Mornings decorated with leaves so peary . With the pleasant warmth October did crawl . Waiting so long , entered november wrapped in snow . So curious the days of leavages . It seems winter came after ages . It was time for the warmest sweaters . Some history and other with feathers . Hidden in the closet was my wooden box of magic . Even the acanthus carving on it made me nostalgic . I kept back to the days of December . It feels like its the only winter that I remember . Wearing the set of warmth . I searched in the pocket . I had an old unused letter . Hidden deep in the middle of my jacket . I still remember that night , so dreamy . Aston was never so flawless and creamy . As we walked on that muddy lane . I never experienced such love , so insanely sane . You were like a puzzle to me . Which I never failed to solve . But this one wasn't so easy . As it had my emotions involved . I never knew how you feel about me . Until that night when I decided to let my feelings free . I tried a few times but was unable to utter a word I felt . So I wrote a letter and let my feelings on rent . My heart protruded as I touched the ink laden paper . I gathered all my strength , but thought maybe later . The letter never came and I met someone else . It was you and her , that's what destiny tells . If could have gathered enough strength that day . Every word from paper struck me easy . Could have loved you the way I wanted to . My thoughts would not be so busy . But as I have this letter today . I'm feeling the same free . Cause it's love gone . Cause the time to come back to me .</p>
