preventive Cardiologist with Super Specialization in Paediatric and Adult Cardiac Imaging from the University of Pittsburgh, Public Health and Clinical Research Professional based in the US. His passion includes empowering and educating students, professionals and communities about preventive, chronic diseases like Metabolic Syndrome, Cancer and Dementia through an intentional and professionally guided mentorship. He is currently leading a 36 million Dollar, Cardiac Stent clinical trial as Global Clinical Project Manager at IQVIA, USA.

He shared his journey and the aspirations for realistic goals through career guidance — Skills, Strategies & Solutions and his experience and wisdom was a true inspiration and motivation to our students as they were enlightened with career paths they could choose to walk on and work hard to achieve their goals. A large number of students attended his session and the interactive session at the end proved to be helpful. It was indeed an insightful session as he was able to set the ball rolling in the young minds of our students .

Our honourable Vice Chancellor Dr Tripta Bhagat Madam presented a memento as a token of appreciation to honour Dr Shobhit Madan.

Workshop-Under Faculty Development Program

Title: How to catch Fake/Predatory/Cloned journals in Academics

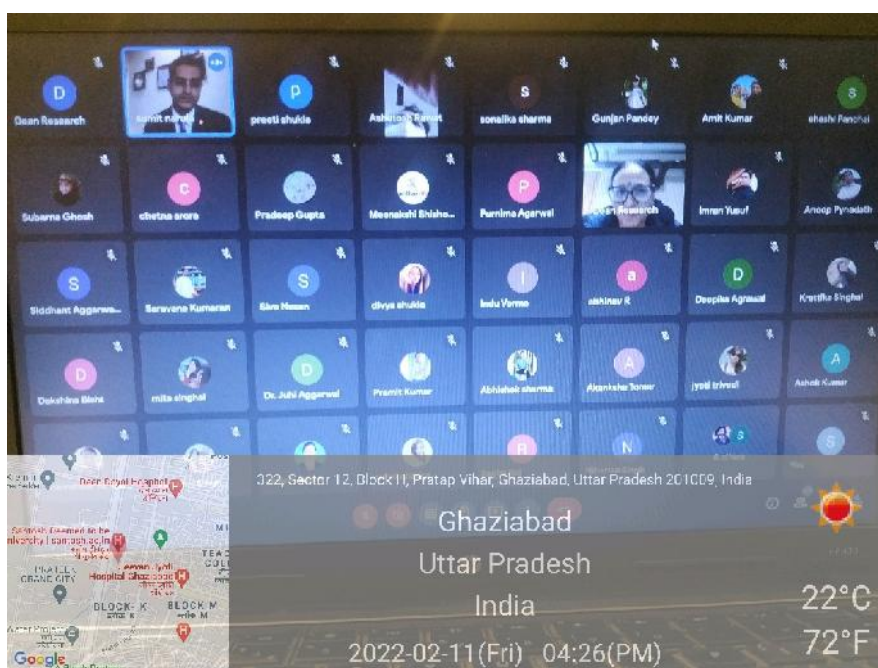

Date: 11-02-2022 Time: 2:30 pm - 4:30 pm

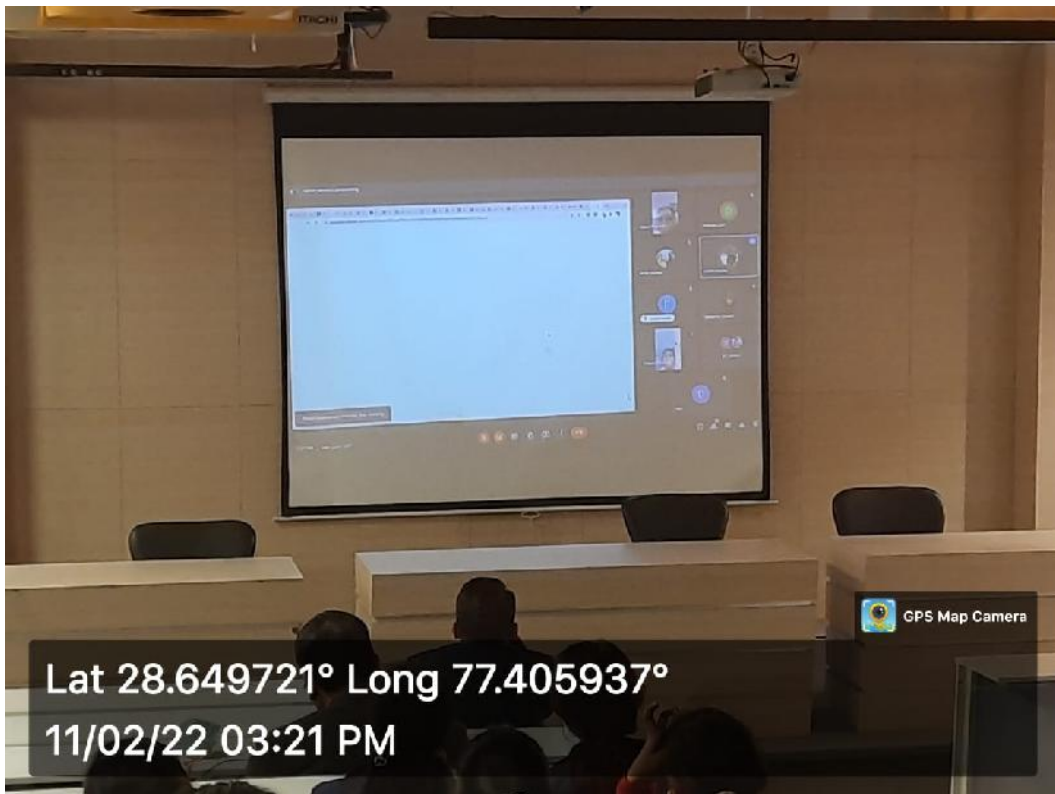

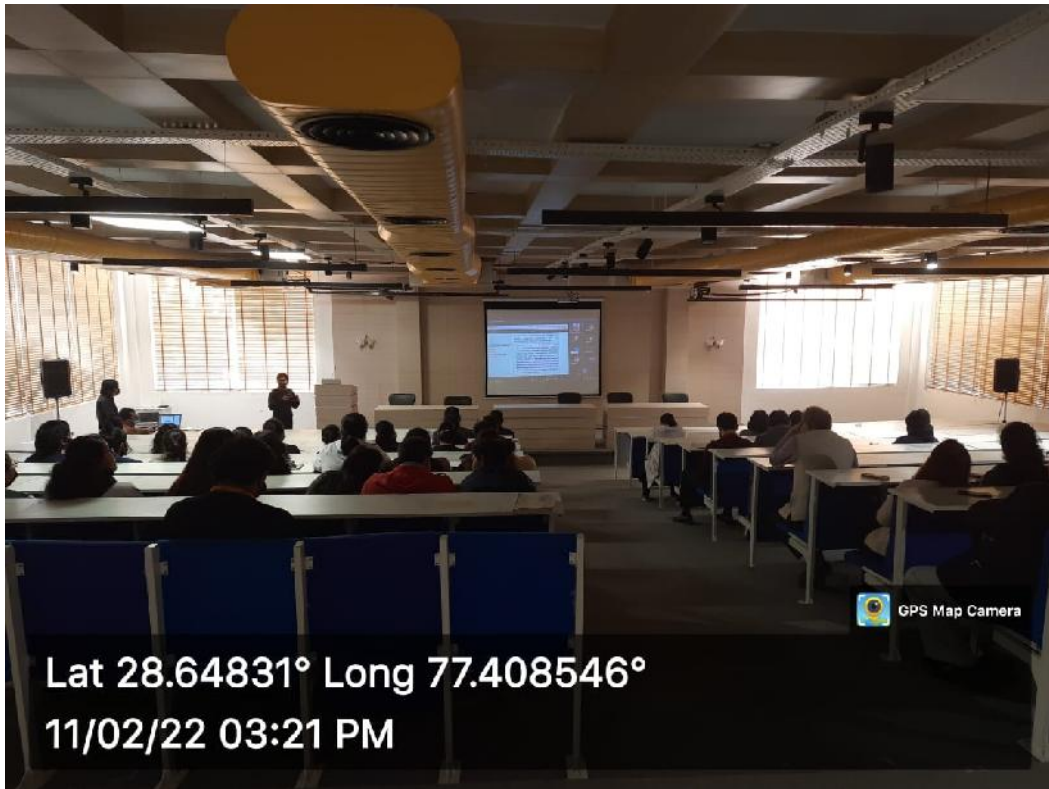

The poster is for a workshop titled "How to Catch Fake/Predatory/Cloned Journals in Academics". It is organized by the Central Research Facility of SANTOSH Deemed to be University, which is celebrating its 25th anniversary. The workshop is part of "Work Shop Series 1 2022". The speaker is Dr. Sumit Narula, Deputy Dean Research (Publications and Citations) at Amity University, Madhya Pradesh, Gwalior. The workshop is scheduled for Friday, 11th February 2022, from 2:30 PM to 4:30 PM. A registration link is provided: <https://forms.gle/9w1JyHdP5BGP2ox19>. The poster also includes a QR code for registration and a disclaimer: "Disclaimer: E- Certificate will be provided to Registered Participant Only". The workshop is organized by Dr. Jyoti Batra, Dean Research.

A workshop was conducted by the Central Research Facility on the Topic “**How to catch Fake/Predatory/Cloned journals in Academics**” In Hybrid Mode. Dean Research Dr Jyoti Batra Introduced the Speaker Dr Sumit Narula Deputy Dean Research (Publication & Citations) from Amity University Gwalior. Around 150 Faculty members, PhD, PGs actively participated in the workshop.

-) Dr Sumit Narula discussed about the difference between Predatory & Cloned Journals. He also Enlightened the gathering about how to check a particular journal through Scopus/PubMed/Web of Science & UGC Care List. Digital Object Identifier (DOI) number should be checked for the authenticity of the journal Indexing He also discussed about the directory of Open Access Journals (DOAJ) as per NMC Guidelines and instructed all the faculty and students to first check the Meta Data before publishing in DOAJ Indexed Journals

-) He also suggested the methods to retract/delete digital foot print of a paper if published in a fake or Cloned Journal. So that the same can be Published in an Indexed Journal.
-) Faculty and student had active interaction and shared the names of Journals to check their authenticity.
-) The session was started at 2:30 pm and was over by 4:30 pm by thanking Dr Sumit Narula, Resource Faculty and the participants. E-Certificates will be issued to all Participants.

Event Report
TITLE-(WORKSHOP ON “Orientation to the
Students and Interns of Santosh Deemed to be
University for Initiation of Research
Programme”)

Preface:

(Santosh Deemed to be University (Ghaziabad) did organize a sequence of Webinars on the 16th, 19th, and 22nd April 2021)

Objective of the sessions was to do Brain Storming and create the awareness and importance Research during the course of their studies.

Organizing Team:

- The Orientation was on behalf of the Student’s Research Cell of the Santosh Deemed to be University

Execution:

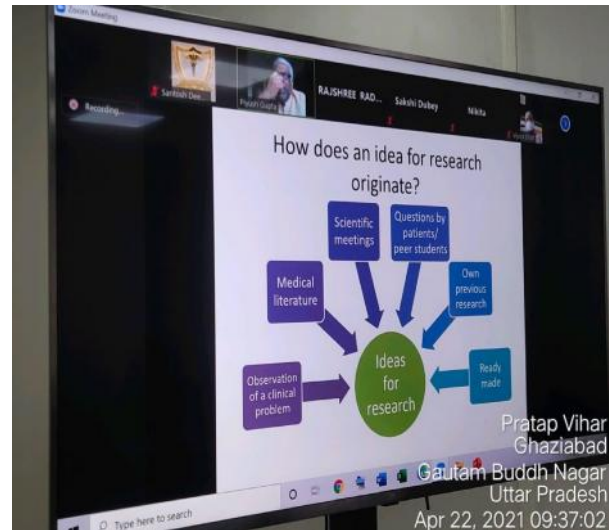

- On the 16th of April, Student’s research cell team leaders did a Brain Storming for the students.
- On the 19th of Dr. Kailash C. Agarwal, Head of the Department of Pediatrics, Santosh Deemed to be University has oriented the Intern students.
- On the same Day, Faculty members from Central Research Facility, Dr. Sivanesasn Dhandayuthapani, and Dr. Neeti Mittal, did a FDP for the Faculty members on how to involve the Students into research.
- On the 22nd of April, An external Speaker, Dr. Piyush Gupta, President of the Indian Academy of Pediatrics.
- All the session were very interactive.

Respected Madam/Sir,

The event report is for your kind information, review, records, and further use in /promotions/other purposes appropriately.

Regards,

Student Research Cell

Event Report

TITLE-What, Why and How of Student Research

Preface:

Research is a process of systemic inquiry that involves collecting data, documentation of critical information and analysis & interpretation of that data and arriving at a meaningful conclusion. Student Research is the involvement of the students in research activities.

This orientation program was planned to sensitize the students towards research and motivate them to take up Research projects.

Collaboration:

Student Research Cell involved various faculty of Santosh Medical College, Santosh Dental College and Central Research Unit.

Execution:

Online activity was executed online on the Zoom platform with the Projection of the event in Maharaja Hall. The activity was attended by 300 participants online and 80 participants offline.

Dr Alka Agarwal, DEAN Santosh Medical College, welcomed all the participants and highlighted the importance of Research in Medical Sciences and how the involvement of students is essential and beneficial. She also sensitized the students towards the formation of the new wing of the Research unit specifically designed to promote Student Research. She also introduced the various members of the Student Research Cell who carried the program forward.

Dr Mayurika Tyagi, Associate Professor, Pathology, moderated the event and introduced the speakers.

Dr K C Aggarwal, Professor and Head, Department of Pediatrics, motivated the students regarding what research they can do and how to form a research question by giving various examples

Dr Namita Kumari, Assistant Professor, Physiology, highlighted the benefits of being in the Research field and why should students be research-oriented.

Dr Anupama Singh, Assistant Professor, PSM, gave a brief overview of How to do Research and various steps involved in research.

Dr Shubhra Mallik, Associate Professor, Conservative Dentistry and Endodontics, focussed on the importance of Research in Dental Sciences and how dental students should also be research-oriented.

Dr Saurabh Gupta, Research Associate, Central Research Unit, discussed the Role of biotechnology in Medical Sciences.

Furthermore, to conclude the series of talks, Dr Sivanesan, Vice-Dean Research, Senior Research Associate, Central Research Unit, described the Research Journey and how his research journey took shape. He also guided the students on how they should also begin their journey early in student life.

Dr Mayurika Delivered the Vote of thanks and concluded the event.

Tangible Outcomes

To involve and motivate students in Research Activities.

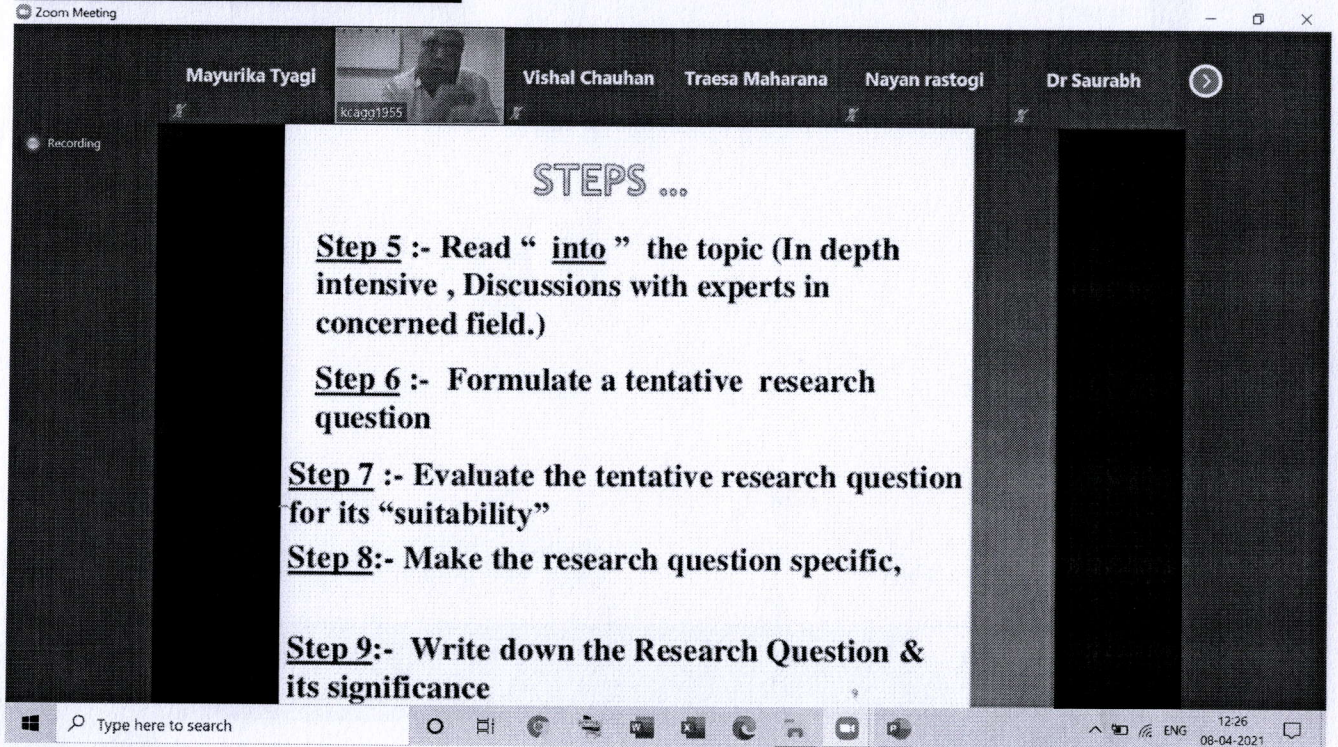

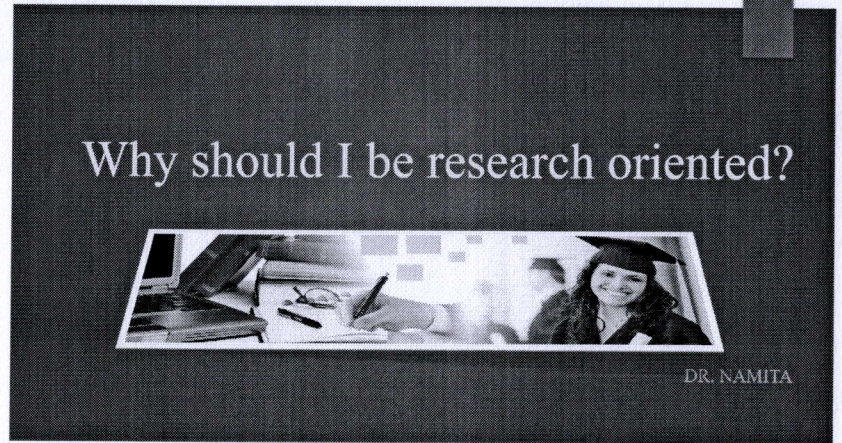

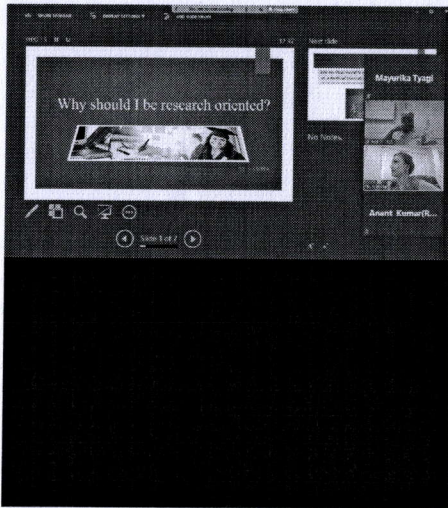

Thirty students came forward and met with the members of the Student Research Cell and showed interest.

Respected Madam/Sir,

The event report is for your kind information, review, records, and further use in pressreleases/promotions/other purposes appropriately.

Regards,

Dr Alka Agarwal

Event Report:

International Survivors Of Suicide Loss Day – 19th November 2022

Preface:

Santosh Deemed to be university (Ghaziabad) organised “International Survivors of Suicide Loss Day” on 19th November 2022 at Department of Psychiatry on Saturday at 10:00 AM – 11:00 AM.

On International Survivors of Suicide Loss Day, those who have experienced suicide loss come together to share their stories in an effort to connect, understand, and find hope.

International Survivors of Suicide Loss Day was established in 1999 thanks to a resolution filed to the US Senate by Senator Harry Reid, who lost his father to suicide. The day, also known as Survivor Day, was set aside by the US Congress as a time for those who have been affected by suicide to get together for solace and support. Given that the holidays are frequently a tough time for suicide, it was decided that Survivor Day would always fall on the Saturday before the American Thanksgiving.

Suicide has a significant effect.

Serious emotional, physical, and financial effects result from suicide and suicide attempts. Suicide attempt survivors may sustain severe wounds that could have a long-term negative impact on their health. Additionally, they could struggle with depression and other mental health issues. The good news is that a majority of those who attempt suicide and survive never actually do so.

Friends, family, coworkers, and the community as a whole are affected by suicide and suicide attempts in terms of their health and wellbeing. When someone commits suicide, their surviving loved ones and friends may feel shocked, angry, guilty, depressive or anxious symptoms, or even suicidal thoughts.

Collaboration:

Name and Designation of Speakers:

1. Dr. A.K. Seth (Prof. & HOD Psychiatry)
2. Dr. Rani Shrivastava (Prof & Head Psychology)

3. Dr. Brijesh Saran (Assist Prof Psychiatry)
4. Dr. Parul Gairola (Assist Prof Clinical Psychology)
5. Dr. Anoop Peter (Assist Prof Clinical Psychology)

Attended by students pursuing following courses from BOT, BPT, BOT Interns, MBBS, MBBS Interns, Psychiatry Junior Resident students at Santosh Deemed to be University.

Execution:

1. PPT presentation about the suicide identification and prevention
2. one hour Lecture was taken with audio visual display.
3. Quiz was organised about the topic strategies to prevent suicide.
4. Google Drive web link provided for the details of event for academic purpose and continued learning.

SANTOSH DENTAL COLLEGE & HOSPITAL, GHAZIABAD

REPORT: Har Ghar Tiranga Awareness Event (10th August, 2022)

India celebrates its 75th Independence Day as “Azadi Ka Amrit Mahotsav” to commemorate its freedom on 15th August, 2022 a day of immense pride & joy for all Indians. Santosh Dental College and Hospital, organized an awareness event on “Har Ghar Tiranga” on 10th August, 2022 under the guidance of Dr. Akshay Bhargava (Dean).

The day started off by distributing chest batches & flags to the students & Faculty Members. Everyone’s hearts were moved with the delivery of our Vice-Principal, Dr. Rajiv Ahluwalia deeply enriching & patriotic speech. Cultural program like group singing, poetry & speech was rendered to the soldiers, in their service to our Nation. Selfie with flag at selfi booth and pinning of flag at harghartiranga.com were also done. Systemic flag walk was done by our students & faculty members followed by the National Anthem. Event comes to an end with the distribution of sweets to all our students & faculty members.

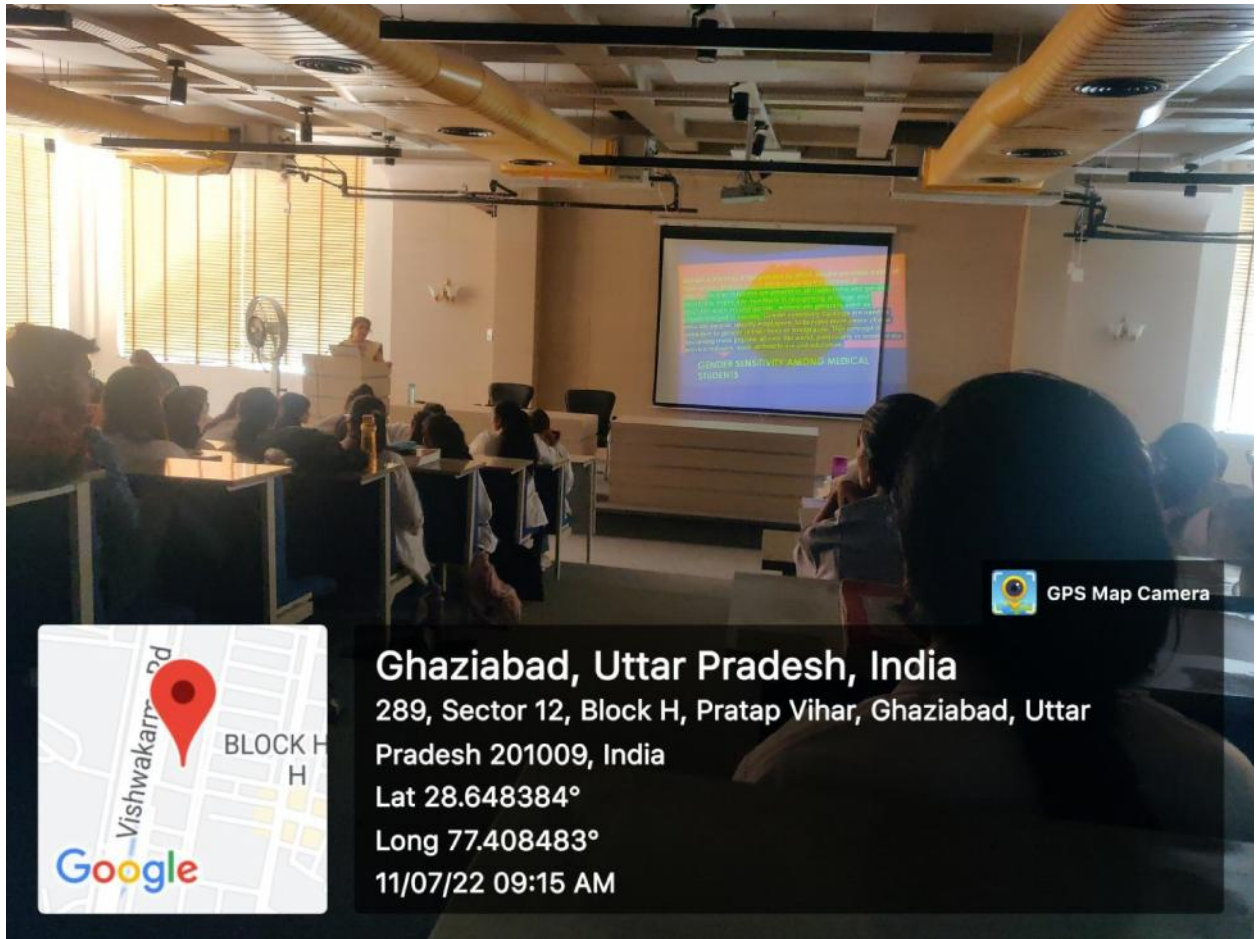

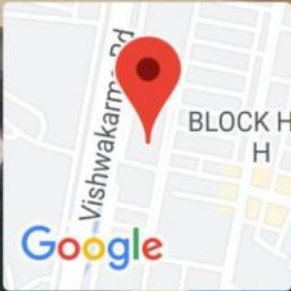

Department Of Biochemistry, Santosh Medical College & Hospital, Ghaziabad

The department of Biochemistry organized an expert lecture on “**GENDER SENSITIZATION AND EQUALITY**” for 1st year MBBS students, batch 2021-22 on 11.07.2022 under the guidance of Dr. Rani Srivastava, Professor, Department of Clinical Psychology, Santosh Medical College, SDTU. The lecture emphasized on Gender sensitization which is the raising sensitization of gender equality concerns. It helps people in examining their personal attitudes and beliefs and questioning the realities of both sexes. Gender sensitization make people understand the difference between sex and gender, how gender is socially constructed and the stereotypes around gender roles. It helps them determine which assumptions in matters of gender are valid and which are stereotyped. Need of gender sensitization is to create awareness among the working professionals about the importance of gender sensitivity in organization. Without being sensitive to the needs of a particular gender, an individual may refrain from understanding the opposite gender. Gender is Socially Learned behavior, based on social expectation from Men & Women especially in medical education & learning. The session was concluded after a student interaction and feedback form assessment with the faculty.

Summary of Program Conducted

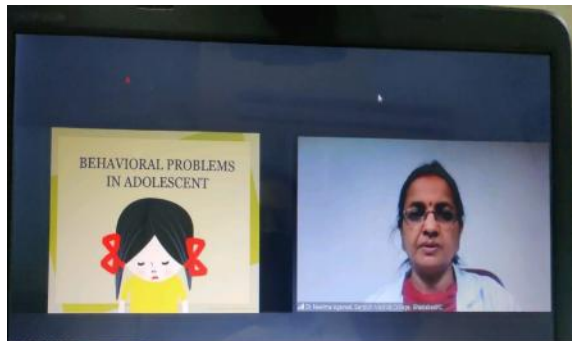

- **Name of Workshop-** Lecture on **Adolescent health problems**
By Dr Neelima Agarwal
- **Venue-** Virtual
- **Date /Month/Year-** 4.9.2021
- **Organising Unit /Collaborating agency-** The Department Of Obstetrics & Gynaecology , Santosh deemed To Be University, in collaboration with Rotary Club of Ghaziabad.
- **Number of participants- Faculty/Students with proof-** More than 50
Participants
- **Expenditure incurred if any-** None

India is home to 243 million adolescents – children aged 10 to 19 years – the most adolescents of any country. It accounts for about 21.3% of population of the country. These young children

come across different health problems varying from adolescent nutritional deficiencies to behavioral disorders, mental health problems, teen pregnancy and its related complications including unsafe abortion etc. A big challenge is that majority of these children and their parents are either unaware or ignorant of these problems. Hence as health care workers, we should create awareness in this target population. A virtual session was taken for adolescents and their parents of Rotary club of Ghaziabad by Dr Neelima Agarwal, Professor & Head, Santosh Deemed to be University, Ghaziabad, on 4.9.2021.

The session was attended by more than 50 participants from the Rotary club of Ghaziabad.

Guest Lecture on Disaster Management with Special Focus on COVID 19

Preface:

Santosh Deemed to be University (Ghaziabad) organized a guest lecture on “Disaster Management with Special Focus on COVID 19”

Objective of the session was to impart basic knowledge about Disaster Management and steps taken in case of COVID 19 pandemic.

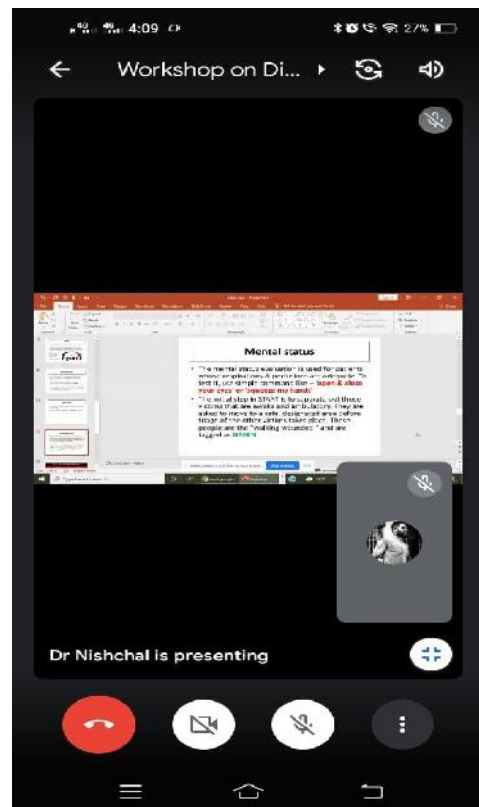

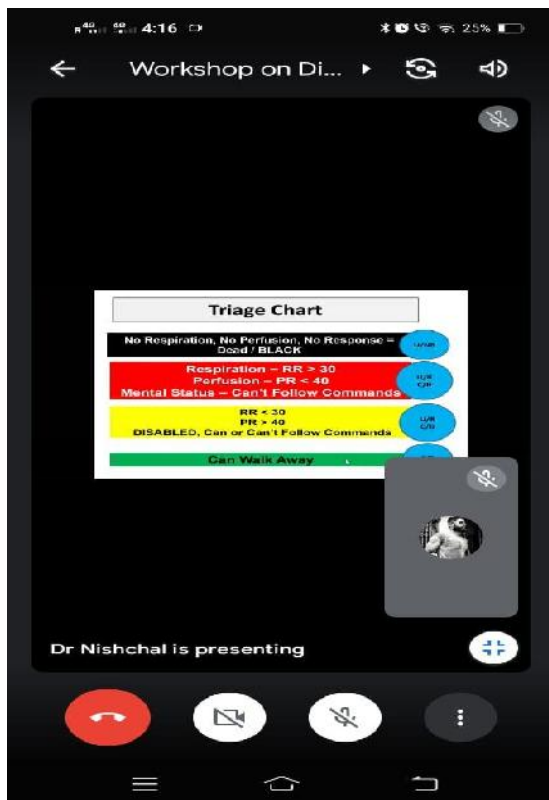

Collaboration:

- The event was organized in collaboration with Centre for Disaster Preparedness and Touch life Foundation.
- The event was organised by the Department of Community Medicine, Santosh Medical College, Ghaziabad.
- The event was promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members.

Execution:

- The MBBS students of 2018-19 batch of the Department of Community Medicine, Santosh Medical College, Ghaziabad attended this lecture.
- The topics covered were-
 1. Basics of Disaster Medicine,
 2. OPD, IPD & Home Health care services after lockdown
 3. Medical Response in epidemics with focus on COVID 19
 4. Mental Health for Health workers and care givers
 5. Critical disease patient handling
 6. Dead Body Management with special focus on COVID 19.
- Feedback of the event was collected towards the end of the event and the most appreciated part of the event was the interactive session where the students frankly discussed their doubts regarding these issues.
- Total participants= 65

Some Glimpses of the Guest Lecture

Response

- ⊗ Actions taken immediately following the impact of a disaster when exceptional measures are required to meet the basic needs of the survivors

Dr Nishchal is presenting

The image shows a mobile presentation interface. At the top right, there is a small circular icon with a white 'X' on a dark background. The main content area is a white slide with a red curved border on the right side. The slide title is 'Response'. Below the title is a bullet point with a circular icon containing a white 'X', followed by the text: 'Actions taken immediately following the impact of a disaster when exceptional measures are required to meet the basic needs of the survivors'. To the right of the text is a photograph of a group of people, mostly men, sitting at a long table in a room. Some are looking towards the camera, while others are looking at something on the table. The room appears to be a temporary shelter or a community center. Below the slide, there is a small grey rectangular box containing a circular profile picture of a man with a white beard and a white 'X' icon in the top right corner. At the bottom of the screen, the text 'Dr Nishchal is presenting' is displayed. To the right of this text is a circular icon with a white 'X' on a dark background. At the very bottom of the screen, there are three navigation icons: a hamburger menu icon, a home icon, and a back icon.

She explained the contents of The Vishakha Judgement – 1997 wherein, the Supreme Court acknowledged that:

Sexual harassment is a human rights violation.

Sexual harassment is a violation of the constitutionally guaranteed fundamental rights:

Articles 14 and 15: Right to equality

Article 21: Right to life - to live with dignity

Article 19(1)(g) - Right to practice any profession/trade/occupation/business, i.e., a right to a safe environment free from harassment.

It is the Employer's duty to prevent and prohibit acts of sexual harassment and also redress and resolve grievances pertaining to sexual harassment.

Object of the Act is Prevention + Protection + Redressal.

The Act defines who is an employer, an employee and also what constitutes a workplace and an extended workplace. It defines what constitutes Sexual harassment under the new law and what circumstances are considered so.

It also explains who constitutes an Internal and Local Complaints Committee in case a complaint is lodged and what the Grievance Redressal Mechanism is for a victim. The act determines the interim reliefs as well as compensations to be granted to the victim along with penalties to be imposed on the accused and employers obligations during the entire process. She also critically analysed the act and explained its strengths and shortcomings as well.

Acknowledgement: The Dept of Community Medicine is thankful to Dr Tripta Bhagat, Vice Chancellor, Dr Gajendra Kumar Gupta, Dean and Dr Dakshina Bisht, IQAC Co-ordinator, Santosh deemed to be University, for their motivation and support in organising this event.

SANTOSH DEEMED TO BE UNIVERSITY

World Bioethics Day-19.10.2020

World Bioethics Day was celebrated with full enthusiasm on 19th Oct 2020 under the Bioethics Unit, Santosh Deemed to be University, in association with UNESCO chair of Bioethics, Haifa.

The program was started by our talented students giving introduction regarding the importance of this day and its cause. A brief address was delivered by respected Vice Chancellor Prof(Dr) Tripta Bhagat,Registrar Dr V P Gupta ji followed by Head Bioethics Unit &Dean of Research Faculty Prof(Dr) Jyoti Batra and National Nodal Head for Dental Program Of Bioethics UNESCO and Vice Dean Dental ,Prof(Dr)Rajiv Ahluwalia. Students selected few cases related to the field of Bioethics -- Pediatrics, Research, Surgery and clinical Psychiatry .

These were discussed by learned faculty , Prof(Dr) Alka Agrawal, Prof(Dr) Jyoti Batra, Prof(Dr) Rajiv Verma, Prof(Dr) Rani srivastava. The program was attended by more than 60 students and few faculties and ended with vote of thanks.

My sincere gratitude to management of Santosh Deemed to be University for all the support .A word of thanks always goes to our very talented and ever enthusiastic students.

Department Of Biochemistry
Santosh Medical College & Hospital, Ghaziabad

Venue: Maharaja Hall

Date: 29th November 2022; 2-4pm

Topic: Professional Development and community orientation for MBBS Batch 2022-23 for foundation course- Extra-curricular activity Movie and reflective discussion.

The faculty from department of biochemistry presented a lecture on **Professional Development and community orientation for MBBS Batch 2022-23 for foundation course-** Extra-curricular activity Movie and reflective discussion. Dr Juhi Aggarwal, Prof & head & Dr Luna Sinha, Assistant professor, department of biochemistry discussed the importance of medical education, healthcare, and research. The session included topics on learning styles, student support system, self-directed learning, and development of leadership skills, conflict management, time management, communication skills, medical ethics, and students' orientation to the health systems were well received by the students. The reasons reflected from their session plans were that these sessions facilitated small group discussions, and had ice-breaking activities, team building activities, planned for short durations, field visits, energizing activities, hands-on training, motivating the students to present their ideas, creativity and reflections. Active learning made the students responsible for their learning process and developed higher-order thinking

Number of Student participation with attendance sheet: 107

**Department Of Biochemistry,
Santosh Medical College & Hospital, Ghaziabad**

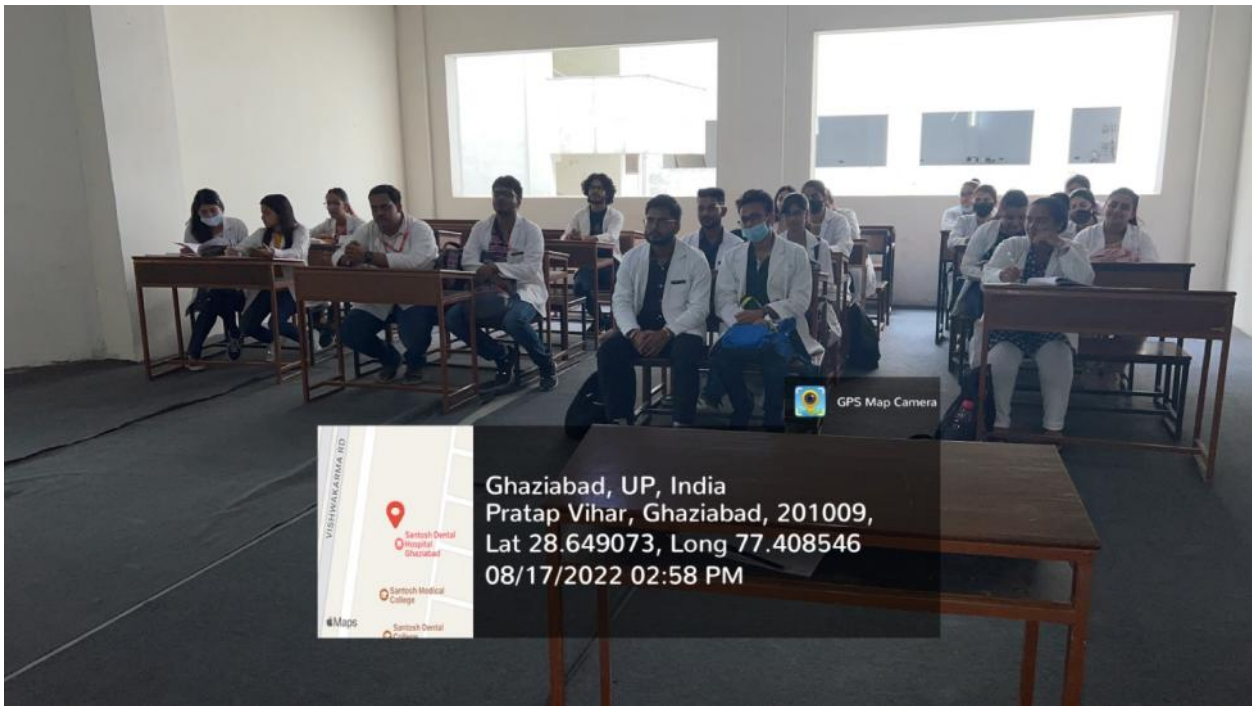

Topic: External Guest lecture on “Advances in Immunology techniques”

The department of Biochemistry organized an External Guest lecture on “Advances in Immunology techniques” by Dr Arun Nagtilak, Assistant Professor, Dept of Biochemistry, LLRM medical college, Meerut, UP for 1st year MBBS students, batch 2021-22 on 17.08.2022 under the guidance of Dr Juhi Aggarwal, Professor & head, Department of Biochemistry, Santosh Medical College, SDTU.

No of students attended: 75

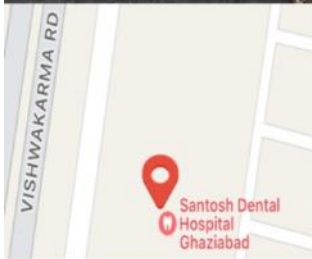

Outcomes:

1. Students were trained on the newer immunological techniques
2. Students were discussed about the molecular techniques that involve the amplification of viral genomic material are extremely sensitive and specific, provide rapid diagnosis, and allow the detection of several viruses at same time.
3. Various types of PCR were also discussed.

ACTIVITY REPORT

1. Name of the Department : **CENTRAL LIBRARY**
2. Program Title: **Biomedical Reference Collection: A Unique Collection from EBSCO for Clinical Practitioner's**
3. Date: **26 July 2021**
4. Time : **3.00 PM to 4.00 PM**
5. Venue : **Online - Zoom Platform**
6. Duration: **1 Hours**
7. Name & Designation of Speaker/Resource Faculty for Workshop:

Mr.Lakhpat Singh, Training Manager, EBSCO Information Services India

Total Registrations : 136

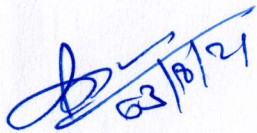

Total Attendee's (List is Attached)

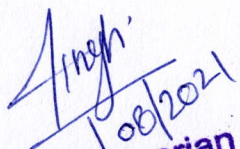

Dean/ Faculties : 48

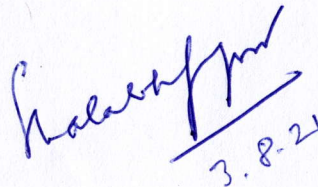

Research Scholars : 88

Below is the agenda covered in the session :

- Want to know time saving features like folder sharing ,sending emails from EBSCOhost platform.
- Want to save and organize your research information easily?
- Learn how to download articles.
- Quick overview of various filters and limiters to narrow the search results.
- Want to access 24X7? Know more about Mobile App, Google Authentication, Remote Access etc.
- Want to share good reading articles directly to students?
- EBSCO Mobile app.

Santosh Medical College- Medical Education Unit

Brief Report on Panel Discussion of MEU in National SANCON 2021

The Medical Education Unit of Santosh Medical College conducted a panel discussion on 3rd of December 2021 in National SANCON 2021. The topic for the panel discussion was “Faculty and Student Perception and Potentialities of CBME”.

The panel discussion was moderated by MEU coordinator, Dr. Dakshina Bisht and the faculty panellist included the members of **MEU** and **Curriculum Committee**, Dean Medical -Dr. Alka Agrawal, Dean Academics, Professor & Head Surgery- Dr. Shalabh Gupta, Professor & Head Microbiology- Dr. Ashutosh Rawat and Professor & Head Biochemistry- Dr. Juhi Aggarwal.

Students from MBBS Batch 2019-2020 -Javith , Meenakshi and Riya and students from MBBS Batch 2020-21, Sameeksha, Ashish and Khushi were the student participants. The panel discussion included important aspects of CBME and its implementation . The concept of CBME with focus on student learning, knowledge application and assessment were the main foci. The program was interactive and a great success.

The faculty perspectives discussed were:-

- What is the concept of CBME and about its implementation?
- What were the steps taken up to ease the process in the initial phase of the implementation?
- Could you share some of its advantages and shortcomings while preparing for the same?

- Do you think it is or has been necessary to orient the students of MBBS to all aspects of the medical environment in the foundation course?
- If the ECE AETCOM and integration has helped in the implementation of the curriculum?
- Do you think it is desirable to learn integrated concept in the early phase when the students have not been assessed?
- What were perceptions about the foundation course of the learners of the batch?
- What are the assessment modifications and has it been a fair one and benefitted the learner?
- Do you think if it is needed and justified?
- What do you think are some of the key outcomes, recommendations and impact of CBME?
- Do you think CBME should also be implemented for the BDS programme as well?

The student's perspective discussed were:-

- Was it a satisfying experience and did it help boost your confidence?
- How are the students coping up with the new curriculum?
- Was the curriculum a challenging task or did it improve the academic performance of students?
- What was the learner's insight and relevance on AETCOM, ECE and integration?
- Do you think online classes implemented the impact of curriculum and did it leave any anxiety or stress?

In the end the MEU Cordinator thanked all the panellists for their inputs and will look deeply into overcoming challenges for the students to come. There must be a positive learning behaviour and interest among faculties towards CBME. Emphasis on feedback and logbook along with pictures for documentary evidence being a must to prepare reports. Students we hope will be aware of their responsibilities as doctors , have a better doctor patient communication and interaction with faculty, improved skills and a learning outcome leading to a better health care system .

BIOMEDICAL SWASTE MANAGEMENT-2020

Bio-medical waste means “any solid and/or liquid waste including its container and any intermediate product, which is generated during the diagnosis, treatment or immunization of human beings or animals or research activities pertaining thereto or in the production or testing of biological or in health camps.

Biomedical waste poses hazard due to two principal reasons – the first is infectivity and other toxicity.

Students were oriented about steps of Biomedical waste Management.

Date- 10th July 2020

Attended by MBBS/ P.G STUDENTS

NO OF PARTICIPANTS: 28

VENUE: SANTOSH MEDICAL COLLEGE AND HOSPITAL GHAZIABAD, UP.

Event Report 19.07.2021

Guest Lecture on Disaster Management with Special Focus on COVID 19

Preface:

Santosh Deemed to be University (Ghaziabad) organized a guest lecture on “Disaster Management with Special Focus on COVID 19”

Objective of the session was to impart basic knowledge about Disaster Management and steps taken in case of COVID 19 pandemic.

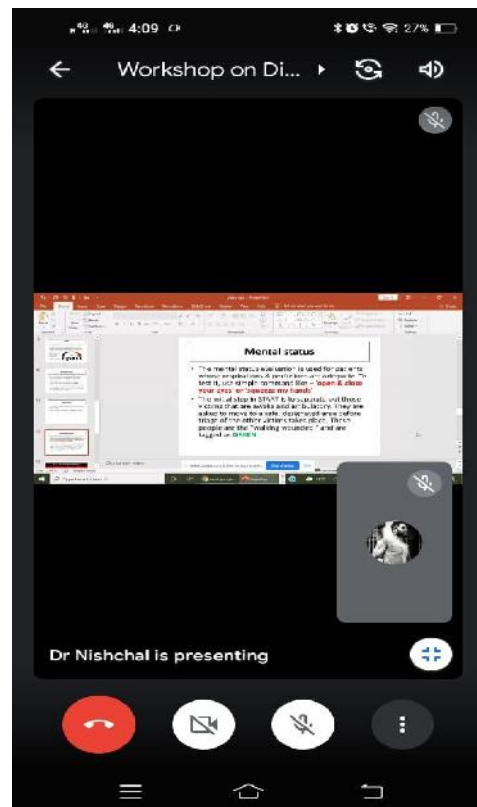

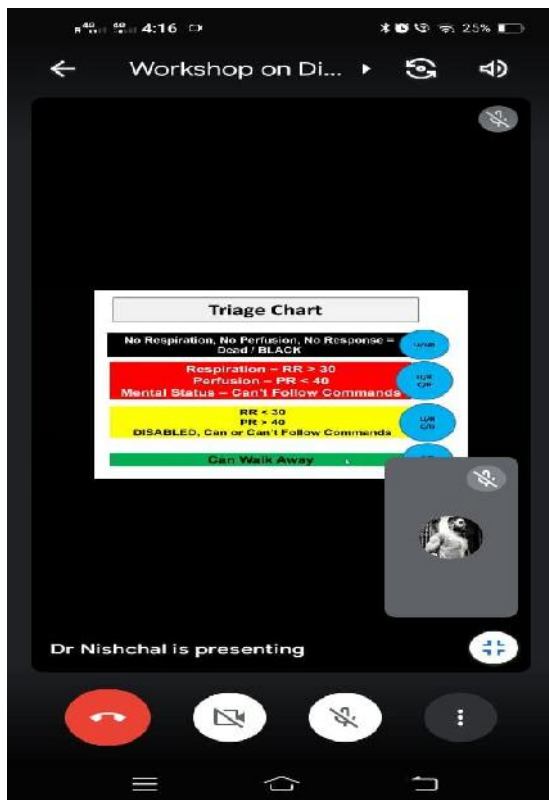

Collaboration:

- The event was organized in collaboration with Centre for Disaster Preparedness and Touch life Foundation.
- The event was organised by the Department of Community Medicine, Santosh Medical College, Ghaziabad.
- The event was promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members.

Execution:

- The MBBS students of 2018-19 batch of the Department of Community Medicine, Santosh Medical College, Ghaziabad attended this lecture.
- The topics covered were-
 1. Basics of Disaster Medicine,
 2. OPD, IPD & Home Health care services after lockdown
 3. Medical Response in epidemics with focus on COVID 19
 4. Mental Health for Health workers and care givers
 5. Critical disease patient handling
 6. Dead Body Management with special focus on COVID 19.
- Feedback of the event was collected towards the end of the event and the most appreciated part of the event was the interactive session where the students frankly discussed their doubts regarding these issues.
- Total participants= 65

Some Glimpses of the Guest Lecture

Response

- ⊗ Actions taken immediately following the impact of a disaster when exceptional measures are required to meet the basic needs of the survivors

Dr Nishchal is presenting

The image shows a mobile presentation interface. At the top right, there is a small circular icon with a crossed-out symbol. The main content area is a white slide with a red curved bottom edge. The slide title is 'Response'. Below the title is a bullet point with a crossed-out symbol, describing actions taken after a disaster. To the right of the text is a photograph of a group of people. At the bottom of the slide, there is a small red box with the text 'NISHAL'. Below the slide is a grey rectangular area containing a circular profile picture of a person and a small circular icon with a crossed-out symbol. At the bottom of the screen, the text 'Dr Nishchal is presenting' is displayed. To the right of this text is a blue circular icon with a white plus sign. At the very bottom of the screen are three white navigation icons: a hamburger menu, a home icon, and a back arrow.

GROUP/TEAM DYNAMICS -2019

The Santosh Deemed To Be University conducts **GROUP/TEAM DYNAMICS**
Coming together for a common goal 2019

Group/Team Dynamics helps students to work towards common goal and understanding of the behaviour of people in groups such as task groups that are trying to solve a problem or make a decision.

An individual with expertise in group process such as a trained facilitator assists a group in accomplishing its objective by diagnosing how well the group is functioning as a problem solving or decision making entity and intervening to alter the group operational behaviour.

This activity is conducted for all medical and dental undergraduate programs.

Total: 98 students participated in the GROUP/TEAM DYNAMICS in 2019.

Course Conductor: Dr. Dakshina Bisht

SOFT SKILL ENHANCEMENT

MENTORSHIP PROGRAMME -2019

The Santosh university has a strong **MENTORSHIP** program.

The **purpose** of a **mentor** is to help you excel in your career and become the best version of yourself. This may involve helping you achieve your **goals**, introducing you to new ways of thinking, challenging your limiting assumptions, teaching you life lessons, and much more.

The word '**mentor**' evolved to mean trusted advisor, friend, teacher and wise person. ... The main task of a **mentor** is informing first-year students at the start of the **academic** year on how a **university** works, where they can find the information they need, and give them advice about studying and living in a new environment.

The Santosh University has a mentorship program where all MBBS and BDS students have got assigned a mentor who can help them and guide them throughout the academic program.

All teachers participate in mentorship program and it helps in the personality development of the students.

A total of - 78 students underwent training in 3rd August 2019.

DEPARTMENT OF PEDIATRICS

INTERDEPARTMENTAL ACTIVITY ON EEG

An interdepartmental activity took place on 07/12/22 at 11:00am in the department of Pediatrics. Coordinators included Dr. K. C. Aggarwal (Professor and HOD of Pediatrics) and Dr. Veenu Agrawal (Asst. Prof. Pediatrics). It was conducted to orient the attendees about *pediatric EEG*

Our chief guest was Dr. Alka Agarwal (Dean of college and Prof. Pediatrics). This program was being attended by MBBS final year students, Occupational therapy interns, department of Pediatrics and department of psychiatry which included approximately 50 audiences.

Dr. Rachna Sehgal (guest speaker from safdurjung hospital) shared insight about basics of pediatric EEG and abnormalities in EEG. Case scenarios were discussed and respective EEG were co-related with the clinical findings.

Prof. and Head of the Department
Dr. K.C. Aggarwal

Skills Training at National Health Skills Conclave 2022

Date: 02/11/2022

Topic: Orotracheal Intubation

Faculty In-charge: Dr Debapriya Sarkar

Faculties: Dr Jahnavi Tomar, Dr Priyanshi Verma, Dr Kashish Khan

Total No. of Students Attended: 30

Objective: To impart cognitive as well as psychomotor skills of oro-tracheal Intubation which in turn helps provide emergency care. This skills training pledge to bestow information and hands-on practice in Orotracheal intubation

Activities: Dr Debapriya Sarkar gave the students a brief introduction about definition, indication, equipment, and manoeuvres related to oro-tracheal intubation. Then the students were divided in two groups and with the help of two high fidelity intubation mannequin, they were given hands on training on oro-tracheal intubation.

OUTCOMES: Students obtained necessary knowledge and skills to perform oro-tracheal intubation in elective and emergency scenarios.

**Department Of Biochemistry,
Santosh Medical College & Hospital, Ghaziabad**

Topic: External Guest Lecture-Alumni on “Advances in recombinant DNA techniques”

The department of Biochemistry organized an External Guest lecture on “Advances in recombinant DNA techniques” by Dr. Arjun Singhal, Assistant Professor, Dept of Biochemistry, SGT Medical College, Gurugram, Haryana for 1st year MBBS students, batch 2021-22 on 30.09.2022 under the guidance of Dr Juhi Aggarwal, Professor & head, Department of Biochemistry, Santosh Medical College, SDTU. The event was also attended by the faculty of biochemistry; Dr. Luna Sinha and Dr Eram Pasha(assistant professors). The speaker is a distinguished MD(biochemistry)alumni from the department of biochemistry.

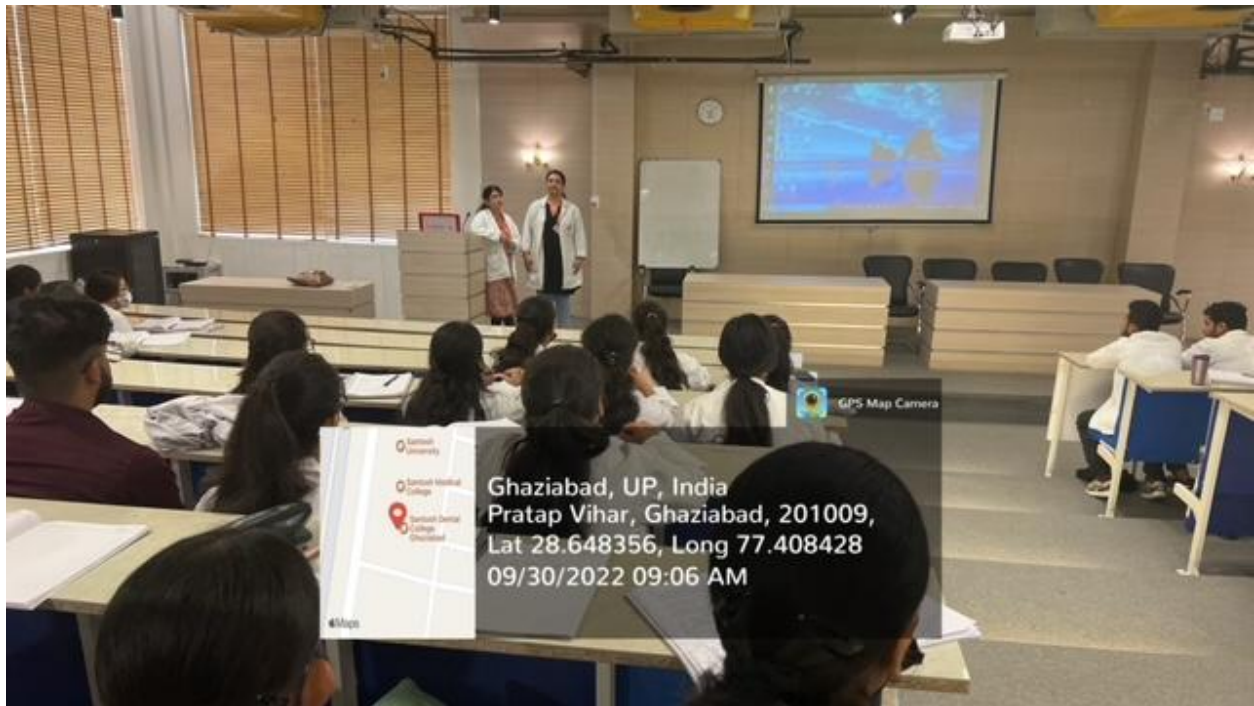

No of students attended: 150

Outcomes: The importance of recombinant DNA Technology for production of vaccine and protein therapies for eg human insulin, interferon and human growth hormone were discussed. Its role, benefits and improvements in cancer research were also highlighted

Students interacted well with the faculty who answered their queries. The students found the talk to be informative. This was followed by a group photograph.

**Department Of Biochemistry,
Santosh Medical College & Hospital, Ghaziabad**

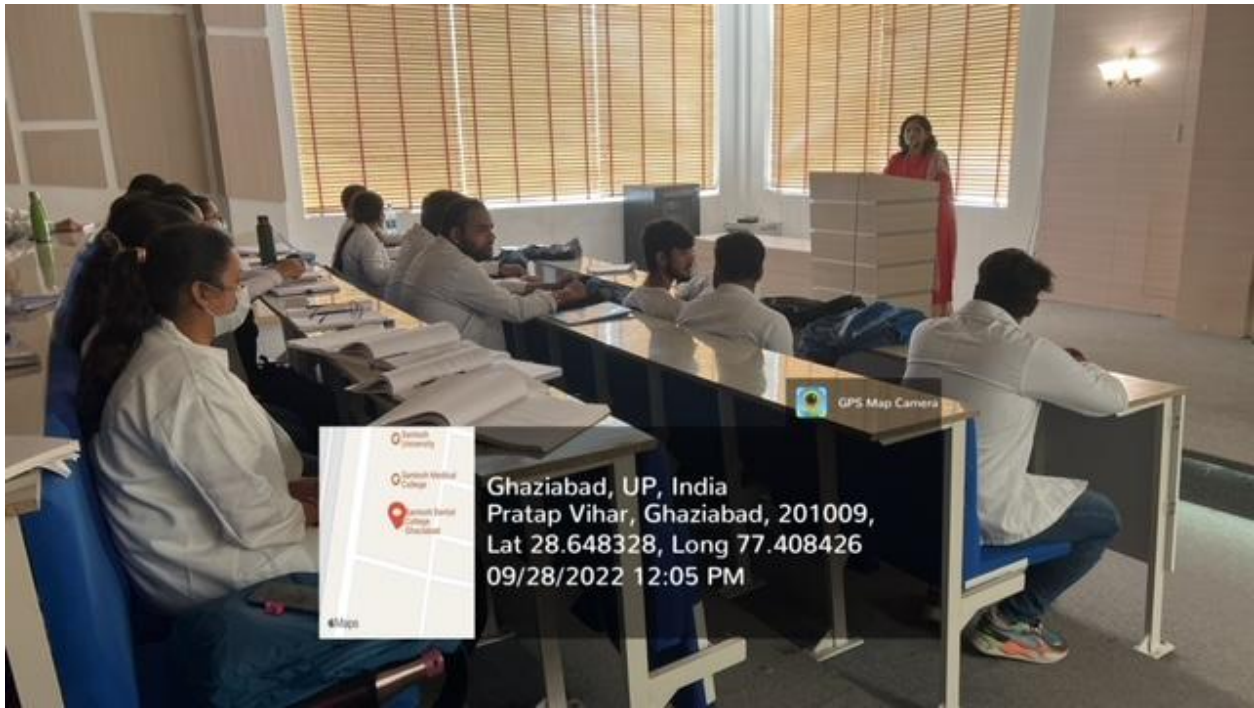

Topic: External Guest lecture-Alumni on “Advances in molecular biology techniques”

The department of Biochemistry organized an External Guest lecture on “Advances in molecular biology techniques” by Dr Madhavi Trivedi, Associate Professor, Dept of Biochemistry, GS Medical College, Pilkhuwa, UP for 1st year MBBS students, batch 2021-22 on 28.09.2022 under the guidance of Dr Juhi Aggarwal, Professor & head, Department of Biochemistry, Santosh Medical College, SDTU. The speaker is a distinguished MD(biochemistry)alumni from the department of biochemistry.

No of students attended: 150

Outcomes: Molecular biology helps to understand structures, functions, and internal processes within an individual cell. These understandings can be used in drug development, helps to diagnose disease, and to better understand cell physiology. Some of the techniques discussed were molecular cloning, polymerase chain reaction, gel electrophoresis, expression cloning, brad ford assay, macromolecule blotting and probing, microarrays, and allele-specific oligonucleotide.

Students interacted well with the faculty who answered their queries. The students found the talk to be informative. This was followed by a group photograph.

**Department Of Biochemistry,
Santosh Medical College & Hospital, Ghaziabad**

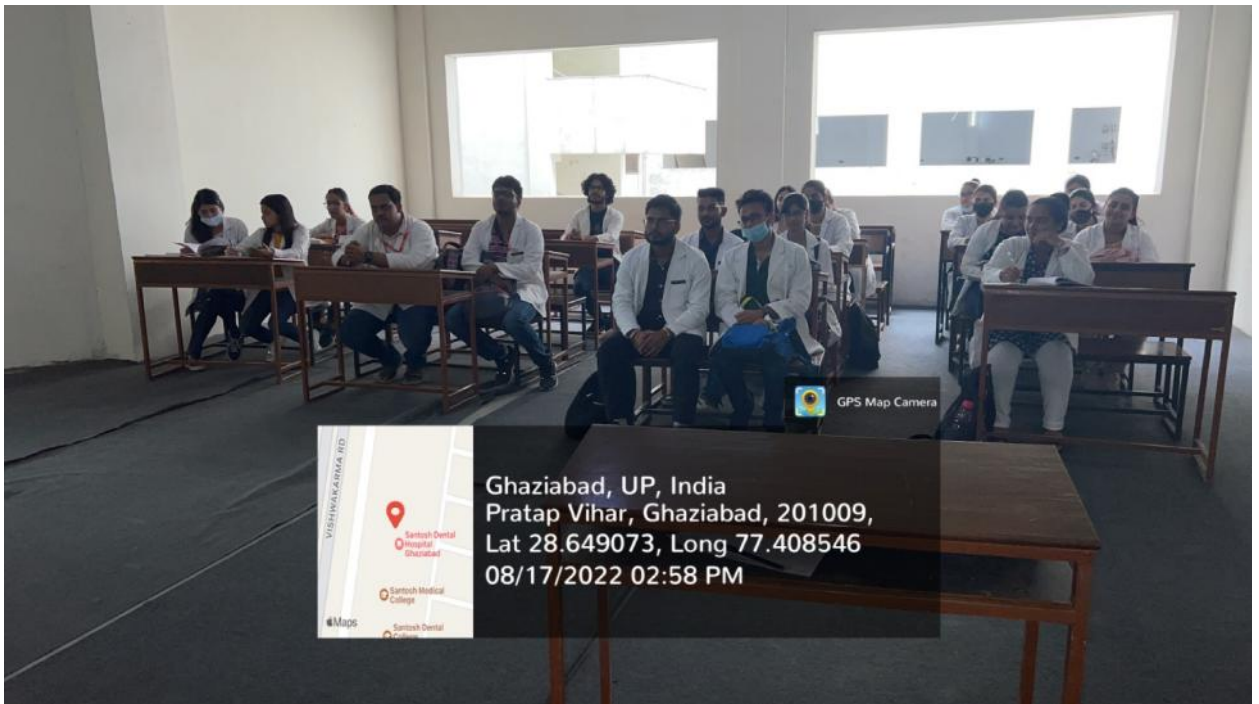

Topic: External Guest lecture on “Advances in Immunology techniques”

The department of Biochemistry organized an External Guest lecture on “Advances in Immunology techniques” by Dr Arun Nagtilak, Assistant Professor, Dept of Biochemistry, LLRM medical college, Meerut, UP for 1st year MBBS students, batch 2021-22 on 17.08.2022 under the guidance of Dr Juhi Aggarwal, Professor & head, Department of Biochemistry, Santosh Medical College, SDTU.

No of students attended: 75

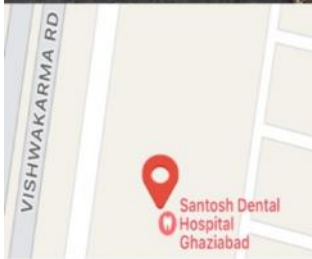

Outcomes:

1. Students were trained on the newer immunological techniques
2. Students were discussed about the molecular techniques that involve the amplification of viral genomic material are extremely sensitive and specific, provide rapid diagnosis, and allow the detection of several viruses at same time.
3. Various types of PCR were also discussed.

Santosh Deemed To Be University

Procedural Format for Conducting Activities of the University

1. All Academic Activities to be proposed through HOD to Dean/MS.
2. Dean/MS to forward To IQAC- iqacsantosh@gmail.com
3. IQAC to Recommend to Registrar with Quality Assurance.
4. Registrar to take Vice Chancellor Approval and Permission.
5. Approval from Registrar to the Proposer and Copy to IQAC.
6. Proposer to send Report to IQAC to Ensure Quality Check of Program conducted.
7. IQAC finally forwards to Registrar.

Kindly follow the above protocol and find attached the format for permission and submission of any activity conducted. The approval shall be sent within 48 hours.

For Permission of Any Activity Conducted

1. Name of the Department Santosh College of laboratory Technology, Department of Microbiology, Department of Critical care medicine and Department of Anaesthesiology [permission taken by Critical care medicine department (Proposer) for collaborative activity]
2. Program Title- Basic Life saver skill course on 12/7/2022 and 14/7/2022
3. Time - 1.00 PM to 5.00 PM
4. Venue – Maharaja hall, Santosh Medical College Hospitals, Ghaziabad
5. Duration- 4 Hours
6. Name & Designation of Speaker/Resource Faculty for Workshop-, **Dr. Geeta Gupta, Dr. Anil Kumar, Dr. Debapriya Sarkar**
7. Invitation to Speaker if any – Dr. Akshat and Dr. Ishita
8. Program Schedule - Learn resuscitation, First aid, CPR, AED, Choking, Simulation on training mannequins, Training video, Case scenario
9. Certificates if required - yes
10. Estimated Budget /Expenses /Grant required for approval – Rs. 300=00 per participants taken for attending workshop. Minimum 30 participants for each session.

For Submission of Details of BLS Skill course Activity Conducted-

1. Summary of Program -

Two days skill course for BLS Skill course conducted in collaboration of Santosh College of Laboratory Technology, Department of Microbiology, Department of Anaesthesiology and Critical Care of Medicine, Santosh Medical College Hospitals on 12/7/2022 and 14/7/2022 at 1-5 pm in Maharaja Hall at Santosh Medical College, Ghaziabad. Faculty involved are Dr. Geeta Gupta, Principal, Santosh College of Laboratory Technology & Professor Department of Microbiology, Dr. Anil Kumar consultant critical care unit, Dr. Debapriya Sarkar, consultant Department of Anaesthesiology, Santosh Medical College Hospitals, Ghaziabad. 3 faculty members and 2 PGs from anaesthesia department were as resource faculty and 60 participants including MD Microbiology students, MSc students and BMLS and BMM students attended the skill course. Certificates were given to every participant.

Expenditure incurred- Plants and Thanks Gift for Resource faculty- Rs. 1800=00

Department of Ophthalmology

Event Report

“Demonstration of E- vision chart”

Preface:

Department of Ophthalmology, Santosh Deemed be University (Ghaziabad) organized an activity for PG, MBBS & Optometry students on working of E-vision chart on 6th July 2022 at 1ST Floor Eye OPD, Santosh Medical Hospital.

Objective of this session was to train students to take vision on E-Vision chart for the smooth functioning of OPD and IPD.

Collaboration:

- The event was organized under Dr. Sarita Aggarwal, Prof and HOD, Department of Ophthalmology in collaboration with UNITECH engineers.
- The event was promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members and promoters.
- PG, 2nd year MBBS posted in the department & Optometry Students, Dr. Sarita Aggarwal, Dr. Shikha Pawaiya, Dr. Somesh Ranjan, Mr. Ayub Ali & Rashid Hassan took part in the session.

Execution:

- The session was executed on 6th July 2022 at 1ST Floor Eye OPD, Santosh Medical Hospital from 9am to 10am. The participation is received in physical mode on the location.
- The session was conducted by UNITECH engineers who demonstrated various modes and working of E- Vision chart to the participants.
- Dr Sarita Aggarwal, also said few words regarding the importance of checking visual acuity correctly & also asked Irene & Jayant from 2nd year MBBS to demonstrate what they have learnt during this session.

- Vote of thanks was delivered to the participants and organizers by Dr Sarita Aggarwal who extended gratitude to the Chairman sir, VC sir, MS and Dean of Santosh Medical hospital and college, various faculty members, Mr. Ayub Ali, Post graduate students and non-teaching staff.

Tangible Outcomes

- Appreciation letter from all the participants.

Name of Students who have participated

- PG Students –
- Dr. Aarav, Dr. Nidhi, Dr. Sagarika, Dr. Sukriti, Dr. Shivang, Dr. Acid, Dr. Madhu, Dr. Kashish, Dr. Suman, Dr. Poonam.
- MBBS students-
- Isha, Nitin, Irene, Jyoti, Jayant
- Optometry Students
- Gauranshi, Saurabh, Shahalam, Heena

Department of Pediatric & general surgery
Industrial Visit of biomedical waste management

Department of General Surgery & Pediatrics organized an Industrial Visit on 1st July-2022, 2pm onwards. In Collaboration with Medicare Environmental Management Pvt. Ltd, Masuri, Ghaziabad to study and understand the disposal of various biomedical waste management generated in Santosh Hospital. It was attended by 11 Post Graduate Students (5 from Surgery and 6 from Pediatrics). It was spearheaded by Dr. **K.C Aggarwal, HOD Pediatrics.**

The visit included a tour of the facility along with education on biomedical waste management in two different categories and final method of disposal respectively. The visit also included the actual onsite inspection of various method of disposal. The management of the Institute helped the residents comprehensively in learning of various techniques. The visit ended with vote of thanks with light refreshment and reached to the Santosh Hospital at 5:05pm.

Academic Activity

Preface

Santosh Deemed to be University (Ghaziabad) in association with Solvay Pvt Ltd organized CME on :_Management of PPH-What's new" on 9.6.2022

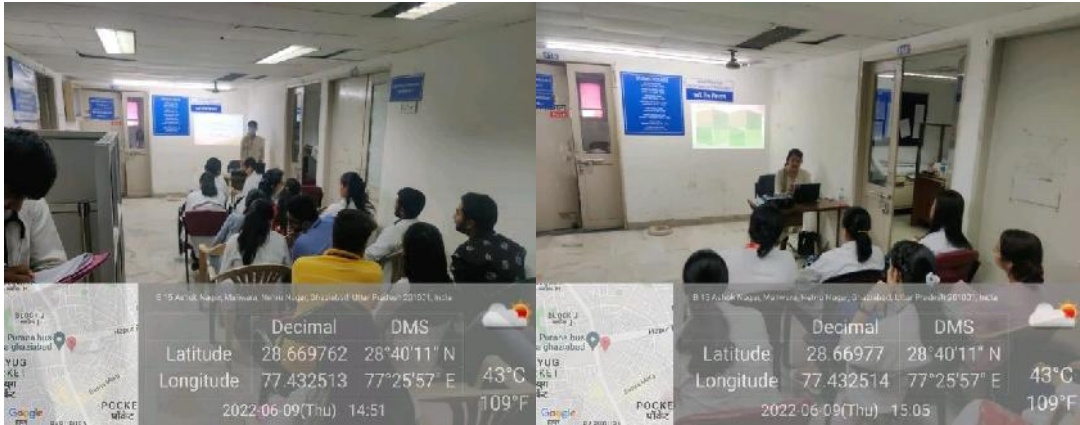

Objective of the program was to discuss various causes of PPH and how to manage them, as PPH is an obstetric emergency. The Objective was to train all postgraduate students and interns to deal in such situations.

Execution

Event was executed in the Santosh Medical College Hospital, Santosh Deemed To Be University, Ghaziabad. Faculty, Post graduates students and interns of Santosh Deemed to be University attended the session. The session was highly interactive with all actively participating in the discussion.

Tangible Outcomes

The students were made aware of various causes of PPH and how to manage them, as PPH is an obstetric emergency.

Report of activity conducted- DEPARTMENT OF BIOCHEMISTRY ACADEMIC ACTIVITY- JANUARY 2022

- Name of Workshop: Update on Phlebotomy Techniques and ABG Interpretation
- Venue: Santosh Hospital, Ghaziabad
- Date/Month/Year: 29.01.2022
- Organising Unit /Collaborating agency: Department of Biochemistry, Santosh Medical College, Ghaziabad.

The Update was organized by the Department of Biochemistry for the technicians and students of Central Lab, Santosh Hospital, Ghaziabad. The programme was lead by Dr. Juhi Aggarwal, Head of Department, Department of Biochemistry, Santosh Medical College, Ghaziabad. The programme was attended by 15 members, including technicians and students. Dr. Juhi Aggarwal introduced the audience to the recent advances the field of Phlebotomy in the first session. The implementation of best practices in phlebotomy will help in providing a better patient care at Central Lab, Santosh Hospital, Ghaziabad. The second session was chaired by Dr. Sojit Tomo and involved interpretation of ABG reports.

Scope of Research Presentation Meeting-2

Meeting Held on the April 10th 2021

In continuation of the efforts on strengthen Research at Santosh Deemed to be University, Under the Scope of Research, the second presentation meeting was held on the April 10th 2021. Respected CMD sir, along with Vice-chairman sir, Chancellor sir, Vice-Chancellor Madam, all the Deans and the faculty members those who are assigned as team leaders in the Scope of Research teams were present in the meeting. A representative from all the 11 teams have shared the updates that happened in the last 10 days with the views detailed specifics on how to enrich research in our institution.

Detail of the Presentation Meeting- 2

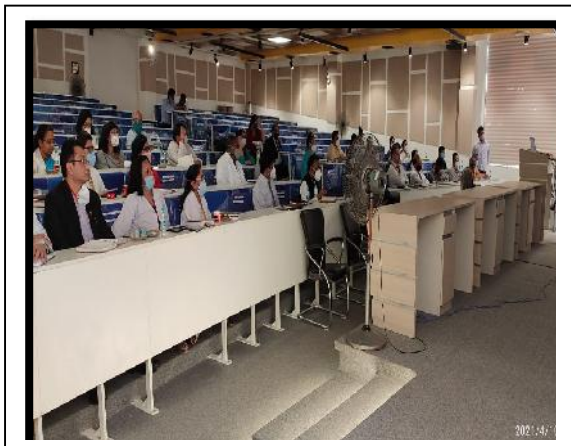

Date & Time : 10th April 2021 & 11.00am

Venue : Maharaja Hall

Meeting Agenda : Detailed Specifics to up-lift of Research at Santosh Deemed to be University.

The meeting was started around 11.15am, where our respected CMD sir, Vice-chairman sir, Chancellor sir, Vice-Chancellor madam, Dean Medical, Dean Dental, Dean Academics, Dean Research, Dean Paramedical, IQAC Director along with all the members of the different teams (37 members including Chancellor sir and Vice Chancellor madam) were present in the meeting.

With the go ahead signal from chancellor sir, Dr.SivanesanDhandayuthapani did welcome and requested the representing members of each team in a sequence to come on to the podium to present the outcomes based on their meetings with the fellow team members and the faculty members and further share their views on the specifics to enhance the research environment in a detailed manner.

Santosh Deemed to be University

Scope of Research

Minutes of Meeting Held on the April 23rd 2021

In continuation of the efforts to strengthen Research at Santosh Deemed to be University, Under the Scope of Research, the third presentation meeting was held on the April 23rd2021. Respected CMD sir, along with Chancellor Sir, all the Deans and the faculty members those who are assigned as team leaders in the Scope of Research teams were present in the meeting. A representative from all the 11 team shave shared the updates that happened in the last 12 days with the views of detailed specifics on how to enrich research in our institution.

Details of the Presentation Meeting - 3

Date & Time : 23rdApril 2021 &
11.00am Venue : Maharaja Hall
Meeting Agenda : Details of the moving ahead into the plan so faction to enhance the research activities at Santosh Deemed to be University.

The meeting was started around 11.05am, where our respected CMD sir, Chancellor sir, Dean Medical, Dean Dental, Dean Academics, Dean Research, IQAC Director along with all the members of the different teams (25members including Chancellor sir) were present in the meeting.

With the warm welcoming given by our Chancellor sir, Dr. Sivanesan Dhandayuthapani requested the representing members of each team in a sequence to come on to the podium to present the outcomes based on their meetings with the fellow team members and the faculty members and the implementation of their plans into action on the specifics to enhance the research environment in a detailed manner.

1) Ph. D., Programmes

Presenter: Dr. Akshay Bhargava, Dean Dental. Suggestions are as follows:

- i) Research Advisory Committee (RAC) calendar for the database creation has to be revisited from the year 2012, since the start of the Ph. D., programs at our institute.
- ii) All the pending reallocation of the guides/mentors for the students for those whose guides have been superannuated/resigned their jobs with our institution has been approved and awaiting for Vice-Chancellor madam's arrival to pass the circular.

- iv) According to UGC regulations, due to COVID19 pandemic, time limit for submission of their assignments/thesis will be extended till Jun-2021 for candidates whose deadline were till Dec-2019.
- v) More RAC meetings can be planned to clear the back log.

2) Incubation/Entrepreneurship/Start-Ups

Presenter: Dr. Jyoti Batra, Dean Research. Suggestions are as follows:

- i) The proposal regarding the Not for profit (Section-8) and for Profit (Commercialization) submitted to the management will be approved soon.
- ii) Further, an auditor and a lawyer will be introduced into the loop to discuss it more and bring into the action. The same will be finalized by the next meeting.

3) Students Research Cell

Presenter: Dr. Subhra Malik, Reader, Department of Conservative Dentistry and Endodontics. Suggestions are as follows:

- i) Final approval of the proposal format for the Student's Summer Research Fellowship program from the concern authority through proper channel should be done.
- ii) Application open date for the fellowships through short-term students (STS) research program should be monitored and intimated to the students and faculty members as well.
- iii) For the STS fellowships, based on the project ideas generated so far, the proposal can be constructed and keep ready till the call-for application is opened. Faculty members can help in this regard.
- iv) Faculty members can help the students to construct the proposal based on the Seed Money projects as well, as suggested by Dean Medical.

4) Publications/Scopus

Presenter: Dr. Manisha Gupta, Professor of OBGYN. Suggestions are as follows:

- i) All the Deans of different faculty can identify at least five research papers with more novelty and innovative outcomes and the same can be recommended for the fast-track publication.
- ii) The grey areas identified based on the so far search done by the Publication/Scopus team can be focused to bring out as publications or books/book chapters as well.

5) University Journals

Presenter: Dr. Mayank Singhal, Reader, Department of Oral and Maxillofacial Surgery. Suggestions are as follows:

- i) Keep track on to the sources for indexing the journal with the databases such as Scopus, Web of Science, UGC-Care, etc.
- ii) At least 50% of achievements are expected in the next one year period.
- iii) Keep working on contacting the Guest editorial members to finalize the panel, revenue generation and journal visualization

etc.

6) Outreach & Extension Activities

Presenter: Dr. Pradeep Kumar, Professor of Biochemistry. Suggestions are as follows:

- i) MOUs that has been and/or are being created based on the outreach & Extension Activities has to be shared with the Collaboration & MOUs team under the Scope of Research.
- ii) Whenever doing the outreach activities, the team can seek and get the Recognition, Awards and/or appreciation letters from the organization, which would be accountable for the NAAC purposes.

7) Collaborations & MOUs

Presenter: Dr. Shweta Bali, Prof & HOD, Periodontics. Suggestions are as follows:

- i) Based on the MOUs and collaborations, more activities can be held.

8) Clinical Trials

Presenter: Dr. Sanjay Sahay, Prof & Head, Department of Respiratory Medicine. Suggestions are as follows:

- i) Clinical Trials in our institution is one of the grey areas, need to be concentrated more and move ahead.
- ii) More sensitization for the faculty members can be done.
- iii) As mentioned, the workshop on Clinical Trials by INSIGNIA can be organized.
- iv) Few more Consultants and Pharmaceutical companies can be approached to get more clinical trials.

9) IPR & Consultancy

Presenter Dr. Shalabh Gupta, Dean Academics, Professor of General Surgery. Suggestions are as follows:

- i) Since the revenue generated through the Consultancy services in attached/ancillary hospitals are accounted into the University account and can be accountable for the NAAC purposes, all the faculty members may be more sensitized.

10) Awards & Fellowships

Presenter: Dr. Shalabh Gupta, Dean Academics, Professor of General Surgery. Suggestions are as follows:

- i) Recognition, Awards agencies has been shared, and the faculty members has to be sensitized to apply for the same.
- ii) Even the number of the awards received by the same faculty members would be considerable at one or the other places, all the faculty should be sensitized for trying for the seawards.
- iii) Few of the calls open for the application to receive awards has been shared into the Scope of research group, all the other faculty members should also be informed and motivated.

11) Ethics Committee

Presenter: Dr. Ezhilrajan, Deputy Registrar. Updates are as follows:

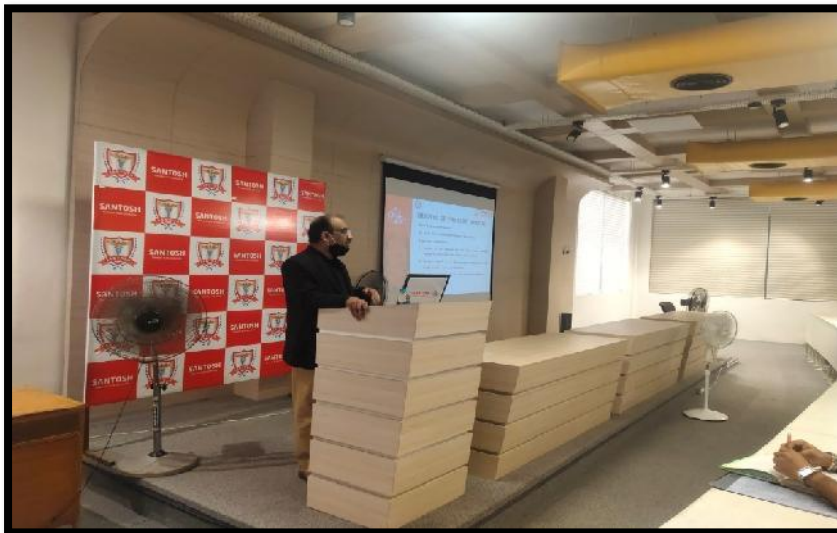

- i) The status of our application through the web is still showing “Application is under Processing”, in-person visit to the office is considered.
- ii) Because of the COVID19 and lockdown situation, most of the officials are not in their seats, once this situation is back to normal, in-person approach to the office will be possible.

Meeting adjourn: The meeting was concluded at 12.25pm with a word of thanks to all by our Chancellor sir.

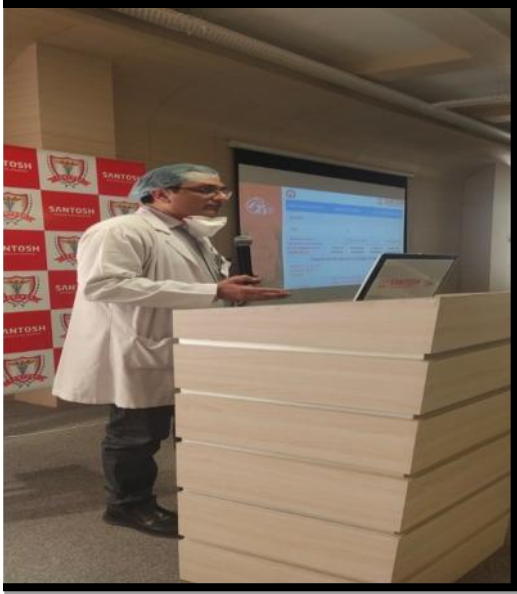

Even though the meeting has been concluded with the time limit of an hour and 20 minutes, it is expected to be more organized for the next presentation meeting. Since all the team leaders are known to everyone, spelling out the names in all the meetings can be avoided to save time.

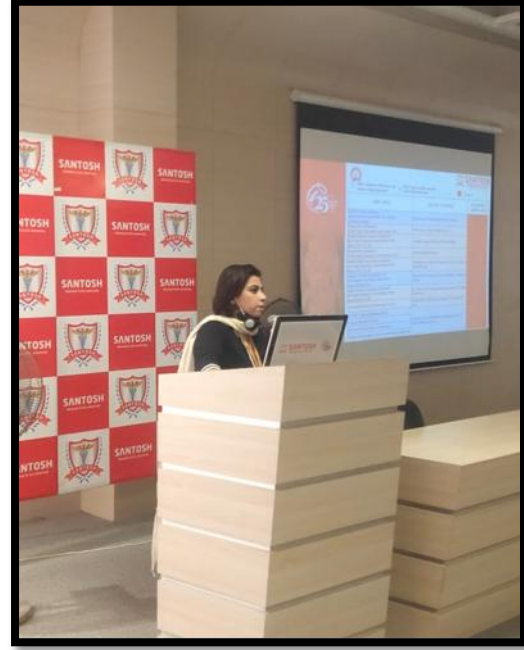

Since the Presentation slides are supposed to be shared with our Chancellor Sir a day before the presentation, it is requested to all the team coordinators and the leaders to kindly share the same at least 24 hrs before the next meetings.

Please mark your calendar for the next presentation meeting date, which will be tentatively on the 3rd of May 2021.

B.L.S (Basic Life Support)

- In this program following points have been covered.
- Basic life support, or BLS, generally refers to the type of care that first-responders, healthcare providers and public safety professionals provide to anyone who is experiencing cardiac arrest, respiratory distress or an obstructed airway.
- It requires knowledge and skills in cardiopulmonary resuscitation (CPR), using automated external defibrillators (AED) and relieving airway obstructions in patients of every age.
- The physical skills necessary for providing BLS care to those in need, those working in basic life support also need to have critical-thinking and problem-solving skills, and be able to work as part of a team to deliver the best care possible and improve patient outcomes.
- 95 students have participated in the program conducted.
- The program was conducted by Dr. Suveer Sharma, Santosh Medical College, Ghaziabad.

Santosh Medical College- Medical Education Unit
Brief Report on “Orientation of SWAYAM”

Department of Medical Education, Santosh Deemed to Be University organized a Program on “Orientation of SWAYAM” for faculty of Santosh Medical College and Santosh Dental College on February 22nd 2021 in Conference Hall, Santosh Medical College. Dr Yogesh Yadav, Professor Anatomy also SWAYAM Coordinator, gave detail information about how to start an online courses on Swayam portal (Study Web of Active-Learning for Young Aspiring Minds) run by Human Resource Development Ministry, Govt. of India.

The orientation was attended by 15 faculty members who were oriented through the platform of “SWAYAM” that facilitates hosting of all the courses that can be accessed by anyone, anywhere at any time. All the courses are interactive and ensure best quality content which is produced and delivered. All the faculty took great interest in initiating and planning of courses on SWAYAM. It was highlighted that there are no available courses in the medical stream on portal yet and hence opportunity should be taken to utilize and promote our value added courses to the world.

Participants shared their queries about the procedures required to start such courses which were well answered by MEU Faculty and it was planned to work towards its implementation.

Event Report

TITLE-(WORKSHOP ON “Fundamentals of IPR in Reference to Academia”)

Preface:

(Santosh Deemed to be University (Ghaziabad) plans to organize a Workshop on **Fundamentals of IPR in Reference to Academia** 26TH April 2021)

Objective of the workshop is to develop skills about writing an effective application for Patent and copyright for an Institution or the Project.)

Collaboration:

- The workshop is to be organized by Santosh Deemed to be University in collaboration with 4A IP Solution under **Faculty development Program**.
- The event has been promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members and promoters.

Execution:

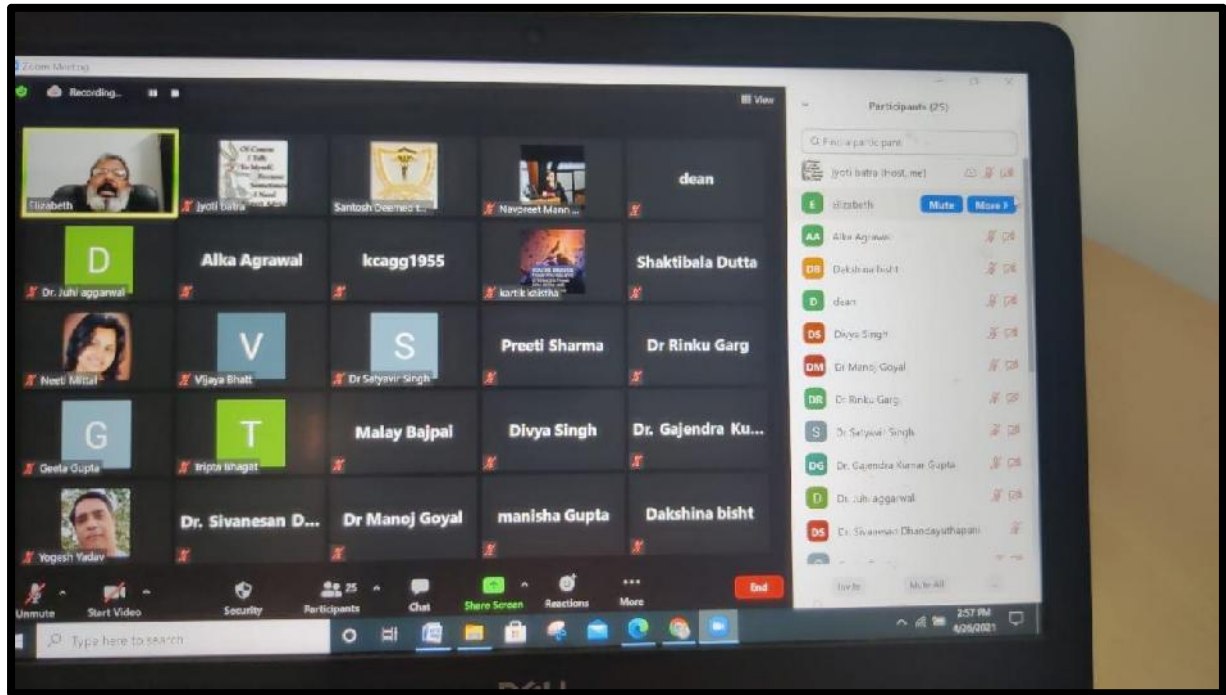

- The speaker was introduced by Dean Research Dr. Jyoti Batra
- Event is executed in hybrid mode. The participation is received in electronic mode through Zoom
- Renowned speaker **Mr. Srinivasan, Head IPR** from reputed consultancy of India **4A IP Solutions** delivered the talks on the topics including ‘Fundamentals of IPR in reference of Academia’. He discussed ‘How to’ write patent & Copyright, what type of patent is commercialized.
- 29 Faculty members participated in the event.
- The session was very interactive.
- Vote of thanks was delivered to the guest speaker and participants and organizers by Dr. Jyoti Batra, Dean Research Santosh Deemed to be university.

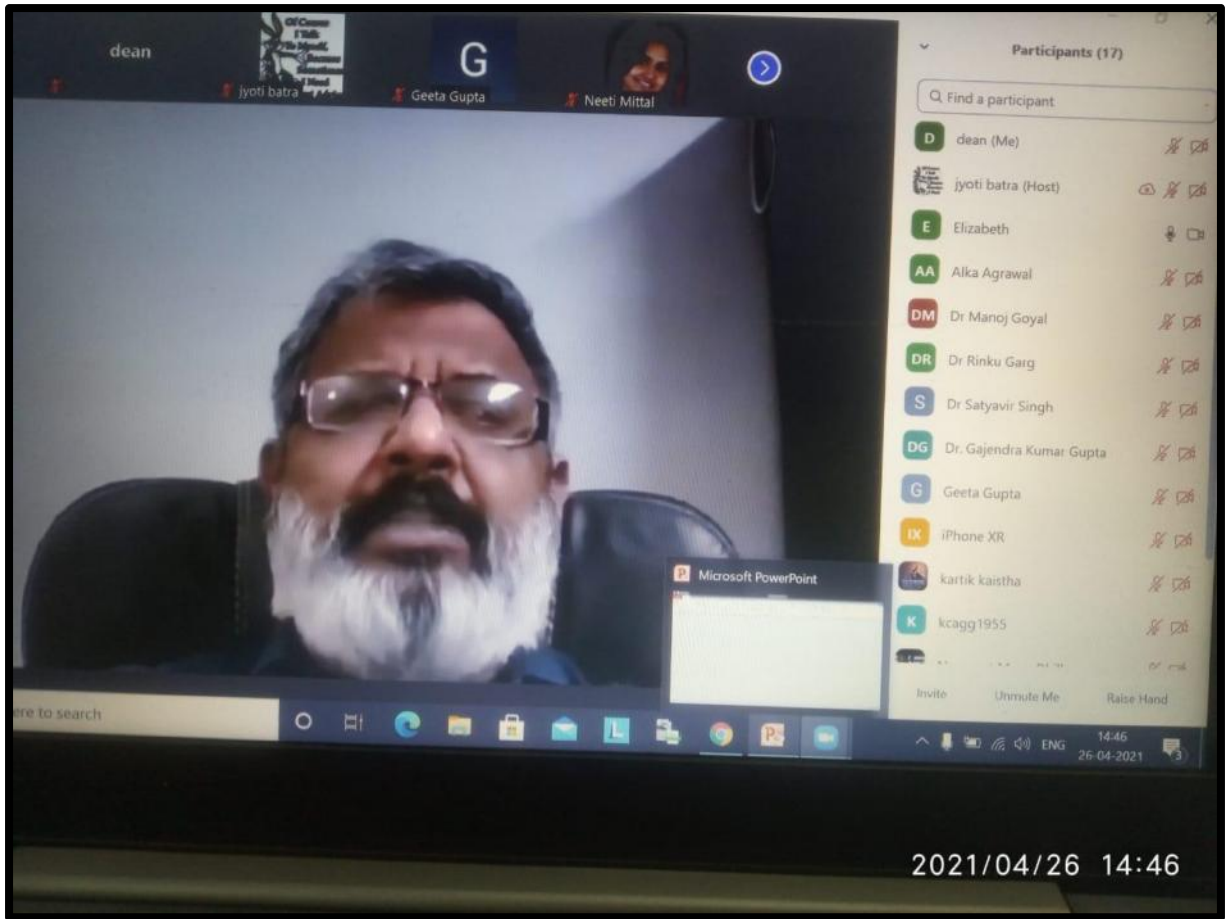

Respected Madam/Sir,

The event report is for your kind information, review, records, and further use in /promotions/other purposes appropriately.

Regards,

.....

PARTICIPATION OF DEPARTMENTS AND INVITED LECTURES

SANTOSH DEEMED TO BE UNIVERSITY, GHAZIABAD				
SANCON 2020				
SATURDAY, 10TH OCTOBER 2020				
HALL 1				
TIME	DEPARTMENT	TOPIC	SPEAKER	DESIGNATION
9am-9.20am	ANATOMY	Applied anatomy of prostate gland	DR SONU	ASST PROFESSOR
9.20am-9.40am	PHYSIOLOGY	Respiratory physiology in covid 19	DR RINKU GARG	PROF & HEAD
9.40am-10am	BIOCHEMISTRY	Chimeric antigen receptors; newer advancement in t cell engineering	DR PREETI	ASSO PROFESSOR
10.00am - 10.20am	PHARMACOLOGY	Pharmacovigilance in Santosh deemed to be University	DR SHAKTIBALA DATTA	PROF & HEAD
10.20am-10.40am	FMT	A rare case of suicide by Atracurium Besylate in a health care professional	DR ANTRA	ASST PROFESSOR
10.40am-11am	COMMUNITY MEDICINE	Universal Health Coverage	DR ANUPAMA SINGH	ASST PROFESSOR
11.00am-11.20am	PATHOLOGY	Blood transfusion services: Challenges in times of Covid 19	Dr Mayurika	ASST PROFESSOR
11.20am-11.40am	General Surgery	Recent Advances in Management of Hemorrhoids	Dr Shalabh Gupta	PROF & HEAD

11.40am-12.00pm	Medicine	Approach to PUO: Recent developments	Dr Ashok Kumar	PROF & HEAD
12.00p-12.20pm	Anesthesia	Covid-19: Key Interventions and Timing	Dr Mahima	ASSOCIATE PROF
12.20pm-12.40pm	Obstetrics-Gynaecology	COVID-19 and Pregnancy: The obstetricians' perspective	Dr Neelima Agarwal	PROF & HEAD
12.40pm-1.00pm	Psychology	How to stay relaxed	Dr Rani Shrivastava	PROFESSOR
1.00pm-1.20pm	Dermatology	How i Manage Hair Loss	Dr Anuja	ASST PROFESSOR
1.20pm-1.40pm	Pulmonology	DUAL BRONCHO DILATORS IN COPD- Why are they recommended	Dr Sanjay Sahay	PROF & HEAD
PANEL DISCUSSIONS, SYMPOSIUM, DEBATE SESSION				
2.00PM-2.45PM	PANEL DISCUSSION Moderator Dr Deepika Agrawal Professor Community Medicine	Medical Tourism in India	Dr Manoj Goyal	Chancellor
			Dr Tripta S Bhagat	Vice Chancellor
			Dr Akshay Bhargav	Dean Dental
			Dr Alpana Agarwal	Medical Superintendent

2.45PM-3.30PM	PANEL DISCUSSION Moderator Dr Shivani Bansal Professor General Medicine	How to be safe in the current COVID crisis during medical practice	Dr Anil	Consultant Anaesthetist
			Dr Sarkar	Consultant Anaesthetist
			Dr Rajiv Ahluwalia	Professor, Orthodontics
			Dr Priyanka Bhushan	Associate Prof, Comm Dentistry
3.30PM-4.00PM	DEBATE Moderator Dr Dakshina Bisht Professor Microbiology	SHOULD STUDENTS JOIN BACK THEIR MEDICAL COLLEGE NOW IN COVID TIMES	NO Dr Antara Debberma	Assistant Prof, FMT
			YES Dr Stutee Bali	Associate Prof, Orthodontics
4.00pm-5.00pm	SYMPOSIUM PROMOTION OF RESEARCH IN A MEDICAL UNIVERSITY Moderator Dr Jyoti Batra Dean Research	How to write and Publish a paper in Scopus	Dr Preeti Sharma	Associate Prof, Biochemistry
		How to get Extra Mural Funding	Dr Sivanesan	SRF
		Revenue Sharing and Consultancy	Dr Niti Mittal	JRF
		Extention & Outreach programs	Dr Revanth Kumar	Assistant Prof, Community Medicine

		Significance of research in medical practice	Dr Akshay Bhargav	Dean Dental
5.00pm onwards	MALHAAR	A CULTURAL EVENING PRESENTED BY STUDENTS OF SANTOSH DEEMED TO BE UNIVERSITY		

HALL 2				
TIME	DEPARTMENT	TOPIC	SPEAKER	DESIGNATION
9am-9.20am	Pediatric and Preventive Dentistry	Early Childhood Caries	Dr Rashi Singh	ASST PROFESSOR
9.20am-9.40am	Conservative Dentistry and Endodontics	Non-Surgical Healing of Periapical Lesion	Dr Vijaya Dhar Bhatt	PROFESSOR
9.40am-10am	Periodontics and Oral Implantology	Importance of Periodontal Treatment on Post-COVID-19	Dr Shobhit Arora	ASST PROFESSOR
10.00am - 10.20am	Oral Pathology and Microbiology	Recent COVID-19 Testing Protocols	Dr Manu Gupta	ASST PROFESSOR
10.20am-10.40am	Oral Medicine and Radiology	Current trends in management of potentially malignant conditions	Dr Chandni Batra	ASST PROFESSOR

SANTOSH DEEMED TO BE UNIVERSITY

Neonatal resuscitation and NRP

Department Of Paediatrics

Date: 2019

TOPIC- Neonatal Resuscitation

ABOUT THE PROGRAMME-

The skill of resuscitation of neonates is imparted using neonatal manikins. The entire procedure is taught as a workshop and a structured algorithm is followed.

The undergraduate students are taught Basic neonatal resuscitation skills concentrating on providing positive pressure ventilation using Ambu bag so that even an MBBS doctor can resuscitate a newborn.

The post graduate students of Pediatrics, Anaesthesia and Obstetrics and Gynecology are taught advanced neonatal resuscitation skills using advanced manikins, intubation heads and radiant warmer.

Number of students benefitted: 92

Name of faculty involved : Dr. Alka Aggarwal

SANTOSH DEEMED TO BE UNIVERSITY
Department of Microbiology

Year: 05th August 2019

NAME OF THE PROGRAM: Biomedical Waste Management

Participants: 85 Students

Biomedical waste workshops for student are desired to update student knowledge to current norms.

SANTOSH
Deemed to be University
(Established u/s 3 of the UGC Act, 1956)

**Santosh Dental College
Department Orthodontics**

DATE: 21st August 2018

NAME OF THE PROGRAM: Typodont Skills

Participants: 6

Process:

This is an Annual Exercise taken up by the Orthodontic Department. The Post Graduates are trained to assemble orthodontic appliances on Typodonts. Later these are put in hot water which stimulates tooth movement in the wax setup.

Outcome:

This gives training and confidence to post Graduates before attempting the same on patients.

This is an Annual Exercise taken up by the Orthodontic Department. The Post Graduates are trained to assemble orthodontic appliances on Typodonts. Later these are put in hot water which stimulates tooth movement in the wax setup.

Outcome: This gives training and confidence to post Graduates before attempting the same on patients.

(Established u/s 3 of the UGC Act, 1956)

Topic- Neonatal resuscitation and NRP

Department Of Paediatrics

Date: 2017

Topic- Neonatal Resuscitation

About the Programme-

The skill of resuscitation of neonates is imparted using neonatal manikins. The entire procedure is taught as a workshop and a structured algorithm is followed.

The undergraduate students are taught Basic neonatal resuscitation skills concentrating on providing positive pressure ventilation using Ambu bag so that even an MBBS doctor can resuscitate a newborn.

The post graduate students of Pediatrics, Anaesthesia and Obstetrics and Gynecology are taught advanced neonatal resuscitation skills using advanced manikins, intubation heads and radiant warmer.

Number of students benefitted: 91

Name of faculty involved : Dr. Alka Aggarwal

(Established u/s 3 of the UGC Act, 1956)

Department of Physiology

Santosh Medical College
