Institution's Innovation council

Minutes of Celebration of National Energy Conservation Day 2022 in LT2 Santosh Deemed to be University on 14th Dec at 2:00 PM to 2:30 PM

Topic : Celebration of national energy conservation day

The National Energy Conservation Day is celebrated every year on 14th December 2022. The purpose is to showcase the achievements of the nation in energy efficiency and conservation. This occasion has been celebrated since 1991 when is led by the Ministry of power. This day is celebrated to raise awareness regarding the conservation of energy as it is the best way to have a greener and brighter future.

Objective: The day focuses on making people aware of global warming and climate change and promotes efforts towards saving energy resources. It also highlights the achievements of the country in the fields of energy efficiency and conservation.

There was an event held on 14th December 2022 at 2: 00pm by Central Research facility and Institution Innovation council in association with Santosh Startups Forum, to celebrate National Energy Conservation day. The event was arranged in LT 2, Santosh Deemed to be University.

The event started with Ms.Indu Rani introducing IIC team members to all the attendees of the event who were MBBS,BDS and BPT students of various batches. She enlightened the fact that IIC is guided by Ministry Of Education. They've created these IIC centers so as to encourage and incubate startup ideas.

Followed by Dr. Sanjeev Tomar welcoming the chief guest of the event, Dr.Sumita Giri (HOD & Professor Endodontics) and Dr.Neeraj Grover (HOD Oral Pathology). Dr. Sumita Giri interacted with the students and briefed about efforts needs to be made to ensure that energy is used efficiently by either using less energy for a particular constant purpose – like switching off lights and fans when not being used – or reducing the use of a particular service that uses energy – like driving less and using public transport instead.

She also told students that energy conservation is a conscious, individual effort, and at a macro level, it leads to energy efficiency and the different forms of energies and explained how our mental energy is affected by our day today lifestyle. As per the theme of the event Dr. Sumita enlighten the students about the importance of Engery and how differently everyone perceives the concept of energy. She further added the usage of energy to one's benefit and how we can create our own positive Aura.

Moreover it was an informative and effective event. The event was also graced with the presence of dental academic coordinator **Dr. Neeraj Grover** sir. He praised the efforts of IIC and said that end goal of energy conservation is to reach sustainable energy.

The program concluded with the vote of thanks by **Dr. Sanjeev Tomar** sir. He lauded the efforts of

Santosh Startups Forum and IIC & also appreciated the opportunities provided by the university to organize several events and encouraging the students for active participation in upcoming events.

Human Rights Day – 10th December 2022

Preface:

Santosh Deemed to be university (Ghaziabad) organised Human rights Day on 10th May 2022 at Department of Psychiatry on Saturday at 10:00 AM – 11:00 AM.

December 10 is recognized as International Human Rights Day. The Universal Declaration of Human Rights, which fought for the protection of fundamental rights for all people regardless of age, gender, or color, was approved on this day in 1948 by the United Nations General Assembly. The subject for this year, Human Rights, serves as a reminder that every day is Human Rights Day and that these rights are just one of the many principles and values that unite us as a world community.

What about those who experience mental health issues?

In a perfect world, everyone would be treated equally and the Universal Declaration of Human Rights would be the guiding principle, but sadly, many groups are still marginalized in modern society. Despite a special UN resolution that called for the protection, compassionate treatment, and respect of people with mental illness that was passed in the 1990s, people with mental health issues fell under this category. Recent studies actually demonstrate that those who struggle with mental health issues typically face stigma and discrimination as well as some of the greatest human rights abuses in the world.

Mental Health Care Act 2017

The Mental Health Care Act of 2017 (Act No. 10) An Act to Provide for Mental Healthcare and Services for Persons with Mental Illness, and to Protect, Promote, and Fulfill Such Persons' Rights During Delivery of Mental Healthcare and Services and for Matters Connected or Incidental Thereto.

1. The Mental Healthcare Act of 2017 intends to ensure that those who have attempted suicide are given options for rehabilitation from the government rather than being tried or punished for the attempt, thereby decriminalizing the act.
2. The Convention on the Rights of Persons with Disabilities and its Optional Protocol require India to comply with certain international obligations, which the Act aims to do.
3. It is a change from the Mental Health Act of 1987 in that it seeks to empower those who are dealing with mental illness. The 2017 Act acknowledges the agency of those

who suffer from mental illness and grants them the right to make decisions about their health, provided they receive the necessary information.

4. The Act strives to protect the rights of those who suffer from mental illness, as well as their access to care and treatment without prejudice on the part of the government. Additionally, as is the case for the treatment of physical illnesses, insurers are also required to offer medical insurance coverage for the treatment of mental illness.
5. The Mental Health Care Act of 2017 has provisions for both the regulation of the industry and the registration of institutions involved in mental health. In order to prevent anyone with a mental disease from having to travel far for treatment, these measures include the requirement for the building of mental health facilities across the nation as well as the formation of a regulatory agency known as the mental health review board.
6. Electroconvulsive therapy (ECT) is only permitted under the terms of the Act in extreme circumstances, coupled with the use of anaesthetics and muscle relaxants. Additionally, it is now against the law to employ ECT as a treatment option for kids.
7. The 2017 Act outlines the obligations of various organizations, like the police, with regard to people with mental illness.
8. Additionally, the Mental Health Care Act of 2017 pledged to combat stigma surrounding mental illness and included some suggestions for doing so.

Collaboration:

Name and Designation of Speakers:

1. Dr. A.K. Seth (Prof. & HOD Psychiatry)
2. Dr. Rani Shrivastava (Prof & Head Psychology)
3. Dr. Brijesh Saran (Assist Prof Psychiatry)
4. Dr. Parul Gairola (Assist Prof Clinical Psychology)
5. Dr. Anoop Peter (Assist Prof Clinical Psychology)

Attended by students pursuing following courses from BOT, BPT, BOT Interns, 2nd yr MBBS, MBBS Interns, Junior Resident students at Santosh Deemed to be University.

Execution:

1. PPT presentation about the mental health care act 2017
2. one hour Lecture was taken with audio visual display.
3. Quiz was organised about the topic Human rights of person with Mental illness
4. Google Drive web link provided for the details of event for academic purpose and continued learning.

Doctor's Day- 1.7.22

VENUE: Santosh Hospital, Gharonda orphanage, and Santosh Medical College, Ghaziabad

DATE: 1st July 2022

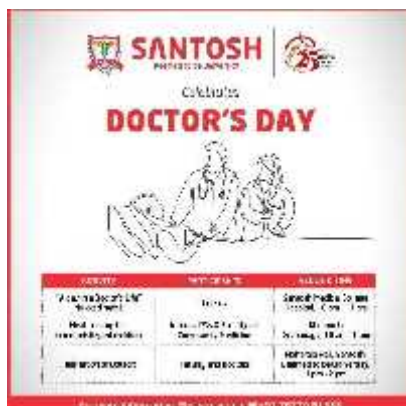

REPORT

- Doctor's Day was celebrated in Santosh Medical College with a lot of enthusiasm and fervour. On this day, various activities were planned in the medical college and hospital as well as the field practice areas of the Dept of Community Medicine. The event was circulated on the different social networks.
- The health camp was organised in collaboration with Gharonda, a home for underprivileged children.
- The day started with a Nukkad Natak presented by interns and undergraduate medical students in the Santosh Hospital, depicting 'A day in the life of a Doctor'. It dealt with the everyday challenges faced by the doctors including aggression by relatives of patients and how the doctors provide services against all odds. Faculty and other staff members of the hospital applauded the nukkad natak.
- A free health camp was organised on 1st July 2022, in Gharonda which is an orphanage in district Ghaziabad, by Department of Community Medicine, Santosh Medical College, Ghaziabad. A total of 30 children who were between the ages of 3 months to 10 years were examined. Patients requiring advanced treatment were advised to visit higher centre (Santosh Hospital) for

respective speciality. Dental examination of the children was also done by dental post graduate students. All children were given Albendazole tablets and syrup for deworming. The camp culminated with juices and snacks distribution to the underprivileged children of Gharonda.

- The day ended with felicitation of the doctors for their valuable contribution during the COVID 19 pandemic.

The photographs are attached herewith.

- **“WORLD HUMAN ANATOMY CHAMPION DAY”**.
- The dept of anatomy organized a debate titled **"online teaching versus offline teaching in medical studies"**. The participants were students of first yr mbbs(batch 2022).All deans, faculty members , alumini and senior students were invited & felicitated.
- Prize distribution was done in the form of certificates and gifts.
- In the end snacks were also served to all

PICS OF CELEBRATION

The Anatomy department, which is lead by Dr.Nisha Kaul has been one of the most hardworking and innovative departments. Anatomy classes go beyond the textbooks and cadavers and focus on how the students are building a strong foundation for medicine in the future. Anatomy department arranged a 3-D model making activity that garnered the attention of so many students, even beyond 1st year professional. Students participated with such fervor and enthusiasm that they requested to arrange for some supplies themselves. More than an educational activity, it was interactive as students got a chance to showcase their artistic abilities. The exciting part was how students, under the guidance of Dr.Kaul, created multidimensional clay models of the lateral wall of the nose, the circle of Willis, cubital fossa, and many more. Its showcased those in the anatomy museum. The process of making a blueprint, getting it corrected, and creating a model based on that was extremely cerebrally stimulating. Students were showered with praises and encouragement. No matter whether a student was artistically inclined or not, every student was given equal opportunities and the acknowledgment as well. It is no doubt the department which makes them feel at home and inspires them to further venture into the mysteries of the human body.

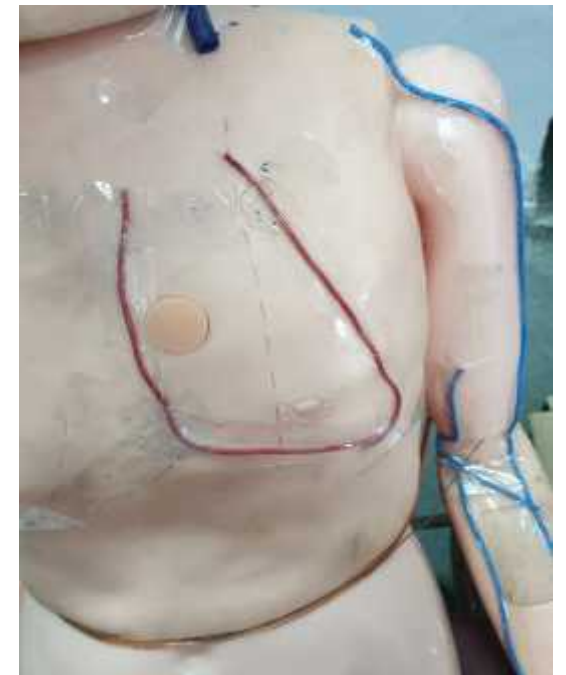

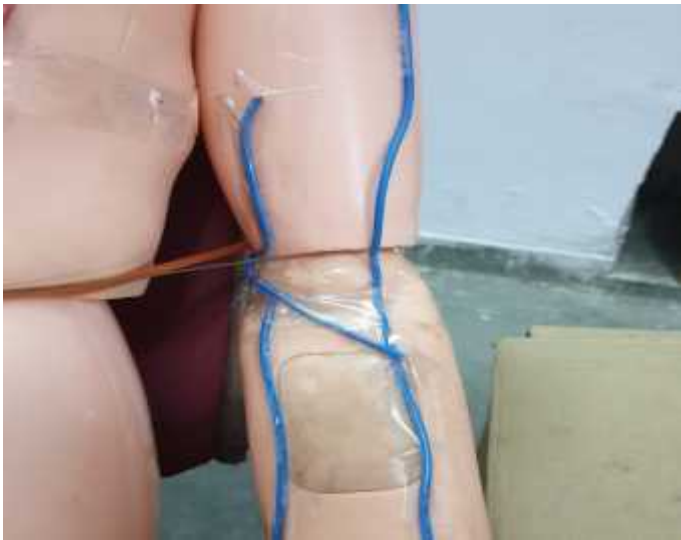

Glimpses of the Activity organized by Anatomy Department

An Initiative by IQAC

Women's Day Celebration 2022

IQAC of Santosh Deemed to be University organized Women's Day Celebration on **8th March 2022**. The theme of this year was **"Gender equality for a sustainable tomorrow"**. Various activities were conducted to come together to celebrate women's equality and bringing attention to issues focusing on women.

The celebrations began with Yoga and Meditation at 9 am in association with **Bhartiya Yoga Sansthan** where the faculty and students performed yoga under the guidance of Yoga Guru.

This was followed by **Walkathon** organized in the University Campus at 09:30 am in which students and faculty participated with the spirit of equality and spread the message for women empowerment in all walks of life.

Department of OBG organized a Camp for **Detection of Bone Mineral Density in Females**. More than 124 patients and staff members benefitted of the free BMD detection camp and treatment was advised to those who were found to be osteopenic or osteoporotic

The Department of OBG also conducted a Public forum session in the foyer of the Santosh Hospital reception to create public awareness and prevention of common gynecological cancer

The Department of Medicine along with staff of Clinical Nutrition & Dietetics organised **Break the Bias** in which various program were conducted for the staff and students which included dance and poster competitions

Few students were graced with prize for the Drawing competition on Women Empowerment - Break the Bias.

A **Cultural Program** was organized where the IQAC Director welcomed all to the celebration on the occasion of International Women's day and emphasized the awareness for the status, dignity and empowerment of the women in the society. The faculty and students of the University were invited to participate and celebrate the event. The program started with a welcome address by the Vice Chancellor and was also attended by the Registrar, Dean Santosh Medical College, Dean Santosh Dental College & Hospital who were also felicitated.

Cultural program on women empowerment through dance, song and poem recitation were performed by the students . They also performed a Nukkad-Natak showcasing the taboos in the Indian family culture regarding female issues.

Another powerful Nukkad-Natak was presented showcasing oppression of the women in the society. The event was well attended by all students and faculty and the program was well appreciated.

The program concluded with a vote of thanks followed with tea and snacks.

TITLE - WORLD RARE DISEASE DAY 2022

Preface:

Rare Disease Day is a globally-coordinated movement on rare diseases. It is observed on 28th February and focuses on working towards equity in social opportunity, healthcare, and access to diagnosis and therapies for people living with a rare disease.

Program:

Department of Dermatology organized an online CME and Awareness Program on the occasion of World Rare Disease Day on 28th February, 2022, 11:30 AM – 12:10 PM at Santosh Hospital, Ghaziabad.

Execution:

Dr. V. K. Garg (Professor & HoD) initiated the session and introduced this year's theme "Share Your Colors". Dr. Sheraun Karira (Junior Resident) discussed about Cutaneous Mosaicism, Neurofibromatosis and Tuberous Sclerosis. Dr. Gulshant Panesar (Assistant Professor) talked about Congenital Epidermolysis Bullosa. Dr. Priyal Garbyal (Senior Resident) elaborated on the rare forms of Congenital Ichthyosis. Finally, Dr V. K. Garg took up questions from the audience and concluded the session.

Tangible Outcomes

It was a very informative session with good audience participation, making it a successful event.

SANTOSH MEDICAL COLLEGE & HOSPITAL, GHAZIABAD

DEPT OF ANATOMY ORGANISING

WORLD EMBALMING DAY (22.2.2022)

THE EMBALMING PROCESS
How does it work?

EMBALMING
PROCESS OF PRESERVING A BODY BY DELAYING THE NATURAL EFFECTS OF DEATH.

EMBALMING
Definition: It is a process of preservation of dead body by treating it with antiseptic and preservatives to prevent putrefaction.

By this process,

1. Protein coagulates
2. Tissues are fixed
3. Organs are bathed and hardened
4. Body is completely and transferred into a polished brass casket

ADVANTAGES
The process of embalming offers the following benefits:

- Temporarily preserves the remains
- Body softens by fixing post-mortem changes
- Permitted for essential rest if casket is sealed instantly
- Allows the embalmed body may be viewed by close friends, family, friends, relatives, etc.
- Shows the deceased in their best light for last display
- Helps the body show the friend & family until they are buried
- Acts as the preservative & disinfectant
- Shows the body in the best light for the funeral service

Embalm & Mourn - Soem

HE LOOKS SO NATURAL

Awareness Session on World Deworming Day

Preface:

Santosh Deemed to be University (Ghaziabad) organized an Awareness Session on National Deworming Day (10-02-2022) on 17-02-2022.

Objective of the awareness session was to impart knowledge and create awareness about the importance of deworming, mainly for children from 1 to 19 years of age.

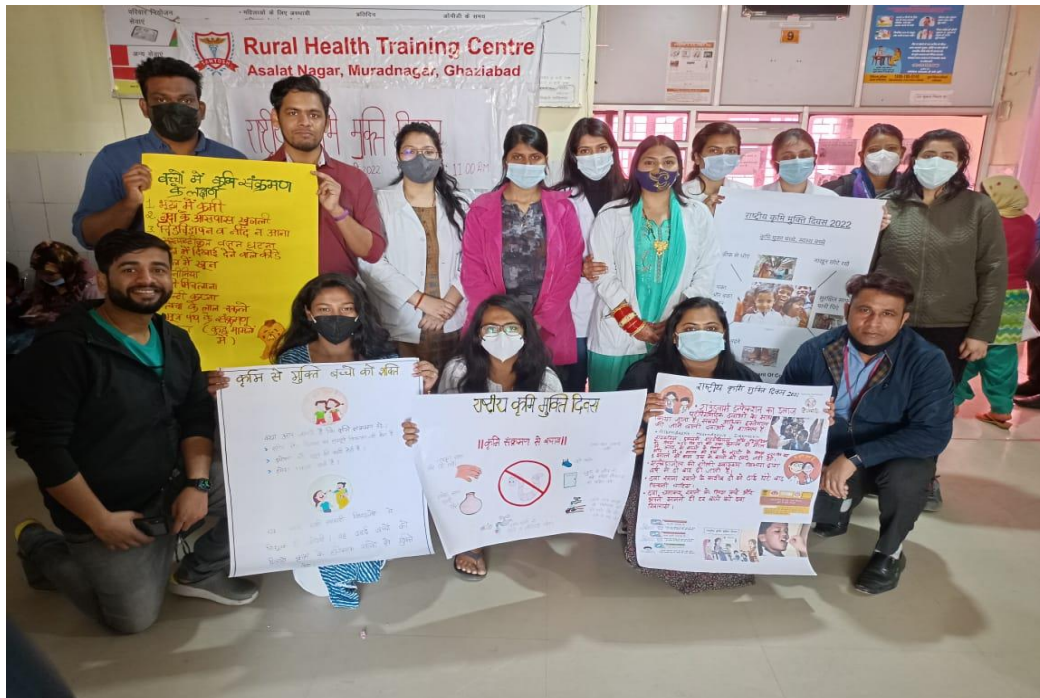

Collaboration:

- The event was organized by the Department of Community Medicine, Santosh Medical College, in collaboration with CHC Dasna, Ghaziabad.
- The event was promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members.

Execution:

- Event was executed at Community Health Centre, Dasna, Ghaziabad. The participation was received in physical mode on the location.
- The Interns posted in the Department of Community Medicine, Santosh Medical College, Ghaziabad prepared a Nukkad Natak explaining the signs and symptoms of worm infestation in children, how to recognise the need to see a physician based on symptoms like anemia, loss of appetite, irregular bowel habits.
- The audience was informed about the prophylactic dose of Albendazole given to students every 6 months by the Government of India in all public schools.
- More than 50 patients were present at the hospital that day and many of their staff members also attended the event.
- Feedback of the event was collected towards the end of the event.
- Total beneficiaries – 60
- Total interns – 9 females, 2 males = 11
- PGs – Dr. Neha Jetli, Dr. Abhishek
- Faculty - Dr. Deepika Agrawal, Dr. Anupama Singh, Dr. Kritika.
- Social workers – Mr. Rajesh, Mr. Naresh, Jaspreet kaur

National Voters Day-25.01.2022

The Student Council of Santosh Deemed to be University organized the National Voters Day celebration with the idea of encouraging voting and its importance among the youth of the Medical and Dental Courses on 25-01-2022. National Voters' Day is celebrated to facilitate and maximize enrolment, especially for new or first-time voters. The main objective of the day is to educate young voters to vote during elections. As a part of the National Voters' Day Celebrations, students were encouraged to participate in various events like Elocution and Essay Writing Competitions. Various skits were performed showcasing the various aspects of the importance of the voting system. Later on, to promote and motivate young voters, the celebration was concluded by the pledge of Dean Medical, Dean Dental, Chancellor, and Vice Chancellor along with the other members of the Leadership Team of the Santosh Deemed to be University. More than 80 students had attended the event, making it a successful one.

NATIONAL YOUTH DAY

National Youth Day is celebrated each year on 12th January to commemorate the birth anniversary of Swami Vivekananda who always motivated the youth of the country and spoken about the value of the youth in the development of the country. Department of ENT celebrated National Youth Day by organising a camp for younger patients to screen for diseases and create awareness about preventable diseases.

Theme for this year is “ It’s All in the mind “. Young patients were educated about the ill effects of noise pollution and use of loud speakers and headphones which can lead to permanent hearing impairment along with other irreversible problems.

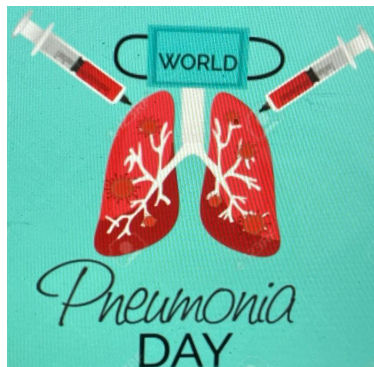

Awareness was created about drug abuse, tobacco and alcohol use. Patients were shown severe effects of these toxic substances using videos and photographs of conditions caused by them. Patients were explained about the preventable stages of these conditions and were counselled as per need.

WORLD PNEUMONIA DAY CELEBRATION
DEPARTMENT OF PAEDIATRICS
SANTOSH HOSPITAL
GHAZIABAD
12 NOVEMBER 2021

VENUE: Department of Paediatrics, First floor, Room-125, Santosh Hospital

TIMING: 2-3 pm

EVENT DETAILS: World Pneumonia Day was celebrated on Friday, 12th Nov 2021 in the Department Of Paediatrics, with great enthusiasm.

Pneumonia is the world's biggest infectious killer, claiming the lives of around 2.5 million people and also being a leading cause of death amongst children who are under five years old. Every year, World Pneumonia Day is celebrated on 12 November in order to raise awareness about the deadly disease.

This year, the theme for World Pneumonia Day is 'Stop Pneumonia/ Every Breath Counts'. The theme is targeted at increasing the number of affordable medicines and oxygen cylinders in low-income countries and is calling on governments with heavy burdens of pneumonia and air pollution to commit to reducing air pollution-related pneumonia deaths by 50 percent by 2030 all over the world.

Keeping the spirit of this day, faculty postgraduate residents and interns celebrated World Pneumonia Day in the presence of respected HOD Dr K C Aggarwal. The event commenced with a few words on the significance of this day. Patients coming to the OPD were also included in the event and were given information regarding the importance of vaccination against pneumonia and early recognition and timely intervention to prevent mortality due to pneumonia.

The session was then continued with a talk by Dr Vidisha Singh, Post graduate resident-3 regarding signs and symptoms of the disease for the community.

The event was followed by snacks and refreshments for all.

The aim behind observing this day is to bring people together to understand the problems of climate and air pollution and to help raise awareness through campaigns and also by providing aid against the planet's biggest infection killer.

Bioethics Unit-Event Report

7. World Bioethics Day – 19th October 2021

Preface:

Santosh Deemed to be University (Ghaziabad) celebrated 6th World Bioethics Day on Tuesday, 19th October 2021. All the bioethics Units across the world (248 as of today) were invited to celebrate the 'Common Program' as part of their commitment to proliferate the awareness and practice of Bioethical principles. The theme for this year's celebration was '**Informed Consent**'

Objective: Collaborative Activity

Collaboration: International Chair in Bioethics (Formerly UNESCO Chair in Bioethics) , Haifa

Event Report

TITLE - WORLD URTICARIA DAY

Preface:

World Urticarial Day is observed on 1st October to raise awareness of urticaria among patients and their families. Urticaria (or hives) appears as raised, well-circumscribed areas of erythema (redness) and edema (swelling) of the skin that are itchy. Chronic urticaria can affect day to day life and cause emotional distress, sometimes leading to depression.

Program:

Department of Dermatology organized an online CME and Awareness Program on the occasion of World Urticaria Day on 1st October, 2021, 2:30 – 3:30 PM at Santosh Hospital, Ghaziabad.

Execution:

Dr. V. K. Garg (Professor & HoD) initiated the session and talked about the significance of this day. Dr. Sheraun Karira and Dr. Garima Yadav (Junior Residents) briefly discussed about urticaria and its management. Dr. Priyal Garbyal (Senior Resident) elaborated on the recent advances in the management of this chronic disease. Finally, Dr V. K. Garg took up questions from the audience and delivered the vote of thanks.

Tangible Outcomes

It was a very informative session with good audience participation, making it a successful event.

-) Expenditure incurred if any: None

Program Details:

Preface: In India, every two seconds, a person requires blood. India needs four crore units of blood every year, but only mere 40 lakh units are available.

Collaboration: Blood Bank, Santosh Medical and Dental College Hospitals in association with Ramgarhiya Welfare Association, Ghaziabad on the occasion of the birth anniversary of Shaheed Bhagat Singh Ji, organized a voluntary blood donation camp at Gurudwara Sahib Singh, Kavinagar Ghaziabad.

Execution: Volunteers who wished to donate were first counselled regarding the benefits of blood donation, and others were also motivated who were first hesitant. After the donor screening and counselling and those who were fit to donate blood were sent for donation. The donation was conducted under all aseptic conditions. Special care was given to the donors as well as the donated blood. After donation, the donors were given some refreshments and snacks in the form of bananas and juice and were asked to relax. The committee took outstanding care

of the donors pre and post-donation and provided healthy post-donation refreshments. We are genuinely grateful to work with such enthusiastic people. All the donors were happy post-donation and were keen on donating blood again and motivate others too.

The blood bank team of Doctors also addressed the common myths that prevent people from coming forward and donate blood regularly and laid out facts regarding blood donation.

Tangible Outcomes: 35 units of blood was donated by healthy voluntary blood donors which will be utilized for the sick and needy patients of Santosh Hospital.

TITLE - WORLD ATOPIC ECZEMA DAY

Preface:

World Atopic Eczema Day is observed on **14th September** to raise awareness about atopic eczema, one of the most prevalent skin diseases in the world and one of the most under-recognized. It is the most common form of eczema that causes the skin to become itchy, dry and cracked and affects the patients' mental health adversely. Atopic Eczema Day puts a spotlight on this condition and the need for better support and management of the disease

Program:

Department of Dermatology organized an online CME and Awareness Program on the occasion of World Atopic Eczema Day on **14th September, 2021**, 2:30 – 3:30 PM at Santosh Hospital, Ghaziabad.

Execution:

Dr. V. K. Garg (Professor & HoD) initiated the session by introducing this year's theme - "Unite for Atopic Eczema". Dr. Sheraun Karira (Junior Resident) briefly discussed about the epidemiology and etiopathogenesis of atopic eczema. Dr. Garima Yadav (Junior Resident) described the clinical features and debunked common myths associated with the disease. Dr. Priyal Garbyal (Senior Resident) elaborated on the treatment options available and how she manages atopic eczema. Finally, Dr V. K. Garg took up questions from the audience and delivered the vote of thanks.

Tangible Outcomes

TEACHERS DAY CELEBRATION

Date: 6TH SEPTEMBER, 2021

A Day Dedicated to Teachers

Teacher's Day is celebrated in India every year on 5th September to appreciate the role played by teachers in the life of students—the leaders of tomorrow. The day is also celebrated to pay tribute to Dr.Sarvepalli Radhakrishnan, former President of the country and a visionary educator. Amidst the pandemic, Santosh Deemed to be University celebrated this day with great enthusiasm on 6th September, 2021 from 2- 3.30 PM to express gratitude to the teachers. Teachers mould the lives of the students by guiding them by enriching their personalities, imparting ethical and moral values and have more influence on them. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students. The whole event was meticulously planned by the Student Committee and the IQAC. The program started with a short game for teachers which was cheered on by the students as the teachers were being welcomed by students with flowers as a mark of respect.

Honourable Chancellor, Vice Chancellor , Registrar, Dean Academics, Dean Medical, Dean Dental, Dean Research and IQAC Director graced the occasion with their presence. The programme commenced with positivity and prosperity with the lamp lighting ceremony and was followed by an invocation song. Words of wisdom were imparted our honourable Chancellor Sir and Vice Chancellor mam who thanked the students for their efforts and wishes for teachers day.

Few awards were distributed to the students who won the Intercollegiate event by our University and along with the cash prizes that were given earlier the winners were felicitated by their certificates. Student Research cell organised the Best Innovative Research Idea Award were given to the winners with certificates and their efforts were appreciated.

The cultural programme unfolded with a dance performance sang many beautiful songs and recited few poems on teachers day which have made the event much more successful and glorious. Askit on the theme, life@college was the highlight of the event and the performances of all the students entertained the audience a lot.

Overall event was very successful and full of entertainment, blessings, wishes and emotions. All the teachers were really happy and students took pictures along with them. The team work of student committee was commendable and the decorations have increased the beauty.

The entire programme was applauded by everyone present and will always remain a beautiful memory in the hearts of one and all present.

“
A mentor
empowers
a person to see
a possible future.”
- Dr. Sarvepalli Radhakrishnan

International Yoga Day Report

International Yoga Day was celebrated on 21st June in the University by the students and faculty through online portal.

Beyond its immediate impact on physical health, the COVID-19 pandemic has also exacerbated psychological suffering and mental health problems, including depression and anxiety, as pandemic-related restrictions continue in various forms in many countries. This has highlighted the urgent need to address the mental health dimension of the pandemic, in addition to the physical health aspects.

The message of Yoga in promoting both the physical and mental well-being of humanity has never been more relevant. A growing trend of people around the world embracing Yoga to stay healthy and rejuvenated and to fight social isolation and depression has been witnessed during the pandemic.

Recognizing this important role of Yoga, this year's commemoration of the International Day of Yoga focuses on "Yoga for well-being" - how the practice of Yoga can promote the holistic health of every individual.

Yoga and Meditation can help improve a person's mental wellbeing. Regular yoga creates mental clarity and calmness, increases body awareness, reduces stress, relaxes mind and body and sharpens concentration.

An online camp on yoga and meditation was conducted on virtual platform on dated 21st June 2021. A total of **391 participant** were present.

Students with the instructions of trained instructors performed different asanas and poses during the workshop .

Number of Students Participated: **391**

Name of Faculty Involved: Mr. Saroj Sirohi & Lalit Kumar

Report on Awareness on Human Rights

Internal Quality Assurance Cell of Santosh Deemed to be University organised an event on 29th June, 2021 to spread AWARENESS ON HUMAN RIGHTS .

Mr. Vaibhav Raman Tripathi (Legal Officer) shared Sections from Indian Law & highlighted the various Human Rights with few case studies. He stressed all to support human rights not as an option but as an obligation.

Dr. Jyoti Batra (Dean Research & Head of Bioethics Unit, SDU) and Dr. Rajiv Ahluwalia (Vice Dean, Dental and Head National Dental Bioethics) also shared the parallel lines between Human rights and Ethics and oriented the students . More than 220 students attended the event making it a success. It is our duty as educators to make sure that students understand and become compassionate citizens of the world by becoming agents of change. Such orientation programs help pave the way.

DEPARTMENT OF PUBLIC HEALTH DENTISTRY

WORLD NO TOBACCO DAY 2021

THEME 2021: COMMIT TO QUIT

Date:- 31st May 2021

PREFACE:

Santosh deemed to be University (Ghaziabad) organized an awareness program on **WORLD NO TOBACCO DAY on virtual online mode.**

Objective- of the program was to spread awareness to the tobacco users about the dangers of using tobacco & how to quit to lead a healthier life. The theme for 2020-2021 theme is “**COMMIT TO QUIT**” the theme seeks to "draw global attention to the tobacco epidemic and the preventable death and disease it causes."

Organized by: Department of Public Health Dentistry

Faculty : Dr. Priyanka Bhushan and Dr. Amit Kumar

Participants : Students of Santosh Dental College.

PG : Shivani Bhandhari, Ramya

Interns : Nazish

Final year : Harshit Lohani, Sartah Mohan, Aditya Gautam, Kirti Chawla, Pragati Chauhan, Yukta Srivastava, Ujjwal, Shivani Aggarwal

Third year : Saumya, Sadaf, Afreen, Ruchika, Anushka, Muskan, Pooja, Anjali, Sanjana, Ronita, Riya, Soma (video making)

Second Year : Akansha Aggarwal

First Year : Ayesha janat, China Chopra, Himanshi, Dipti, Khushi Chaudhary, Mehreen Ali, Saba, Vidhi, Vanya, Ritika, Pratyush

Organized by : Santosh Dental College and Hospital, GZBD

Venue : Dept of Public Health Dentistry

Date : 31st May , 2021

Time : 1:30 pm- 2.30pm

Execution:

1. The event was executed at the location Santosh Dental College& Hospital, the participation was received in online mode on zoom platform on the location.
2. The programme started with welcome speech by Dr. Priyanka Bhushan on Tobacco and its ill effects on our general health
3. The Dean Dental graced the occasion by emphasizing the fact that COVID-19 pandemic has led to millions of tobacco users saying they want to quit. We must commit to quit today and benefits of quitting the tobacco habit. He also talked about that World No Tobacco Day focuses on spreading awareness about the dangers of using tobacco and how a number of health problems can be better tackled by doctors or averted when one quits smoking.
4. The 3rd Year Students had prepared a street play which was presented in the form of a video sharing their knowledge regarding harmful effects of tobacco, signs & symptoms of tobacco related disease and how we must help others in quitting the habit.
5. This was followed by pledge for healthy mind, body taken by all staffs and students and general population attending the program.
6. The winners of e posters and essay competition was announced by Dr. Priyanka Bhushan for UG & PG .
6. The programme was concluded by Dr. Rajiv Ahluwalia by his motivating words that added knowledge on Importance of healthy lifestyle and focusing on the fact that Quitters are Winners.
9. The programme ended with vote of thanks by Dr. Priyanka Bhushan
10. The whole programme was a great success.

Women's Day Celebration 2021

Santosh Deemed to be University Organized Women's Day Celebration on **8th March 2021** the in **Maharaja Hall** between 2.30 p.m.-4.00 p.m.

All the Faculty and Students of the University were invited to celebrate the event. The program started with welcome address by the Dean Academics, Santosh Medical College & Hospital and Dean Dental, Santosh Dental College & Hospital, followed by felicitation of the dignitaries of the University. The program progressed with a brilliant song sung in harmony by BDS 3rd yr students. A series of cultural events and poem recitation were performed by the students.

Department of Gynecology celebrated the entire week on International Women's Day and dedicated each day referring to common health issues faced by women in the society. The Post Graduate students of the Gynecology Department then performed a skit showcasing the taboos in the Indian family culture regarding childbirth and having kids, simultaneously providing solutions through counseling of family planning measures.

Few students (Muskan Sachdeva BDS 3rd yr & Afreen Ali BDS 3rd yr) were graced with prize distribution for essay writing competition on the title, 'Women in Leadership: Achieving an equal future in a COVID-19 world'. A powerful Nukkad Natak was presented by BDS third and final year students showcasing oppression of the women in the society. The event was well attended with approximately 150 people in the hall comprising of faculty, non-teaching staff and students.

The program was well appreciated and concluded with a vote of thanks and small tea and snack session.

WORLD HEARING DAY 2021

World hearing Day was celebrated by the department of ENT on 3rd march 2021, This day is observed to highlight and spread the message that timely and effective care can help people with hearing loss to achieve full potential. Keeping in suit with this year's theme "**Hearing care for ALL! Screen. Rehabilitate. Communicate**" a camp was organised for audiometric screening of the patients presenting to the ENT OPD.

Good hearing and communication are important at all stages of life. People were made aware about the preventable causes of hearing loss and talked about the danger signs as to when to seek for medical treatment before irreversible disease sets in.

Patients were advised about good ear care practices, dos and don'ts as per their local household practices.

Audiometry screening along with hearing aid advise for those who required it were made available during the camp.

NATIONAL ORAL PATHOLOGIST DAY-25.02.2021

Department of Oral Pathology celebrated the NATIONAL ORAL PATHOLOGIST DAY on 25th Feb 2021 in SANTOSH DENTAL COLLEGE AND HOSPITAL on occasion of the birth anniversary of Senior Oral Pathologist Dr. H.M. Dholakia. The program was conducted to create awareness about the scope of the branch among the undergraduate students.

Dr. Yulia Mathias Prof. and HOD from Institute of Dental Sciences & Technology was invited as the guest speaker. She delivered a lecture on 'THE SCOPE OF MICROSCOPE'.

More than 200 undergraduates students, post graduates students, interns and faculty member attended the function and participated in E-Poster, Rangoli, Sketching ,Quiz and Carving competition. The program was conducted for 2 days 24.2.2021 to 25.2.2021 in Santosh Dental College and Maharaja Hall.

Awareness Session on World Cancer Day

Preface:

Santosh Deemed to be University (Ghaziabad) organized an Awareness Session on Cancer on World Cancer Day on 04-02-2021. Theme – I am and I will.

Objective of the awareness session was to impart basic knowledge about various common cancers to general public, so that they could recognize the early signs and symptoms of the common cancers.

Collaboration:

- The event was organized under National Programme for Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases and Stroke (NPCDCS) in collaboration with CHC Dasna..
- The event was organised by the Department of Community Medicine, Santosh Medical College, Ghaziabad.
- The event has been promoted through the official social network of the University as well as on some of the Social Groups of professionals in the individual capacity of the organizing members.

Execution:

- Event was executed at Community Health Centre (CHC), Dasna. The participation was received in physical mode on the location.
- The Interns and postgraduate students of the Department of Community Medicine, Santosh Medical College, Ghaziabad prepared Monologues on Common Cancers of oral cavity, lungs and gastrointestinal cancer. The most common cancers of women like that of breasts and cervix were also covered.
- The pathophysiology, risk factors, common symptoms of these cancers were explained to the patients and staff of the CHC. The importance of early recognition and prompt treatment in deciding the prognosis of these diseases were laid emphasis on.
- More than 30 patients present at the CHC that day and 20 of their staff members were present at the awareness session.
- Feedback of the event was collected towards the end of the event and the most appreciated part of the event was the interactive session after the awareness session where the patients frankly discussed their doubts regarding these chronic diseases.
- Vote of thanks was delivered to the participants and organizers by the Medical Officer of the CHC, Dr. Bharat Bhushan who extended gratitude to the 'Department of Community Medicine, Santosh Deemed to be University' and special thanks to Dr. Deepika Agrawal, Dr. Gajendra Kumar Gupta, Dr. Anupama Singh.

Respected Madam/Sir,

The event report is for your kind information, review, records, and further use in press-releases/promotions/other purposes appropriately.

Constitution Day Celebration-26.11.2020

On 26th November 2020, Santosh Deemed to be University organized the Constitution Day Celebration. As a part of the celebration, various competitions were organized such as cartoon making, poster designing and short video making. The Leadership team marked the start of the event by the welcome speech of the Vice Chancellor where they mentioned about the background of the Constitution Day Celebration. He also congratulated the students who have registered for the various competitions.

The necessity of conducting various competitions which arouse the interest of the students in learning more about the Constitution and its values was also discussed. Through these competitions, they achieve creativity by applying their own ideas and artistic talents. The organizers were congratulated and appreciated for coming up with unique ideas for the competitions which help the students to understand the different dimensions of the Constitution.

CME on "OPTIMISING LONG TERM MAINTENANCE THERAPY IN COPD 25.11.2020

On 25th Nov 2020 Dept of Medicine in collaboration with Dept Of Pulmonary medicine, Santosh Medical College conducted a CME on "OPTIMISING LONG TERM MAINTENANCE THERAPY IN COPD". The session was chaired by Dr Sanjay Sahay (professor pulmonary medicine) & presented by Dr Shivani Bansal, Professor, Dept of Medicine in the presence of various faculties, post graduates, MBBS students. Dr. Ashok gave the opening remarks regarding the CME & welcomed the dignitaries. Dr. Shivani Bansal shared her knowledge about the Dual bronchodilators in COPD & why are they recommended? She also enlightened us about the Clinical evidence: IGNITE program & 11 trials completed in more is important. We learned that Dual bronchodilators is one of the key than 11,000 patients. INDACATEROL/GLYCOPYROLATE significantly improved all important patient outcomes vs mono therapies & vs LABA/ICS. COPD: Multi-disciplinary approach advances in treatment of COPD. These eminent speakers guided the whole CME so effortlessly. COPD is a term used to describe a series of progressive lung diseases like emphysema, chronic bronchitis, & nonreversible asthma

Its predominant characteristic is increasing breathlessness, which can make day-to-day tasks difficult & daunting. Understanding how to manage the condition & knowing you aren't alone can make things easier.

WORLD STROKE DAY

On 29th October 2020 Department of Medicine with collaboration of Department of Physiotherapy, Santosh Medical College conducted CME on the occasion of “**WORLD STROKE DAY.**” The theme of the world stroke day is “**Get ready to dance like no-one is watching. Join the Movement to prevent stroke.**” The programme was presided by Vice Chancellor Dr. Tripta Bhagat, Dean Medical Dr. Alka Aggarwal and Dean Academics Dr. Shalabh Gupta in the presence of Dr. Ashok Kumar, Professor & Head, Medicine Department and Dr. Shivani Bansal, Professor, Medicine.

As we all have been held in the pandemic, COVID 19 which has affected the practice of Medicine. Department of Medicine took out time to address the faculties, medical students and various other participants about decision making and the impact quality of care provided to patients with stroke which was well appreciated by the participants on the online platform.

Dr. Shivani Bansal gave the opening remarks regarding the World Stroke Day and welcomed the dignitaries. Dr. Ashok Kumar, Dr. Ujjwal Roy, Senior Consultant Neurologist, Ranchi, Dr. Rakesh Kumar, Senior Consultant Neurologist, Santosh University Ghaziabad, Dr. Shivani Bansal, Dr. Deepak Raghaw, Principal & Head, Physiotherapy and Dr. Monika Sharma participated as speakers and shared their knowledge and raised the awareness of high rates of stroke, their approach, prevention and treatment of the condition and ensuring the rehabilitation of the patients.

It is very well known that we can learn more quickly under the guidance of experienced teachers. We waste a lot of time going down the blind alleys if we have no one to lead us. These eminent speakers guided the whole CME so smoothly. Strokes can happen to anyone, anywhere. Being the second most leading cause in the world among disability and cause of death it is a matter of concern for every physician to have a basic idea about it and how to prevent it. Diagnostic reasoning is more than the synthesis of clues. A machine (CT/MRI) can do that. A clinician must have the skills to acquire those clues.

The CME was attended by more than 150 participants including faculties, Postgraduates and Undergraduates students. They all have appreciated the CME and done the informative discussions with the eminent speakers.

REC

Stroke is the 2nd most common killer amongst all Non-communicable diseases¹

~15.4 Lakh People² Stroke can affect anyone at anytime

~6.3 lakh² Deaths every year because of stroke

~41% Patients do not survive stroke

In addition, ~61 Lakh life years are lost due to disability caused by stroke²

World Anesthesia Day -16.10.2020

World Anesthesia Day or National Anaesthesia Day is celebrated on October 16, by Santosh deemed to be University to mark the first successful demonstration of diethyl ether anaesthesia in 1846.

It is considered as one of the significant events in the history of medicine and was given in an operating theatre at the Santosh Hospital. This discovery helped the patients to undergo surgical treatments without any pain associated with them.

Since 1903, special events are organised to celebrate this remarkable day.

The World Federation of Societies of Anaesthesiologists celebrates World Anaesthesia Day every year. In this event more than 134 societies representing anaesthesiologists from more than 150 countries take part.

7. WORLD SIGHT DAY-08.10.2020

“WORLD SIGHT DAY” is celebrated every year on the 2nd Thursday of October with the idea of promoting eye healthcare in the community. This year’s theme was HOPE IN SIGHT so as to promote awareness and prevent avoidable blindness as a result of common eye diseases like Cataract, Diabetic Retinopathy, VitaminA Deficiency, etc. Every year the dept of ophthalmology conducts different activities involving MBBS&PG students for the same. This yr the professors of the ophthalmology dept conducted a Quiz Competition for the PG students by dividing them equally into 3 teams.

The quiz was conducted by DR SHIKHA. The quiz consisted of many competitive and useful questions with the idea of discussing diseases that are prevalent in the community and can simply spread knowledge. The quiz was enthusiastically participated by all students.

The message to increase hope insight and prevent avoidable blindness by early detection and treatment of diseases.

This event was organized in collaboration with IMA Ghaziabad and the 40 students of Santosh Medical college participated by making the people aware about the myths and facts about blood donation at IMA Bhawan Ghaziabad.

Photograph

Santosh Deemed to be University celebrated World No Tobacco Day on 31st May 2020 with faculty, staff and students. The aim of the event was to bring awareness among the college youth related to the harmful effects that consuming tobacco has on people of the community.

The department of public health dentistry organized an e poster presentation by the students. **Dr. Ritu Sharma**, Associate professor from **Dept of Prosthodontics** coordinated the e posters for **1st and 2nd yr BDS**.

Dr. Priyanka Bhushan, HOD & Associate professor from **Dept of Public Health Dentistry** organized the e poster for 3rd and final year undergraduates. The webinar on 'MAKE EVERYDAY WORLD NO TOBACCO DAY' by Dr. Anil Kohli Padma Bhushan, Padma Shree was attended by the students and the faculty members. Eminent speakers like Dr. Rajshekhar Jaka, Surgical oncologist and Dr. Jalpa Bhuta, Consultant Psychiatrist gave important insights regarding the tobacco usage by the youths of the country.

-) The undergraduate students made creative and informative Tobacco hazard posters, information regarding oral examination, cancer screening and Tobacco cessation counseling was also provided from the posters.
-) Dr Vijaya Dhar Bhatt, HOD of the Dept of conservative dentistry, Santosh Dental college and hospital Ghaziabad gave a talk on world tobacco day to Ms Alka on Bold sky.
-) The topic was tobacco addiction and how to tackle it. Dr Vijaya discussed in depth the various contributing factors that make people addicted to tobacco consumption. She also discussed the impact nicotine has on the human body and mind so as to impart knowledge about the withdrawal symptoms the addicts show.
-) The talk also focused on how smokeless tobacco consumption is more detrimental to the health of people and how sometimes it is ignored during the

no tobacco talks. Moreover she also talked about the necessary support system that people need so that they can effectively quit this habit.

J) However she also stressed on the permanent nature of damage that tobacco consumption has on the lungs, mouth and other parts of the human body. She ended the talk with the message that the younger generation is more vulnerable to tobacco consumption and so preventive measures targeting the younger population are the need of the hour so as to break the vicious cycle of tobacco addiction among our people.

The aim of the Santosh Deemed to be university is to target a new generation by protecting children and young people from exploitation by the tobacco and related industry.

Republic Day Celebration-26.01.2020

Like every year, this year also all the students and faculty members of Santosh Deemed to be University had organized a grand program on the occasion of this Republic Day. All the students were feeling very happy and proud because it was a matter of great pride for all of us because on 26 January 1950 the constitution of India came into force and our country, India became a republic. The program started with flag hosting ceremony. After that, a short parade was organized by the students. The Leadership Team hosted the national flag and The Chancellor gave a motivational speech. This was followed by some speeches on patriotism and singing the national anthem. Many students also did different types of programs. On that day the campus of our college/school was decorated by the students with charts, models, slogans, and poems. Pictures that depict the development of India from independence. All the students were dressed in traditional costumes representing different parts of India. In the end, the program was concluded by distributing sweet boxes to all the students.

Constitution Day Celebration-26.11.2020

On 26th November 2020, Santosh Deemed to be University organized the Constitution Day Celebration. As a part of the celebration, various competitions were organized such as cartoon making, poster designing and short video making. The Leadership team marked the start of the event by the welcome speech of the Vice Chancellor where they mentioned about the background of the Constitution Day Celebration. He also congratulated the students who have registered for the various competitions.

The necessity of conducting various competitions which arouse the interest of the students in learning more about the Constitution and its values was also discussed. Through these competitions, they achieve creativity by applying their own ideas and artistic talents. The organizers were congratulated and appreciated for coming up with unique ideas for the competitions which help the students to understand the different dimensions of the Constitution.

Teacher's Day- 05.09.2019

On the teacher's day, an activity was planned for all the teachers and was honored.

Teaching is the most respected profession across the world. India has a long-standing tradition of Guru - Shishya relationship when the guru is considered more than even one's parents. They inspire, guide, mentor, encourage, seems a role model, and are akin to parents outside home. We as students should thank our teachers every day because I feel, celebrating 1 day is not doing justice to what teachers do for us selflessly. They take pride in their accomplishments and always encourage their students to be better versions of themselves. On this day and every day, we thank all our teachers for empowering us and hence empowering the society as a whole.

YOGA FOR ALL-21 JUNE 2019

Yoga and Meditation can help improve a person's mental wellbeing. Regular yoga creates mental clarity and calmness, increases body awareness, reduces stress, relaxes mind and body and sharpens concentration.

Yoga appears to be simply a stretching activity, but the variety and sequencing of postures coupled with the practice of deep breathing creates an extremely diverse and effective method of enhancing a range of health-related fitness skills.

Yoga has become a feature of regular everyday practice. It is important for everybody whether you're a child or grown-up adult, you need to perform Yoga practices daily for getting benefits such as feelings of serenity, keep up vitality levels, improve adaptability, and discover motivation to channelize your energies correctly. Learning Yoga at an early age can have good and enormous advantages on the general wellbeing as well as the prosperity of the students.

Yoga for all was celebrated on International Yoga Day and the students during the workshop were taught various breathing exercises, different poses and asanas.
