**THE GUIDELINES FOR ESTABLISHMENT OF INNOVATION,
INCUBATION AND ENTERPRISE CENTRE – SANTOSH DEEMED TO
BE UNIVERSITY, GHAZIABAD, NCR DELHI.**

1. The purpose of establishing Incubation Centre is: -

- a. Faculty Members/Staff/Research Scholars/Students at Santosh Deemed to be University are continuously engaged in knowledge generation and dissemination. A large number of research activities are being carried out by them in several cutting-edge healthcare and medicine areas. However, many of these research outcomes do not get translated into commercial products or technologies, benefiting the society in general. For this purpose, Santosh Deemed to be University proposes to promote business incubation by encouraging entrepreneurship among the Faculty, Staff, Research Scholars, and Students by initiating the following activities: (i) incubation of companies by Santosh Deemed to be University with active support by its Faculty / Staff / Research Scholars / Students (ii) establishment of companies based in part or in full on technologies/IP developed by the University or jointly in collaborative mode, and (iii) incubation support to external Start-ups with which Faculty/Staff/ Research Scholars / Students are associated as consultants or mentors.
- b. Promote & interact with, and resource technology/expertise from faculty members and research scholars and laboratory infrastructure in the various departments and centres of the University.
- c. Help in getting other kinds of techno-managerial expertise required that is not available within the university.
- d. Incubating novel technology and business ideas into viable commercial products or services.

2. Establishment of Incubation Centre is as under: -

The Incubation Centre will provide an ecosystem to start-ups of enterprising students, Faculty and immediate alumni of the University and external startups. The Incubation Centre shall provide working space, common office and Maker's laboratory facilities, business guidance, mentoring, and other technical resources in a network mode at the University.

3. The significance / need for establishing Innovation, Incubation and Enterprise Centre is as under: -

The dynamic technology landscape demands learning on feet, but throws newer challenges as well as new opportunities to the Medical students. A paradigm shift

is taking place where job seekers need to be converted into job Creators, not just to provide opportunities to other graduating medical graduates, doctors and post graduates but also add value to their education as health professionals. The presence of an Incubation Centre on the University campus, as the Start-up Ecosystem of the University, shall drive the energy of the young doctors in creation of an enterprise rather than looking for a job elsewhere. The culture can be propagated to the constituent college of the University.

4. Constitution of the Board of Directors of Innovation, Incubation and Enterprise Centre and Functions

- a. The Incubation Centre can be a separate department or a private limited company owned by the University through appointment of board of Directors at the University.
- b. The constituent of BOD of the Centre shall be as under:

Board of Directors of the Company

S. No.	Name	Designation on the Board
1	Chancellor	Chairman
2	Vice Chancellor	Vice-Chairman
3	Dean Research	Director
4	Sr. Incubation Manager	Member Secretary

- c. The Incubation Centre will be established as a Section-8 Non for-profit Company under Companies Act, 2013. Society registered by and in Santosh Deemed to be University, under the Societies Act, for the primary purpose of promoting and fostering Incubation of Start-up companies.
- d. The Board would be instrumental in promoting the Incubation Centre in their network, selection of clients in Incubation Centre, generating awareness in the community and developing the Centre as a forward-thinking economic development tool for the University.
- e. The Board shall monitor and evaluate the performance of the Centre in terms of the impact of Start-ups Incubated by the Centre.

5. Selection/Monitoring Committee of the Centre is constituted by the University consisting of the following:

Regular Members	
1	Dean Research, Santosh Deemed to be University
2	Research Associate, Santosh Deemed to be University

	, subject matter expert	
3	Sr. Incubation Manager, Incubation Centre, Santosh Deemed to be University	
Invited Members		
6	Technical Expert	Invited member(s) based on Sector of Startup
7	Domain Expert	Invited member(s) based on Sector of Startup

6. Functions of the Incubation Center are as under: -

- a. The Centre will address all day-to-day activities of the Centre and shall implement all policy decisions taken by the Board of Directors. The Centre shall provide support to the Start-ups for job creation, and economic health enhancement of the society.
- b. The Core team of the Incubation Centre will manage the center on a daily basis and must have Start-up / Entrepreneurial management background, and experience in business development and two supporting staff, one with IT and one with Accounts background for upkeep of records. The Head / Manager/ CEO will report directly to the Board of Directors.
- c. The Centre will be responsible to establish a network of venture capitalists, angel investors, and bankers to support new venture financing. The Incubation Head/ Manager will be well connected to professional and technical knowledge networks in the community and will serve as a conduit to a resource network of service providers that provide expert assistance to Business Incubation Centre clients.

7. The following are the Stakeholders of the Business Incubation Center of the University.

- a. **Students-** UG, PG and PhD students of all disciplines of constituent colleges, during their course of study shall be covered under the center.
- b. **Faculty-** All faculty members of the University willing to transform their Research and Innovations into Enterprises shall be stakeholders.
- c. **Alumni-** All alumni of the University shall also be the Stakeholders.
- d. **Industry-** Industry is a partner for identifying opportunities, providing support to the enterprise activities of students, faculty and staff in the University and Colleges.

- e. **Society-** The society shall be beneficiary of the innovations from the University and may participate in identification of problems to be solved and receive affordable solutions in return. A newer business enterprise may lead to employment opportunities in the area.
- f. **Professional, Technological and Financial Experts:** Technology Industry Representative(s), Technology Entrepreneur(s), Venture Capital Financial Institutions Legal, Marketing, Accounting, Real Estate, Economic Development Agents, Strategic Linkages & Service Integration.

8. Professional Network- processes

The Selection/Monitoring committee of the Business Incubation Centre will screen service providers, facilitate the interaction between the service provider and the entrepreneur, and establish means to assess the progress and satisfaction. The technical support and use of lab facilities may be made available to entrepreneurs on a pay-per-use basis or cost-sharing basis. An appropriate MoU shall be in place for the arrangements.

9. Plan for Creating the Pipeline of Deals for the Business Incubation Centre & Other Marketing Efforts

The Basic objective of the Business Incubation Centre is to provide services and programs to increase students' chances of achieving deals from resources which would have been difficult for them to achieve on their own. Offering value-added services is key to the Centre's ability to successfully spin-out graduates into the community and generate jobs and wealth in the region.

- a. **Business Assessments:** The assessment process shall be continual for evaluating applicants' business plans, identifying areas of need, developing a work plan to address those needs, identifying expertise and services needed to move the business plan forward, and time frame for major tasks to be completed. The initial assessment will occur upon acceptance of an applicant into the Centre and follow on a monthly basis or as business issues dictate. The final assessment will be a transition that links the start-up to appropriate resources. While the Incubation Manager / Head will rely on a variety of resources and partners to assist the student in implementing the work plan, assessments and monitoring of overall progress against the plan are key functions of the Incubation Centre.
- b. **Capital and Financing Network:** The Business Incubation Centre will invite proposals for incubation from students of the University and support them to develop prototype or proof of concepts and develop a business plan. The center shall help the students to establish and maintain relationships with a network of banks, investors, venture capitalists, and corporate equity investors and through capital networks, brokers, and personal contacts. The Centre shall work as a

bridge between student entrepreneurs at the Centre and appropriate resources from the market.

- c. **Intern Network:** Interns at the University as well as external will provide a talented, affordable work pool to support the Centre and special projects on an ad-hoc or on-going basis. The Centre will establish a process that provides the entrepreneurs with means to identify, screen, and recruit interns.
- d. **Business/ Technology Trainings:** The Centre will work with various ecosystem partners and Start-up initiatives to provide student entrepreneurs with access to a range of business-related topics useful to any start-up including financial, legal, organizational, marketing, insurance, etc., depending on demand and needs. Seminars emphasizing topics of special interest in emerging technology businesses will be conducted on a regular basis. To excite the ideas in the minds of students, general business topics will be provided through the e-resources. The Incubation Manager will identify topics based on an understanding of Business Incubation Centre and invite guest speakers with expertise in the topic area.
- e. **Commercialization/Licensing Seminars:** The Business Incubation Centre will host an annual seminar for specific area to inform users and entrepreneurs about the challenges and rewards to technology commercialization, the processes and costs associated with licensing technologies, and resources available to support technology commercialization efforts. The seminars will be a marketing tool to reach potential clients.
- f. **Resource Library:** The Centre will maintain up-to-date information resources for technology start-ups including resource directories, business form templates, and checklists. Business Incubation Centre staff will be aware of the Group of Ministers (GoM) and Government of India (GoI) Start-up related programs and other libraries that can provide additional resources to students.

10. Selection Criteria for Acceptance of startups are as under: -

The criteria used to evaluate applicants to the Business Incubation Centre throughout the process will be based on the Mission and Objectives of the Centre. The Basis evaluation criteria for applicant shall be as follows:

Instructions

Information & Instructions for completing an Application Form

1. The applicant laboratory shall undertake to carry out its testing activities in such a way as to meet the requirement of ISO 15189:2012, NABL specific criteria, other relevant requirements of NABL and the regulatory authorities, as applicable at all times.
2. Applicant laboratories are advised to ensure that the latest versions of NABL documents are available with them.
3. The application fee and other necessary charges related to accreditation process is given in NABL document NABL 100 'General Information Brochure' under NABL Finance and NABL Fee Structure'. NABL 100 is available on NABL website.
4. Laboratories are advised to familiarize themselves with NABL 100 'General Information Brochure', NABL 201 'Procedure for dealing with Changes in Accredited Conformity Assessment Body's Operations', NABL 216 'Procedures for Dealing with Adverse Decisions' and NABL 131 'Terms and Conditions for Obtaining and Maintaining Accreditation' before filling up this form.
5. The applicant laboratory shall provide photocopy of appropriate document(s) in support of the legal status claimed (eg.Registration Certificate under Indian companies Act, Limited Liability Act, Partnership Act,Registration of Business as Sole Proprietor, Indian trust Act, Societies Registration Act,Any Government notification in support of establishment of institution/ laboratory or any approval from local or regulatory bodies etc.) The name of the organization / laboratory shall not be different from the name given in the proof of legal identity certificate. If it is different, valid reasons for the same shall be furnished.
6. The applicant laboratory shall intimate NABL about any change in the information provided in this application such as scope applied for accreditation, personnel, and location etc. within 15 days from the date of changes.
7. NABL expects applicant laboratories that are to be accredited to follow the test methods as mentioned in the current National or International standards and as stipulated by regulatory bodies. Where such methods do not exist, other validated methods are acceptable. In case laboratory uses in-house validated methods the validation data should be submitted along with the application.
8. The applicant laboratory must participate satisfactorily in the Proficiency Testing program/EQAS conducted by APLAC or NABL any other national or international accredited/ recognized PT provider. For participation in PT, refer NABL document NABL 163.
9. The laboratory shall also inform NABL in advance about any reservation regarding appointment of Lead Assessor/ Assessor for the assessment.
10. The applicant laboratory shall be given due notice of any intended changes relating to NABL accreditation criteria and will also be given such time, as in the opinion of NABL is reasonable to carry out the necessary adjustments to its procedure(s). The laboratory shall inform NABL when such adjustments have been completed.
11. The application must be filled up carefully to provide required information in such a manner that further correspondence for seeking clarifications are not required. Particularly the scope of accreditation shall be complete to indicate unambiguously:
 - a. materials or items tested
 - b. specific tests or types of tests performed
 - c. specification, standard (method) or technique used
 - d. range of testing/ limit of detection for each test(as applicable)
 - e. % CV (or) uncertainty of measurement (MU) for each test (wherever applicable) at a confidence probability of 95%.
12. The laboratory locations, tests, which the laboratory intends to cover, vide NABL accreditation must be listed clearly. The tests those are performed at site should be clearly identified in the scope of accreditation.

Note: Multilocation laboratory: A laboratory with more than one location in the same city with same legal identity and with overlapping scopes in different locations. The details of each location shall be explicitly mentioned in application form. In events where the laboratory operates from different city/ state, each laboratory shall apply separately for accreditation except those cases where safety or regulatory requirements are there for operation of the laboratory. In such cases, the laboratory shall provide the proper justification.

13. The laboratory shall offer the NABL or its representative cooperation in:
- undertaking any check to verify testing capability of the laboratory.
 - the laboratory shall unambiguously provide names of all authorized signatories who are responsible for authenticity and issue of test certificates and reports.
 - offering access to relevant areas of the laboratory including primary sample collection centres for witnessing the activity being performed.
 - examination of all relevant documentation and records.
 - interaction with all relevant personnel.
14. The laboratory shall discharge all non-conformities raised during the assessment within the stipulated time. The same shall be verified to the satisfaction of NABL. The final decision on accreditation shall rest with NABL.
15. The application shall be kept confidential by NABL and information obtained during the processing of application, assessment visit and grant of accreditation shall be safeguarded and dealt with impartiality until required by Law. The procedure for processing of application for accreditation is given in NABL 100.

I have read the above information and instructions.

This has reference to your application for recognition of **Santosh (Deemed to be University), Ghaziabad (Uttar Pradesh)** as a Scientific and Industrial Research Organisation (SIRO) by the Department of Scientific and Industrial Research under the Scheme on Recognition of Scientific and Industrial Research Organisations (SIROs), 1988.

2. This is to inform you that it has been decided to accord recognition to **Santosh (Deemed to be University), Ghaziabad (Uttar Pradesh)** from **27.11.2020 to 31.03.2023**. The recognition is subject to terms and conditions mentioned overleaf.

3. Receipt of this letter may kindly be acknowledged.

Yours faithfully,

(Dr. P.K. Dutta)
Scientist - 'F'

TERMS AND CONDITIONS FOR RECOGNITION OF SCIENTIFIC AND INDUSTRIAL RESEARCH ORGANISATIONS (SIROs)

1. The organizations should acknowledge receipt of the recognition letter by stating that they will abide by the terms and conditions of recognition.
2. The recognition will entitle the SIRO to receive such administrative support from the DSIR, Ministry of Science & Technology as may be required on issue to promote or encourage scientific research activities.
3. SIROs recognized by DSIR are also deemed to be registered. A separate certificate of registration** is issued along with the recognition letter. The recognition would be valid for the period specified in the recognition letter and application for renewal of recognition shall be submitted in the prescribed proforma at least 3 months before the expiry of the valid recognition. Failure to submit application in time may lead to automatic lapsing of the recognition & registration.
***However, the certificate of registration is not issued to SIROs engaged in activities falling within the definition of 'hospital' as per notification No. 51/96-Cus. Dt. 23.07.1996 issued by the Department of Revenue.*
4. The recognition of DSIR does not amount to approval u/s 35(1)(ii)/(iii) of Income Tax Act, 1961.
5. The registration will entitle the SIROs to avail of custom duty exemption on purchase of equipment, instruments, spares thereof, consumables, etc. used for research and development subject to relevant Government policies in force from time to time. Custom duty exemption has to be separately dealt with the customs authorities. The SIROs should abide by the terms & conditions of the customs notifications issued/amended from time to time.
6. Separate books of accounts shall be maintained by the SIRO for research & development activities and the R&D expenditure, both capital and recurring should be reflected the Annual Report and Statement of Accounts of the Organization in separate schedules.
7. Disposal/sale of equipment and products/prototypes/intermediates, if any, emanating from the R&D/pilot plant, should be intimated to DSIR immediately. The realization, if any, from above or any services rendered etc. shall be shown in the R&D accounts of the organization as income of the SIRO in the audited accounts as well as annual report and should be used or reinvested for research activities only. In case of disposal/sale of R&D equipment, clearance from custom authorities will also be required in view of the applicable notifications under which the equipment was imported/purchased in India.
8. Accelerated depreciation allowance as per Rule 5(2) of Income Tax Rules 1962 will be available on investments on plant & machinery by any industrial unit which has made these investments for the purpose of commercialization of technology/know-how acquired from a SIRO recognition by DSIR.
9. Brief summary of the achievements of the organization shall be submitted to the DSIR every year. This should include details related to papers published, patents obtained and process developed, new products introduced, awards & prizes received, copy of Annual Report and Statement of Accounts of the organization etc. List of equipment, instruments, parts and consumables imported/purchased using the duty exemption should also be submitted to DSIR along with the Annual Report.
10. Any violation of the terms & conditions mentioned-above and / or provisions of taxation in force will make the organization liable to de-recognition.
11. The organization will also conform to such other conditions for recognition stipulated in the Guidelines or as may be specifically provided in the recognition letter.
